## PART I

### ITEM 1 - BUSINESS

#### Overview

IZEA, Inc. (the “Registrant”), through its wholly owned subsidiary, IZEA Innovations, Inc. (“IZEA” and, together with the Registrant, “we”, “our”, “us” or the “Company”) is a leading company in the growing social media sponsorship (SMS) segment of social media, operating multiple marketplaces that include our premier platforms *SocialSpark* and *SponsoredTweets*, as well as our legacy platforms *PayPerPost* and *InPostLinks*. In the last year, we launched a new SMS platform called *Staree* and a display advertising network to use within our platforms called *IZEAMedia*. The practice of SMS is when a company compensates a social media publisher to share sponsored content within their social network. Our premier platforms are the focus of our current business for which we are actively developing new features. We generate our primary revenue through the sale of SMS to our advertisers. We fulfill the SMS transaction through our marketplace platforms by connecting our social media publishers such as bloggers, tweeters and mobile application users with our advertisers. We also generate revenue from the posting of targeted display advertising and from various service fees.

Our platforms take the concepts of product placement and endorsements commonly found in movies, television and radio and apply them to the social web. We democratize the brand sponsorship process, allowing everyone from college students and stay at home moms to celebrities an opportunity to monetize their content, creativity and influence in social media.

We believe that we pioneered the concept of a marketplace for SMS in 2006 with the launch of *PayPerPost* and have focused on the scalable monetization of social media ever since. We compensate bloggers, tweeters and mobile promoters (our social media publisher-partners) to share information about companies, products, websites and events within their social media content streams. Advertisers benefit from buzz, traffic, awareness and sales. Social media publishers earn cash, points and product samples.

Each platform we operate is designed to facilitate SMS transactions in a way that is natural to its specific media format. Advertisers can utilize a single platform to fill a specific need or combine platforms with each other to execute an integrated social media campaign. All of our platforms can be activated and used in a self-serve fashion or with the assistance of our account management team.

#### Our Platforms

Below is an overview of our platforms:

***SocialSpark*** is our premier blog marketing platform. Through *SocialSpark*, we provide robust targeting and detailed analytics to advertisers. The site allows advertisers to develop large lists of high-quality blogs based on various criteria, such as relevancy, traffic and demographic data. The platform also enables advertisers to create targeted, large-scale social media campaigns with the click of a button and to observe campaign results in real time. *SocialSpark* is also used by larger brands interested in engaging in conversations with their consumer bases. *SocialSpark* goes beyond manual outreach services conducted by public relations agencies, such as Porter Novelli, Edelman and Ketchum, by offering an automated, scalable marketplace that aggregates opportunities for bloggers and provides a single source for advertisers to review work, compensation and analytics.

***SponsoredTweets*** is an online marketplace that allows consumers to connect directly with advertisers to engage in sponsored conversations through Twitter. Marketers pay for Twitter advertising campaigns on either a cost per tweet (CPT) or cost per click (CPC) basis. *SponsoredTweets* allows advertisers to hand-pick individual tweeters, including celebrities, to participate in Twitter advertising campaigns. We believe this platform is unique in that it offers a marketplace for tweeters with varying levels of social influence, unlike Adly's, which focuses solely on celebrity endorsements.

***Staree*** is a mobile platform designed to help online influencers monetize their personal social multimedia content, such as status updates, photos and videos through SMS and display advertising. *Staree* users can earn money by sharing in a portion of the revenue earned by targeted display advertising placed on their *Staree* profile pages. This platform was released on a limited basis to a limited number of users in December 2011 and was made available to the public in May 2012.

***PayPerPost* and *InPostLinks*** are online marketplaces designed to facilitate search engine optimization efforts and allow advertisers to connect directly with bloggers to develop relevant blog post content and place text link advertising within

blog posts. Both systems allow advertisers to compensate bloggers with cash in exchange for content and links back to websites. These platforms are similar to eBay for content generation and text link advertising in that they connect a buyer with our publishers (a seller) at an agreed upon price.

A summary of our main platforms follows:

We streamline the process of completing SMS through our proprietary technology, creating efficiencies and economies of scale for both advertisers and publishers. We utilize a common design methodology in each platform, which we have honed over our six years of operation. Each platform provides advertisers with access to a large network of publishers, workflow management, content control, payment processing, performance tracking and integrated Federal Trade Commission ("FTC") legal compliance. In particular, the integrated FTC compliance framework requires publishers to provide disclosure to their readers with respect to the sponsored nature of the content and allows advertisers to review the content for FTC compliance.

We also perform account management services for our advertisers to manage their advertising campaigns. This includes working with advertisers to optimize the advertising offer that is presented to publishers that will give publishers clear instructions on what is required to fill the advertiser's opportunity, identifying and sourcing the publishers that are the best fit for the opportunity, managing the offer and acceptance process with the publishers, verifying that the publishers' content, once submitted, meets the requirements of the opportunity and managing the overall campaign to meet the goals of the advertiser. Account managers also provide clients with weekly updates on their campaign that include campaign metrics and all postings they purchased throughout the campaign. Additionally, they put together full campaign recaps at the end of the campaign and work with the advertisers on plans for any follow-up campaign after the initial campaign has ended.

In all platforms, advertisers, or our account management staff, acting on the advertisers' behalf as part of the account management services we provide to advertisers for a fee, have the ability to review the publishers' content to verify whether or not it conforms to the requirements of the advertising opportunity. Our SocialSpark and SponsoredTweets platforms provide for the ability to review publishers' content prior to publishing, and all the other platforms provide for a review after the content is published. If the content does not conform, the publisher is requested to make any necessary adjustments. If the publisher refuses, the advertising opportunity is deemed to have been withdrawn. Neither the advertiser nor our account management staff modifies publishers' content without the publishers' involvement and consent.

The value proposition we offer to both advertisers and social media publishers strengthens our position as a trusted partner and allows us to derive revenue from both customer bases. As more brand advertisers utilize our marketplaces, we increase the breadth and depth of monetization opportunities for publishers, attracting more publishers and further enhancing the value of our service advertisers.

We have more than 94,000 registered advertisers in over 135 different countries and territories, of which approximately 7,000 and 5,800 advertisers created an SMS opportunity during 2011 and 2012, respectively. Advertisers that have used our services include top brands such as Coca-Cola, AT&T, Microsoft, Kraft, Kia, Unilever, Lenovo, Walmart, LG,

Audi, Hilton, Walgreens, Hershey and Sony. We have over 769,000 registered social media publishers in over 175 different countries and territories, of which approximately 80,000 and 77,000 publishers performed an SMS transaction during 2011 and 2012, respectively, including high-profile celebrities such as Kim Kardashian, Diddy, Tia Mowery, Mario Lopez, Daddy Yankee, Michael Ian Black and Apollo Ohno.

Our total number of registered publishers may be higher than the number of our actual individual publishers because some publishers have multiple registrations, other publishers may have died or become incapacitated and others may have registered under fictitious names. Our publishers currently publish sponsored content to blogs, Twitter, Facebook and Pinterest and reach other existing platforms such as Tumblr, LinkedIn, Google and Bing through syndication of that content.

To date, we have completed over 3.2 million SMS transactions for customers ranging from small local businesses to Fortune 500 companies. We consider each individual sponsored blog post, tweet, action or other status update as an individual transaction so long as the publisher of that content is being compensated for such post, tweet or other status update.

## **Industry Background and Trends**

Despite the inherently conversational nature of social media, many brand budgets are currently allocated towards display advertising (banner ads and text links) on social sites. While most advertisers understand the value of word of mouth marketing, peer recommendations and product reviews, few understand how to efficiently engage social media users for these purposes. Those who effectively attempt an approach are quickly limited by the amount of effort required to effectively manage and measure a truly integrated campaign.

The SMS space has been limited primarily by the current inefficiencies of the market. The social media publisher and advertiser universe is large and highly fragmented among topic, quality and platform. Despite the size of this market, most advertisers and social media publishers lack an efficient way to identify and engage each other. Instead, we believe brands have been forced to utilize a variety of highly inefficient sources and processes to navigate the complicated landscape of SMS, often resulting in low returns on their time investment or worse-yet, questionable results.

At the same time, social media publishers that would like to monetize their community are faced with significant challenges in finding quality advertisers who are motivated to sponsor them and making advertisers aware of their blog, twitter or Facebook profile. In addition, smaller publishers simply lack the individual influence and audience needed to warrant the processing of a micro-transaction. In many cases, it costs an advertiser more money to issue a check to a small publisher than the value of the sponsorship payment itself.

Further complicating the SMS process for both parties are FTC regulations around social media endorsements, IRS tax reporting generally applicable to anyone receiving income for services, and the associated campaign tracking required to provide compliance. While many advertisers would prefer to be “part of the conversation,” based on our experience operating in this market, we believe the complexity and cost of individual SMS often deters them from doing so.

We believe that the current state of SMS represents a significant corporate opportunity for us. We address these common problems with targeted, scalable marketplaces that aggregate social media publishers and advertisers. We offer an efficient, innovative way for publishers and advertisers of all sizes to find each other and complete a sponsorship transaction.

## **Our Strengths**

Since our inception in 2006, we have worked diligently to establish and leverage key strengths in our business model, including:

***A culture of innovation and creativity.*** We believe the only way to survive and thrive in our rapidly changing world is to change ahead of it. We are in a state of constant evolution and re-invention; this is “The IZEA Way.” We have created a culture committed to innovation and creativity that challenges convention and breaks new ground. IZEA team members are protective and proud of our culture by applying its “humble, yet hungry” attitude to all facets of our business. Our people and their innovations ultimately provide us with our largest competitive advantage.

***First-mover advantage with a highly disruptive business model.*** We believe that by pioneering the SMS space and investing heavily in innovation and marketing, we were first to develop positive rapport among publishers and brand marketers alike. This loyalty has resulted in consistent growth of underlying revenue and gross profit margin, as well as increased participation levels across the business.

**Powerful network effect.** As more brand marketers contribute opportunities into our marketplaces, we believe we will increase the breadth and depth of the monetization value offered to our social media publisher-partners, attracting more publishers and thereby enhancing the value of our platforms to future brand clients. Our premium platforms have referral programs designed to further enhance the network effect for each publisher we sign up. Directly trackable publisher referrals represent approximately 45% and 49% of new Twitter publisher sign-ups in 2011 and 2012, respectively. Directly trackable publisher referrals are new publisher signups that we receive as the result of a current publisher sharing a unique tracking link to one of our platforms. The link allows us to determine how a new publisher learned about our platform. The referral program in SocialSpark.com has accounted for 36% and 32% of all new blog publisher sign-ups in 2011 and 2012, respectively. We paid referral fees to publishers approximating \$39,000 and \$42,000 in the years ended December 31, 2011 and 2012, respectively.] These programs amplify our marketing spending and decrease the investment required to attract new publishers.

**Scalable and leverageable operations.** Our unique business model allows revenue to be derived in a variety of ways, all of which rely on our marketplace approach as a hub. We have replicated this business model across multiple new product offerings without substantially increasing our operations and support expense. Moving forward, our goal is to maintain scalable growth through new offerings in the burgeoning social-mobile category.

## **Our Growth Strategy**

After six years of development, we believe our premier platforms are market-tested and ready for growth. Our development efforts have included assembling an industry-experienced senior management team, launching and optimizing our online marketplaces, developing a cross-platform sales force and refining our message to the market. Key elements of our strategy to accelerate revenue growth and continue product development include:

**Bolster our sales force and location.** We expect growth of our client development team to be the primary driver of near term revenues. We intend to add additional sales personnel who receive a commission for meeting sales targets to more effectively service clients throughout the United States and the world. Experienced senior team members are expected to cultivate deep relationships with agencies and brands in key advertising markets such as New York City, Los Angeles, Chicago and Dallas. We intend to add inside sales personnel to our Orlando headquarters to service smaller-size clients over the telephone and Internet. In addition to our expanded presence domestically, we entered into a reseller agreement with IZEA UK, Ltd. in January 2013 to target the Western European market.

**Develop strategic partnerships.** Establishing strategic partnerships with companies that can provide additional growth in our base of publishers and brand advertisers. In August 2011, we announced an exclusive alliance with India's UTV to create new monetization opportunities for the estimated 12 million Twitter users in India. Under the terms of the UTV agreement, we and UTV have agreed to collaborate on an exclusive basis to develop a co-branded *SponsoredTweets* service for India pursuant to which we are responsible for operating the co-branded service and UTV is responsible for promoting the co-branded service.

**Continue emphasis on product innovation.** Recruiting additional engineering and product development team members to enhance our various marketplaces while developing new technology platforms that complement our mission as a company.

**Seek complementary acquisitions.** Identifying and acquiring companies, technologies and assets to add to our portfolio of software services and drive additional near and long-term revenue. In July 2011, we acquired Germany's Magpie Twitter advertising network that included approximately 12,000 advertisers and 20,000 Twitter publishers in 143 countries. In December 2012, we acquired FeaturedUsers, one of the first advertising networks specifically designed to help Twitter users grow their followers. The FeaturedUsers network has served more than 3,500 advertisers including the American Cancer Society, Hootsuite and Radiano.

## **Customers**

We have over 769,000 registered social media publishers in over 175 different countries and territories, of which approximately 80,000 and 77,000 publishers performed an SMS transaction during 2011 and 2012, respectively, including high-profile celebrities such as Kim Kardashian, Diddy, Tia Mowery, Mario Lopez, Daddy Yankee, Michael Ian Black and Apollo Ohno.

Our total number of registered publishers may be higher than the number of our actual individual publishers because some publishers have multiple registrations, other publishers may have died or become incapacitated and others may have registered under fictitious names. Our publishers currently publish sponsored content to blogs, Twitter, Facebook and Pinterest and reach other existing platforms such as Tumblr, LinkedIn, Google and Bing through syndication of that content.

We have more than 94,000 registered advertisers in over 135 different countries and territories, of which approximately 7,000 and 5,800 advertisers created an SMS opportunity during 2011 and 2012, respectively. Advertisers that have used our services include top brands such as Coca-Cola, AT&T, Microsoft, Kraft, Kia, Unilever, Lenovo, Walmart, LG, Audi, Hilton, Walgreens, Hershey and Sony. We typically enter into a master agreement, which incorporates the online terms of service of the specified IZEA website, with each of our advertiser customers. Under the master agreement, the advertiser may submit one or more insertion orders pursuant to which such advertiser provides advertising submissions relating to its website, product or service for posting through the specified IZEA website or service. The master agreement is terminable by us or our customers upon 30 days prior written notice or immediately if a material breach has occurred and is not promptly cured. Each party indemnifies the other with regard to various representations made by such party, including the advertiser's representations that its content does not violate any law, or infringe any intellectual property right of another, is not false or deceptive, or defamatory or libelous, and is free of viruses and other computer programming that could damage any system data or personal information, and that it is not engaging in spamming. Fees under the master agreement are payable within 30 days after the date of our invoice in accordance with the terms agreed to in the applicable insertion order. The master agreement additionally provides for standard service disclaimers and limitations of liability for our benefit, as well as a reciprocal confidentiality provision. We also enter into browsewrap and clickwrap agreements with "self service customers" who agree to the terms of service available on the applicable IZEA website and do not separately enter into a master agreement with us.

We provide services to customers in multiple industry segments, including consumer products, retail/eTail, technology and travel. Our customers are predominantly located in the United States followed by the United Kingdom, Canada, Europe, Russia and over 150 other countries. None of our customers accounted for more than 10% of our revenue in the years ended December 31, 2011 and 2012. At December 31, 2012, two customers accounted for 46% of our total accounts receivable in the aggregate, each of which accounted for more than 10% of our accounts receivable. At December 31, 2011, we had two different customers which accounted for 27% of our total accounts receivable in the aggregate.

Our business serves advertising and public relations agencies, as well as brands and businesses directly. Below are our top customers in each category based on 2012 booked business:

<b>Agencies Representing Brands</b>	<b>Brands Direct</b>
Golin Harris	Lenovo
Initiative	The Quaker Oats Company

## Sales and Marketing

We primarily sell SMS through our self-service platforms, directly through our sales team and, to a lesser extent, by utilizing distribution relationships such as resellers, affiliates and white label partners. We target local, national and global brands and advertising agencies in the following ways:

**Self-Service Platforms.** Each of our platforms has been developed as a self-service platform to enable advertisers and agencies of all sizes to independently access the IZEA network of social media publishers and implement their own SMS. Self-service customers extend our global reach.

**Client Development Team.** We have developed a client development organization of team members who are each assigned a geographic region or specific brands, primarily within the United States. This team is responsible for identifying and managing sales opportunities in their respective target areas.

**Resellers and Distribution Partners.** We have developed a group of independent resellers and distribution partners which are responsible for selling one or more of our platforms under an independent contractor relationship. We maintain two types of reseller relationships -local resellers and distribution partners. Local resellers focus their efforts on distributing to small businesses in local communities throughout the United States. Our distribution partners are complementary relationships that may involve cross-selling activities.

**Affiliates.** Two of our platforms, *SocialSpark* and *SponsoredTweets* contain self-service affiliate programs designed to compensate social media publishers for referring other publishers to join these platforms. In these programs, we incur the cost to pay a referral fee to the referrer equal to 10% of the referee's earnings for a two year period. To date, this has proven to be an efficient method of attracting new social media publishers into our publisher network.

**White Label Partners.** The *SocialSpark* and *SponsoredTweets* platforms have also been developed to support white label partners. These partners can operate their own branded or co-branded version of either of these platforms, enabling them to develop their own sales efforts, implement SMS initiatives and tap into our publisher network on a revenue-sharing basis. Currently, Valassis is operating a white label version of *SponsoredTweets* under its Red Plum Tweets brand and UTV operates a co-branded version of *SponsoredTweets*.

We focus our corporate marketing efforts on increasing brand awareness, communicating each of our platform advantages, generating qualified leads for our sales team and growing our social media publisher network. Our corporate marketing plan is designed to continually elevate awareness of our brand and generate demand for SMS. We rely on a number of channels in this area, including tradeshow, third party social media platforms (e.g., Facebook and Twitter), IZEA hosted community events, paid searches, public relations and our website.

We use a variety of methods to promote and market *Staree*, our new social mobile application that allows users to permit (or restrict) the sale of their posted photos and videos to media outlets. In May 2012, we entered into celebrity spokesperson agreements with television personality Mario Lopez and actors/musicians Logan Henderson and Kendall Schmidt from the band Big Time Rush, pursuant to which they provide us with various endorsement services related to the promotion of *Staree*.

Under these agreements, the celebrities will use *Staree* as their exclusive social media application in connection with photo and video monetization. They have agreed to provide videos of varying length introducing *Staree* to the public, as well as ongoing testimonials on their experiences with *Staree*. The celebrities have also agreed to post personal pictures or videos on a weekly basis during the term of their respective agreements and participate in a media tour for *Staree* during which they may be interviewed by national media outlets. In return for their endorsement services, we compensate the celebrities through up-front cash payments, the issuance of restricted shares of common stock vesting over the term of the services period and reimbursement of expenses for making personal appearances on our behalf. Our celebrity spokesperson agreements generally have one-year terms.

## Revenue Model

We derive the majority of our revenue from advertisers for the use of our network of social media publishers to fulfill advertiser sponsor requests for a blog post, tweet, click, purchase or action (sponsored revenue). We derive the remaining portion of our revenue from various service fees charged to advertisers and publishers (service fee revenue) and from the posting of targeted display advertising (media revenue).

Advertisers can utilize a single platform to fill a specific need or combine platforms with each other to execute an integrated social media campaign. All of our platforms can be activated and used in a self-serve fashion or with the assistance of our account management team. We earn sponsored revenue either on a per blog post, tweet, click, purchase or action basis from opportunities created by advertisers using our platforms or on an advertising campaign basis where we manage the entire campaign for our customers, often using multiple platforms to accomplish a full social media campaign.

The marketplace model of our platforms generates revenue in a manner similar to other online business transaction “matchmaking” services such as Google AdWords and eBay. Typically, for each dollar a marketer or advertiser spends with us for sponsored services, approximately 50% to 80% of it goes to social media publishers. Celebrity publishers typically used in our *SponsoredTweets* marketplace cost more than our average publisher cost of 50% in other marketplaces.

A fulfillment of an advertiser request is considered successful after the requested post, click or action is approved or verified (either by the advertiser, the IZEA platforms automatically or by an IZEA customer service representative, if we are managing the advertiser account) and listed for the requisite period of time, as applicable (i.e. 30 days for a blog and three days for a tweet or other action). Revenue is only recorded upon successful completion of these actions. If the action was not successful, the advertiser's account would not be charged or invoiced. Sponsored revenue accounted for 87% of our total revenue in the years ended December 31, 2011 and 2012.

Service fees charged to advertisers are primarily related to inactivity fees for dormant accounts and fees for additional services outside of sponsored revenue. Service fees charged to publishers include upgrade account fees for obtaining greater visibility to advertisers in advertiser searches in our platforms, early cash out fees if a publisher wishes to take proceeds earned for services from their account when the account balance is below certain minimum balance thresholds and inactivity fees for dormant accounts. We set certain minimum cash out balance thresholds, typically \$50, in order to encourage publisher cooperation that will enable us to better manage the time, Paypal fees and administrative costs that are associated with each cash out by publishers. Once a publisher's account balance exceeds the minimum balance, they can request to be paid without incurring a fee. Service fee revenue accounted for 12% and 6% of our total revenue in the years ended December 31, 2011 and 2012, respectively.

We recently developed an additional revenue stream within our platforms called *IZEAMedia* (media revenue). *IZEAMedia* allows our customers to place targeted display advertising next to sponsored blog content in three of our platforms, *SocialSpark*, *PayPerPost* and *Staree*. Revenue for ad placement is received from the advertiser and shared (typically 50%) with the publisher who places the ad within their blog. Targeted display advertising is the ability to segment audiences individually by demographic, behavioral, contextual, or geographic means to display the most relevant advertisement to the segment. This display advertising is designed to complement a social media sponsorship campaign on our platforms. Launched in November 2011, *IZEAMedia* currently delivers approximately 50 million advertising displays per month. *IZEAMedia* revenue accounted for 1% and 7% of our total revenue in the years ended December 31, 2011 and 2012, respectively.

We were able to achieve gross margins on all our products of approximately 55% and 57% for the years ended December 31, 2011 and 2012, respectively. We are constantly reviewing methods to further increase margins through technology advancements, rebalancing our revenue mix to focus on new releases and entering new high-margin social media markets.

## **Technology**

Our solutions span from blogs to status updates to mobile applications. We aggregate social media publishers into online marketplaces creating scale and targeting. We provide the ability to target publishers based on software rules. We provide self-service platforms that service all business types and sizes. Advertisers can choose the model that best fits their marketing objective: cost per post (CPP) for buzz, cost per click (CPC) for traffic, or cost per action (CPA) for sales. Unlike traditional public relations, advertisers only pay for completed posts, clicks or individual actions as determined by the advertiser. We provide trackable results by automatically embedding tracking links and pixels, as well as support, for third-party tracking (such as DART). We also provide dashboards for real-time reporting, providing immediate feedback. We have the ability to seed thousands of conversations overnight, with room to grow.

## **Product Development**

Our product development team is responsible for platform and infrastructure development, application development, user interface and application design, enterprise connectivity, Internet applications and design, quality assurance, documentation and release management. One of our premier strengths is our knowledge and experience launching and

operating scalable social media marketplaces. Our product development expenses, consisting primarily of salaries paid to development personnel and included in general and administrative expenses, were \$886,000 and \$974,000 for the years ended December 31, 2011 and 2012, respectively.

## **Competition**

We face competition from multiple companies in the SMS industry. Direct and indirect competitors in the SMS space include Facebook, Glam Media, Federated Media, BlogHer, Ad.ly, Mom Central, WhoSay, Foursquare and Groupon. In addition, there are a number of agencies, public relations firms and niche consultancies that provide social media programs and conduct blogger outreach programs.

Competition for advertising placements among current and future suppliers of Internet navigational and informational services, high traffic websites and SMS providers, as well as competition with other media for advertising placements, could result in significant price competition, declining margins and reductions in advertising revenue. In addition, as we continue our efforts to expand the scope of our services, we may compete with a greater number of other media companies across an increasing range of different services, including in vertical markets where competitors may have advantages in expertise, brand recognition and other areas. If existing or future competitors develop or offer products or services that provide significant performance, price, creative or other advantages over those offered by us, our business, prospects, results of operations and financial condition could be negatively affected. We also compete with traditional advertising media, such as direct mail, television, radio, cable and print for a share of advertisers' total advertising budgets. Many current and potential competitors enjoy competitive advantages over us, such as longer operating histories, greater name recognition, larger customer bases, greater access to advertising space on high-traffic websites, and significantly greater financial, technical, sales and marketing resources. As a result, we may not be able to compete successfully. If we fail to compete successfully, we could lose customers or advertising inventory and our revenue and results of operations could decline.

## **Proprietary Rights**

Proprietary rights are important to our success and our competitive position. To protect our proprietary rights, we rely on copyright, service marks and trade secret laws, confidentiality procedures and contractual provisions.

We do not have patents on any of our technology and we have not filed any patent applications to date because we have determined that the costs of patent prosecution outweigh the benefits given the alternative of reliance upon copyright law to protect our computer code and other proprietary technology and properties. We have registered eight service marks to date, including "IZEA," "SocialSpark," "We Reward," "PayPerPost," "InPostLinks," "Blogger's Choice Awards," "Get Everyone Talking" and "Postie," and have applied for several other registrations including "Staree," "Blogroll" and "SponsoredPics," in the United States and intend to seek to register additional service marks as appropriate. There can be no assurance that we will be successful in obtaining the service marks for which we have applied. Even if these applications are approved, the marks may be successfully challenged by others or invalidated. If the applications are not approved because third parties own the service marks, the use of the marks will be restricted unless we enter into arrangements with the third parties which may be unavailable on commercially reasonable terms. We also own more than 700 domain names.

We cannot assure you that any of our proprietary rights with respect to our products or services will be viable or have value in the future since the validity, enforceability and type of protection of proprietary rights in Internet-related industries are uncertain and still evolving.

Despite our efforts to protect our proprietary rights, unauthorized parties may attempt to copy aspects of our products or to obtain and use information that we regard as proprietary. Policing unauthorized use of our products is difficult, and while we are unable to determine the extent to which piracy of our software products exists, software piracy can be expected to be a persistent problem. In addition, the laws of some foreign countries do not protect proprietary rights to as great an extent as do the laws of the United States, and effective copyright, trademark and trade secret protection may not be available in those jurisdictions. Our means of protecting our proprietary rights may not be adequate to protect us from the infringement or misappropriation of such rights by others.

In recent years, there has been significant litigation in the United States involving patents and other intellectual property rights, particularly in the software and Internet-related industries. We could become subject to intellectual property infringement claims as the number of our competitors grows and our products and services overlap with competitive offerings. These claims, even if not meritorious, could be expensive to defend and could divert management's attention from operating our company. If we become liable to third parties for infringing their intellectual property rights, we could be required to pay a substantial award of damages and to develop non-infringing technology, obtain a license or cease selling the products that

contain the infringing intellectual property. We may be unable to develop non-infringing technology or obtain a license on commercially reasonable terms, if at all.

## **Government Regulation**

We are subject to a number of foreign and domestic laws and regulations that affect companies conducting business on the Internet, many of which are still evolving and could be interpreted in ways that could harm our business. In the United States and abroad, laws relating to the liability of providers of online services for activities of their users and other third parties are currently being tested by a number of claims. These regulations and laws may involve taxation, tariffs, publisher privacy, data protection, content, copyrights, distribution, electronic contracts and other communications, consumer protection, the provision of online payment services and the characteristics and quality of services. It is not entirely clear how existing laws which govern issues such as property ownership, taxation, export or import matters and personal privacy apply to the Internet, as the vast majority of these laws were adopted prior to the advent of the Internet and do not contemplate or address the unique issues raised by the Internet or e-commerce. In addition, it is possible that governments of one or more countries may seek to censor content available on our platforms or may even attempt to completely block access to our platforms. Accordingly, adverse legal or regulatory developments could substantially harm our business.

Many states have passed laws requiring notification to subscribers when there is a security breach of personally identifiable data. There are also a number of legislative proposals pending before the U.S. Congress, various state legislative bodies and foreign governments concerning data protection. In addition, data protection laws in Europe and other jurisdictions outside the United States can be more restrictive than those within the United States, and the interpretation and application of these laws are still uncertain and in flux. It is possible that these laws may be interpreted and applied in a manner that is inconsistent with our data practices. If so, in addition to the possibility of fines, this could result in an order requiring that we change and/or abandon certain of our then-existing data practices, which could have an adverse effect on our business. Furthermore, the Digital Millennium Copyright Act has provisions that limit, but do not necessarily eliminate, our liability for linking to third-party websites that contain materials which infringe copyrights or other intellectual property rights of third parties, so long as we comply with the statutory requirements of this act. Complying with these various laws could cause us to incur substantial costs or require us to change our business practices in a manner adverse to our business.

We, and the advertisers and publishers that use our platforms, are subject to Federal Trade Commission ("FTC") and various state rules and regulations on advertising and marketing on the Internet, including the FTC's *Dot Com Disclosures - Information about Online Advertising* and its Guides Concerning the Use of Endorsements and Testimonials in Advertising (known as the Guides) that were updated and reissued by the FTC in 2013. Each of the foregoing are sub-categories that have been taken up by the FTC under the *FTC Act* to prevent "unfair or deceptive acts and practices" within advertising. These new Guides, for example, significantly extend the scope of potential liability associated with the use of testimonials and endorsements, including injecting endorsement requirements into new advertising methods such as blogging. In particular, the Guides provide that bloggers must always disclose the consideration they receive for blogging about a particular product, service, brand or the like, whether the consideration comprises something tangible (i.e., cash, objects that are provided to them at no cost, even for testing purposes) or intangible such as accolades and more prominent future blogging opportunities. In the event a publisher, blogger or advertiser should fail to comply with the Dot Com Disclosures, the Guides or any other FTC rule, regulation or policy, which may be manifest by making deceptive, misleading or unsubstantiated claims and representations, failing to disclose a sponsorship relationship or otherwise, then various parties related to the advertising campaign (including the service provider of the platform over which the campaign is managed) may be subject to liability as a result of such non-compliance. The Guides further provide that in order to limit its potential liability, the advertiser should ensure that its bloggers are provided guidance and training needed to ensure their claims, statements and representations are truthful, transparent and properly substantiated. Our failure to comply with both FTC and state advertising rules may result in the potential imposition of penalties that could include monetary damages and an order to cease our operations.

In certain cases, we are retained by advertisers to manage their advertising campaigns through our platforms, thereby increasing our exposure as not only the service provider but also the medium through which advertisements are broadcast. More generally, if there is negative consumer perception and mistrust of the practice of undisclosed compensation to bloggers and publishers to endorse the advertisers' specific products, then this could result in a reduction by advertisers in the use of social media marketing platforms like ours as a means for advertising which could have a material adverse effect on our business and financial results.

We comply with the 1995 European Union Data Protection Directive with regard to data we collect from users located in the European Union. We do not transfer data collected from users located in the European Union outside of the European Union without first obtaining their express consent. We are currently monitoring potential changes to the 1995 European Union

Data Protection Directive to ensure that we are compliant with relevant requirements when and to the extent they are implemented.

As a governing member of a leading marketing and advertising industry association, the Word of Mouth Marketing Association (WOMMA), we are committed to promoting ethical SMS practices and have established codes of ethics for our platforms which include one or more of the following:

**Mandatory Disclosure.** We mandate disclosure of the sponsored relationship between the advertiser and publisher. In the case of *SponsoredTweets* and *SocialSpark* a sponsorship cannot be published through the applicable IZEA platform unless a phrase or paragraph disclosing the sponsored relationship is included. For example, in *SponsoredTweets*, a publisher is required to select one of a number of disclosure phrases such as “sponsored,” “advertisement” or “ad” prior to the publication of the tweet. Additionally, each *SocialSpark* campaign includes a Disclosure Audit tool for advertisers that provides them with a report that monitors posts on an ongoing basis to make sure that posts continue to include disclosure after the initial posts are approved. In the case of *PayPerPost* and *InPostLinks*, publications are made outside of the platform, thus monitoring such posts are considerably more difficult, but users of these services are similarly required to adhere to our terms of service and code of ethics applicable to them, or risk being terminated. However, as is the case with *SponsoredTweets* and *SocialSpark*, failure to disclose the sponsored relationship is a violation of our terms of service, which may result in the withholding of payment for the sponsorship, and the publisher being removed from our network.

**Freedom of Choice.** Publishers are free to choose which sponsorships to publish. Our platforms never auto-inject an advertiser's message into a publisher's social media network.

**Authentic Voice.** We encourage honesty of opinion in the selection of sponsorships by a publisher and similarly we encourage advertisers to create opportunities that allow the publisher to write the sponsorship in their own words, provided that a publisher always adheres to our terms of service and code of ethics which includes disclosing their sponsored relationships at all times while using any of the platforms.

**Transparency of Identity.** Our platforms are designed to be open, safe environment for our advertisers, publishers and users. In fact, we do not cloak the identities of advertisers or publishers. Both parties involved in a potential transaction can see each other's profiles and make informed decisions before engaging with each other.

**Pre-Publication Advertiser Review.** In the case of *SponsoredTweets* and *SocialSpark*, advertisers have the ability to review their sponsored content before it is published and to request a change to the sponsored content prior to publication in the case of factual inaccuracies.

**Reporting Violations.** We have zero tolerance for violation of our code of ethics and encourage the reporting of violations through a special page on our websites dedicated to reporting violations. If violations are reported, they are promptly investigated by us and in appropriate cases, advertisers, publishers and users are removed from our network and prohibited from using our sites. In addition, we take an active role in reporting spam accounts to Twitter and Facebook.

In addition to the compliance and monitoring programs described above, we have created an FTC Survival Guide for our platform users that is available on our corporate website. We also believe, and have subsequently included requirements within our code of ethics, based on positions taken by certain federal courts and the FTC, that communications and messages disseminated by publishers through social media networks are subject to and must comply at all times with CAN-SPAM Act (Controlling the Assault of Non-Solicited Pornography and Marketing Act) requirements.

To date, we have not been materially impacted by the rules governing messaging over social media networks and SMS, including the CAN-SPAM Act and the Telephone Consumer Protection Act of 1991. However, we cannot predict the impact of future regulations on us, our advertisers or our publishers that use our platforms or the impact of attempts to circumvent our mechanisms that are designed to ensure compliance.

## Employees

As of March 22, 2013, we had a total of 38 full-time employees, including 25 in sales and marketing, 9 in product engineering and 4 in administration and finance. None of our employees are represented by a collective bargaining agreement, nor have we experienced any work stoppage. We consider our relations with our employees to be good. Our future success depends on our continuing ability to attract and retain highly qualified engineers, graphic designers, computer scientists, sales and marketing and senior management personnel.

## **Available Information**

Our executive offices are located at 1000 Legion Place, Suite 1600, Orlando, FL 32801 and our telephone number is (407) 674-6911. We maintain a corporate website at <http://www.izea.com>. We provide free access to various reports that we file with or furnish to the United States Securities and Exchange Commission through our website, as soon as reasonably practicable after they have been filed or furnished. These reports include, but are not limited to, our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and any amendments to those reports. Our SEC reports can be accessed through the investors section of our website, or through <http://www.sec.gov>. Information on our website does not constitute part of this annual report on Form 10-K or any other report we file or furnish with the SEC.

## ITEM 1A – RISK FACTORS

*There are numerous and varied risks, known and unknown, that may prevent us from achieving our goals. If any of these risks actually occur, our business, financial condition or results of operation may be materially adversely affected. In such case, the trading price of our common stock could decline and investors could lose all or part of their investment.*

### **Risks Related to our Business**

***We have a history of losses, expect future losses and cannot assure you that we will achieve profitability or obtain the financing necessary for future growth.***

We have incurred significant net losses and negative cash flow from operations since our inception. We incurred net losses of \$4,672,638 and \$3,978,592 for the years ended December 31, 2012 and 2011, respectively, and had an accumulated deficit of \$22,803,422 as of December 31, 2012. Although our revenue has increased since inception, we have not achieved profitability and cannot be certain that we will be able to sustain these growth rates or realize sufficient revenue to achieve profitability. Our ability to continue as a going concern is dependent upon raising capital from financing transactions, increasing revenue and keeping operating expenses at less than 50% of our revenue levels in order to achieve positive cash flows, none of which can be assured. If we achieve profitability, we may not be able to sustain it.

Revenues generated from our operations are not presently sufficient to sustain our operations. Therefore, we will need to raise additional capital to fund our operations and repay our \$75,000 promissory note through various financing transactions in order to continue our operations. Financing transactions may include the issuance of equity or convertible debt securities, obtaining credit facilities, or other financing alternatives. The volatility and sharp decline in the trading price of our common stock over the past year could make it more difficult to obtain financing through the issuance of equity or convertible debt securities. There can be no assurance that we will be successful in any future financing or that it will be available on terms that are acceptable to us.

Future financings through equity investments are likely to be dilutive to existing stockholders. Also, the terms of securities we may issue in future capital transactions may be more favorable for our new investors. Newly issued securities may include preferences, superior voting rights, the issuance of warrants or other derivative securities, and the issuances of incentive awards under equity employee incentive plans, which may have additional dilutive effects. Further, we may incur substantial costs in pursuing future capital and/or financing, including investment banking fees, legal fees, accounting fees, printing and distribution expenses and other costs. We may also be required to recognize non-cash expenses in connection with certain securities we may issue, such as convertible notes and warrants, which will adversely impact our financial condition. Our ability to obtain needed financing may be impaired by such factors as the capital markets and our history of losses, which could impact the availability or cost of future financings. If the amount of capital we are able to raise from financing activities, together with our revenues from operations, is not sufficient to satisfy our capital needs, we may have to curtail our marketing and development plans and possibly cease operations.

***Our independent registered public accounting firm's report contains an explanatory paragraph that expresses substantial doubt about our ability to continue as a going concern.***

As of December 31, 2012, our total stockholders' deficit was \$1,313,449 and we had a working capital deficit of \$1,334,937. Primarily as a result of our losses and limited cash balances, our independent registered public accounting firm included in their report for the year ended December 31, 2012 an explanatory paragraph expressing substantial doubt about our ability to continue as a going concern. If we are not able to raise sufficient capital to generate positive cash flows that will sustain us for more than one year, our independent registered public accounting firm may be required to continue to include this explanatory paragraph expressing substantial doubt about our ability to continue as a going concern in their future reports. Such language in our independent registered public accounting firm's report could make it more difficult to obtain future financing.

***We have a limited operating history and are subject to the risks encountered by early-stage companies.***

Because we have a limited operating history, we encounter risks and uncertainties frequently experienced by early-stage companies in rapidly evolving markets. For us, these risks include:

- risks associated with our dependence on our platforms and related services, for the majority of our revenues for the foreseeable future;
- risks that our growth strategy may not be successful; and
- risks that fluctuations in our operating results will be significant relative to our revenues.

Our future growth will depend substantially on our ability to address these and the other risks described in this section. If we do not successfully address these risks, our business would be significantly harmed.

***We have experienced rapid growth over a short period in our SMS platforms and we do not know whether this will continue to develop or whether it can be maintained. If we are unable to successfully respond to changes in the market, our business could be harmed.***

Our business has grown rapidly as advertisers and publishers have increasingly used our SMS platforms. However, the SMS industry is relatively new. Given the limited history, it is difficult to predict whether our platforms will continue to grow or whether it can be maintained. We expect that the platforms will evolve in ways which may be difficult to predict. It is possible that advertisers and publishers could broadly determine that they no longer believe in the value of our current platforms. In the event of these or any other changes to the market, our continued success will depend on our ability to successfully adjust our strategy to meet the changing market dynamics. If we are unable to do so, our business, prospects, results of operation and financial condition could be materially harmed.

***The SMS landscape is subject to numerous changes that could cause our revenue to decline.***

Our business model may not continue to be effective in the future for a number of reasons, including the following:

- SMS is, by its nature, limited in content relative to other media;
- companies may be reluctant or slow to adopt SMS that replaces, limits or competes with their existing direct marketing efforts;
- companies may prefer other forms of advertising we do not offer, including certain forms of search engine placements;
- companies, such as Facebook and Twitter, may no longer grant us access to their websites in connection with our SMS platforms;
- companies may not utilize SMS due to concerns of “click-fraud” particularly related to search engine placements (“click-fraud” is a form of online fraud when a person or computer program imitates a legitimate user by clicking on an advertisement for the purpose generating a charge per click without having an actual interest in the target of the advertisement’s link); and
- regulatory actions may negatively impact certain business practices that we currently rely on to generate a portion of our revenue and profitability.

If the number of companies that purchase SMS from us does not grow, we may experience difficulty in attracting publishers, and our revenue could decline which would have a material adverse effect on our business, prospects, results of operations and financial condition.

***If we fail to retain our existing publishers, our revenue and business will be harmed.***

We have over 769,000 registered social media publishers in over 175 different countries and territories, of which approximately 80,000 and 77,000 publishers performed an SMS transaction during 2011 and 2012. We must continue to retain and acquire publishers that publish sponsorships through our premier platforms in order to increase revenue and achieve profitability. If publishers do not perceive our products and services to be of high value and quality or if we fail to introduce new and more relevant products and services, we may not be able to acquire or retain publishers. If we are unable to acquire new publishers in numbers sufficient to grow our business, or if publishers cease using our products and services, the revenue we generate may decrease and our operating results will be adversely affected. We believe that many of our new publishers originate from word of mouth and other referrals from existing publishers, and therefore we must ensure that our existing publishers remain loyal to our service in order to continue receiving those referrals. If our efforts to satisfy our existing publishers are not successful, we may not be able to acquire new publishers in sufficient numbers to continue to grow our business or we may be required to incur significantly higher marketing expenses in order to acquire new publishers.

***If we fail to retain existing advertisers or add new advertisers, our revenue and business will be harmed.***

We have more than 94,000 registered advertisers in over 135 different countries and territories, of which approximately 7,000 and 5,800 advertisers created an SMS opportunity during 2011 and 2012, respectively. We depend on our ability to attract and retain advertisers that are prepared to offer products or services on compelling terms through our platforms. We must continue to attract and retain advertisers in order to increase revenue and achieve profitability. If new advertisers do not find our marketing and promotional services effective, or if existing advertisers do not believe that utilizing our platforms provides them with a long-term increase in customers, revenue or profit, they may stop advertising through our platforms. In addition, we may experience attrition in our advertisers in the ordinary course of business resulting from several

factors, including losses to competitors and closures or bankruptcies. If we are unable to attract new advertisers in numbers sufficient to grow our business, or if too many advertisers are unwilling to offer products or services with compelling terms through our platforms or offer favorable payment terms to us, our operating results will be adversely affected.

***Intense competition in our target market could impair our ability to grow and to achieve profitability.***

The market for SMS is highly competitive. We expect this competition to continue to increase, in part because there are no significant barriers to entry to our industry. Increased competition may result in price reductions for advertising space, reduced margins and loss of market share. Our principal competitors include other companies that provide advertisers with Internet advertising solutions and companies that offer pay per click search services.

Competition for advertising placements among current and future suppliers of Internet navigational and informational services, high traffic websites and SMS providers, as well as competition with other media for advertising placements, could result in significant price competition, declining margins and reductions in advertising revenue. In addition, as we continue our efforts to expand the scope of our services, we may compete with a greater number of other media companies across an increasing range of different services, including in vertical markets where competitors may have advantages in expertise, brand recognition and other areas. If existing or future competitors develop or offer products or services that provide significant performance, price, creative or other advantages over those offered by us, our business, prospects, results of operations and financial condition could be negatively affected. We also compete with traditional advertising media, such as direct mail, television, radio, cable and print for a share of advertisers' total advertising budgets. Many current and potential competitors enjoy competitive advantages over us, such as longer operating histories, greater name recognition, larger customer bases, greater access to advertising space on high-traffic websites, and significantly greater financial, technical, sales and marketing resources. As a result, we may not be able to compete successfully. If we fail to compete successfully, we could lose customers or advertising inventory and our revenue and results of operations could decline.

***Our business depends on a strong brand, and if we are not able to maintain and enhance our brand, or if we receive unfavorable media coverage, our ability to expand our base of publishers and advertisers will be impaired and our business and operating results will be harmed.***

We believe that the brand identity that we have developed has significantly contributed to the success of our business. We also believe that maintaining and enhancing the "IZEA" brand is critical to expanding our base of publishers and advertisers. Maintaining and enhancing our brand may require us to make substantial investments and these investments may not be successful. If we fail to promote and maintain the "IZEA" brand, or if we incur excessive expenses in this effort, our business, prospects, operating results and financial condition will be materially and adversely affected. We anticipate that, as our market becomes increasingly competitive, maintaining and enhancing our brand may become increasingly difficult and expensive. Unfavorable publicity or consumer perception of our platforms, applications, practices or service offerings, or the offerings of our advertisers, could adversely affect our reputation, resulting in difficulties in recruiting, decreased revenue and a negative impact on the number of advertisers and the size of our publisher base, the loyalty of our publishers and the number and variety of sponsorships we offer each day. As a result, our business, prospects, results of operation and financial condition could be materially and adversely affected.

***Our total number of publishers may be higher than the number of our actual individual publishers and may not be representative of the number of persons who are active potential customers.***

Our total number of publishers may be higher than the number of our actual individual publishers because some publishers have multiple registrations, other publishers may have died or become incapacitated and others may have registered under fictitious names. Given the challenges inherent in identifying these publishers, we do not have a reliable system to accurately identify the number of actual individual publishers, and thus we rely on the number of total publishers as our measure of the size of our publisher base. In addition, the number of publishers includes the total number of individuals that have completed registration through a specific date, less individuals who have unsubscribed, and should not be considered as representative of the number of persons who continue to actively publish the sponsorships we offer through our platforms.

***We may become subject to government regulation and legal uncertainties that could reduce demand for our products and services or increase the cost of doing business, thereby adversely affecting our financial results.***

We are not currently subject to direct regulation by any domestic or foreign governmental agency, other than regulations applicable to businesses generally and laws or regulations directly applicable to Internet commerce. However, due to the increasing popularity and use of the social media, it is possible that a number of laws and regulations may become applicable to us or may be adopted in the future with respect to the Internet covering issues such as:

- truth-in-advertising;
- user privacy;
- taxation;
- right to access personal data;
- copyrights;
- distribution; and
- characteristics and quality of services.

The applicability of existing laws governing issues such as property ownership, copyrights and other intellectual property, encryption, taxation, libel, export or import matters and personal privacy to social media platforms is uncertain. The vast majority of these laws were adopted prior to the broad commercial use of social media platforms and related technologies. As a result, they do not contemplate or address the unique issues of social media and related technologies. Changes to these laws intended to address these issues, including some recently proposed changes, could create uncertainty in the social media marketplace. Such uncertainty could reduce demand for our services or increase the cost of doing business due to increased costs of litigation or increased service delivery costs.

***Our SMS business is subject to the risks associated with word of mouth advertising and endorsements, such as violations of the “truth-in-advertising,” FTC Guides and other similar regulatory requirements and, more generally, loss of consumer confidence.***

We do not engage in targeted or online behavioral advertising practices, nor do we compile or use information concerning consumer behavior on an individual level, but we may do so from time to time in the aggregate and on an anonymous basis to analyze our services and offerings, and better optimize them for improved business results. As the practice of targeted advertising has become increasingly scrutinized by both regulators and the industry alike, a greater emphasis has been placed on educating consumers about their privacy choices on the Internet, and providing them with the right to opt in or opt out of certain industry practices, such as targeted advertising. The common thread throughout both targeted advertising and the FTC requirements described in detail in Item 1. "Business - Government Regulation" of this annual report on Form 10-K is the increased importance placed on transparency between the advertiser and the consumer -- ensuring that consumers know the difference between “information” and “advertising” on the Internet, and are afforded the opportunity to decide how their data will be used in the manner to which they are marketed. There is a risk regarding negative consumer perception “of the practice of undisclosed compensation of social media users to endorse specific products” which pertains to a risk of overall general public confidence in the FTC's ability to enforce its Guides Concerning the Use of Endorsements and Testimonials in Advertising in social media. As described in the section "Business - Government Regulation," we undertake various measures through controls across our platforms and by monitoring and enforcing our code of ethics to ensure that advertisers and publishers comply with the FTC Guides when utilizing our sites, but if competitors and other companies do not, it could create a negative overall perception for the industry. Not only will readers stop relying on blogs for useful, timely and insightful information that enrich their lives by having access to up-to-the-minute information that often bears different perspectives and philosophies, but a lack of compliance will almost inevitably result in greater governmental oversight and involvement in an already-highly regulated marketplace. If there is pervasive overall negative perception caused by others not complying with FTC Guides among its other acts, regulations and policies, then this could result in reduced revenue and results of operations and higher compliance costs for us.

***New tax treatment of companies engaged in internet commerce may adversely affect the commercial use of our services and our financial results.***

Due to the global nature of social media, it is possible that various states or foreign countries might attempt to regulate our transmissions or levy sales, income or other taxes relating to our activities. Tax authorities at the international, federal, state and local levels are currently reviewing the appropriate treatment of companies engaged in internet commerce. New or revised international, federal, state or local tax regulations may subject us or our publishers to additional sales, income and other taxes. We cannot predict the effect of current attempts to impose sales, income or other taxes on commerce over social media. New or revised taxes and, in particular, sales taxes, VAT and similar taxes would likely increase the cost of doing business online and decrease the attractiveness of advertising and selling goods and services over social media. New taxes could also create significant increases in internal costs necessary to capture data, and collect and remit taxes. Any of these events could have an adverse effect on our business and results of operations.

***Failure to comply with federal, state and international privacy laws and regulations, or the expansion of current or the enactment of new privacy laws or regulations, could adversely affect our business.***

A variety of federal, state and international laws and regulations govern the collection, use, retention, sharing and security of consumer data. The existing privacy-related laws and regulations are evolving and subject to potentially differing interpretations. In addition, various federal, state and foreign legislative and regulatory bodies may expand current or enact new laws regarding privacy matters. For example, recently there have been Congressional hearings and increased attention to the capture and use of location-based information relating to users of smartphones and other mobile devices. We have posted privacy policies and practices concerning the collection, use and disclosure of publisher data on our websites and platforms. Several internet companies have incurred penalties for failing to abide by the representations made in their privacy policies and practices. In addition, several states have adopted legislation that requires businesses to implement and maintain reasonable security procedures and practices to protect sensitive personal information and to provide notice to consumers in the event of a security breach. Any failure, or perceived failure, by us to comply with our posted privacy policies or with any data-related consent orders, FTC requirements or orders or other federal, state or international privacy or consumer protection-related laws, regulations or industry self-regulatory principles could result in claims, proceedings or actions against us by governmental entities or others or other liabilities, which could adversely affect our business. In addition, a failure or perceived failure to comply with industry standards or with our own privacy policies and practices could result in a loss of publishers or advertisers and adversely affect our business. Federal, state and international governmental authorities continue to evaluate the privacy implications inherent in the use of third-party web "cookies" for behavioral advertising. The regulation of these cookies and other current online advertising practices could adversely affect our business.

***Our business depends on our ability to maintain and scale the network infrastructure necessary to operate our platforms and applications, and any significant disruption in service on our platforms and applications could result in a loss of publishers or advertisers.***

Publishers and advertisers access our services through our platforms and applications. Our reputation and ability to acquire, retain and serve our publishers and advertisers are dependent upon the reliable performance of our platforms and applications and the underlying network infrastructure. As our publisher base continues to grow, we will need an increasing amount of network capacity and computing power. We have spent and expect to continue to spend substantial amounts for data centers and equipment and related network infrastructure to handle the traffic on our platforms and applications. The operation of these systems is expensive and complex and could result in operational failures. In the event that our publisher base or the amount of traffic on our platforms and applications grows more quickly than anticipated, we may be required to incur significant additional costs. Interruptions in these systems, whether due to system failures, computer viruses or physical or electronic break-ins, could affect the security or availability of our platforms and applications, and prevent our publishers and advertisers from accessing our services. A substantial portion of our network infrastructure is hosted by third-party providers. Any disruption in these services or any failure of these providers to handle existing or increased traffic could significantly harm our business. Any financial or other difficulties these providers face may adversely affect our business, and we exercise little control over these providers, which increases our vulnerability to problems with the services they provide. If we do not maintain or expand our network infrastructure successfully or if we experience operational failures, we could lose current and potential publishers and advertisers, which could harm our operating results and financial condition.

***If our security measures are breached, or if our services are subject to attacks that degrade or deny the ability of users to access our platforms, our platforms and applications may be perceived as not being secure, advertisers and publishers may curtail or stop using our services, and we may incur significant legal and financial exposure.***

Our platforms and applications and the network infrastructure that is hosted by third-party providers involve the storage and transmission of advertiser and publisher proprietary information, and security breaches could expose us to a risk of loss of this information, litigation, and potential liability. Our security measures may be breached due to the actions of outside parties, employee error, malfeasance, security flaws in the third party hosting service that we rely upon or otherwise, and, as a result, an unauthorized party may obtain access to our data or our advertisers' or publishers' data. Additionally, outside parties may attempt to fraudulently induce employees, advertisers or publishers to disclose sensitive information in order to gain access to our data or our advertisers' or users' data. Although we do have security measures in place, we have had instances where some publisher accounts were hacked and instances where customers have used credit cards fraudulently. While these breaches of our security did not result in material harm to our business, any future breach or unauthorized access could result in significant legal and financial exposure, damage to our reputation, and a loss of confidence in the security of our platforms and applications that could potentially have an adverse effect on our business. Because the techniques used to obtain unauthorized access, disable or degrade service, or sabotage systems change frequently and often are not recognized until launched against a target, we may be unable to anticipate these techniques or to implement adequate preventative measures. If an actual or

perceived breach of our security occurs, the market perception of the effectiveness of our security measures could be harmed and we could lose advertisers and publishers.

***Delays in releasing enhanced versions of our products and services could adversely affect our competitive position.***

As part of our strategy, we expect to periodically release enhanced versions of our premier platforms and related services. Even if our new versions contain the features and functionality our customers want, in the event we are unable to timely introduce these new product releases, our competitive position may be harmed. We cannot assure you that we will be able to successfully complete the development of currently planned or future products in a timely and efficient manner. Due to the complexity of these products, internal quality assurance testing and customer testing of pre-commercial releases may reveal product performance issues or desirable feature enhancements that could lead us to postpone the release of these new versions. In addition, the reallocation of resources associated with any postponement would likely cause delays in the development and release of other future products or enhancements to our currently available products. Any delay in releasing other future products or enhancements of our products could cause our financial results to be adversely impacted.

***If our technology platforms contain defects, we may need to suspend their availability and our business and reputation would be harmed.***

Platforms as complex as ours often contain unknown and undetected errors or performance problems. Many serious defects are frequently found during the period immediately following introduction and initial release of new platforms or enhancements to existing platforms. Although we attempt to resolve all errors that we believe would be considered serious by our customers before making our platforms available to them, our products are not error-free. These errors or performance problems could result in lost revenues or delays in customer acceptance that would be detrimental to our business and reputation. We may not be able to detect and correct errors before releasing our product commercially. We cannot assure you that undetected errors or performance problems in our existing or future products will not be discovered in the future or that known errors, considered minor by us, will not be considered serious by our customers, resulting in a decrease in our revenues.

***We may be subject to lawsuits for information by our advertisers and social media publishers, which may affect our business.***

Laws relating to the liability of providers of online services for activities of their advertisers or of social media publishers (such as bloggers, mobile users and tweeters) and for the content of their advertisers' listings are currently unsettled. It is unclear whether we could be subjected to claims for defamation, negligence, copyright or trademark infringement or claims based on other theories relating to the information we publish on our websites or the information that is published across our platforms. These types of claims have been brought, sometimes successfully, against online services, as well as print publications in the past. We may not successfully avoid civil or criminal liability for unlawful activities carried out by our advertisers or social media publishers. Our potential liability for unlawful activities of our advertisers or social media publishers or for the content of our advertisers' listings could require us to implement measures to reduce our exposure to such liability, which may require us, among other things, to spend substantial resources or to discontinue certain service offerings. Our insurance may not adequately protect us against these types of claims and the defense of such claims may divert the attention of our management from our operations. If we are subjected to such lawsuits, it may adversely affect our business.

***If we fail to detect click-fraud, we could lose the confidence of our advertisers and advertising partners as a result of lost revenue to advertisers or misappropriation of proprietary and confidential information, thereby causing our business to suffer.***

“Click-fraud” is a form of online fraud when a person or computer program imitates a legitimate user by clicking on an advertisement for the purpose generating a charge per click without having an actual interest in the target of the advertisement's link. We are exposed to the risk of fraudulent or illegitimate clicks on our sponsored listings. The security measures we have in place, which are designed to reduce the likelihood of click-fraud, detect click-fraud from time to time. While the instances of click-fraud that we have detected to date have not had a material effect on our business, click-fraud could result in an advertiser experiencing a reduced return on their investment in our advertising programs because the fraudulent clicks will not lead to revenue for the advertisers. As a result, our advertisers and advertising partners may become dissatisfied with our advertising programs, which could lead to loss of advertisers, advertising partners and revenue. In addition, anyone who is able to circumvent our security measures could misappropriate proprietary and confidential information or could cause interruptions in our operations. We may be required to expend significant capital and other resources to protect against such security breaches or to address problems caused by such breaches. Concerns over the security of the Internet and other online transactions and the privacy of users may also deter people from using the Internet to conduct transactions that involve transmitting confidential information.

***If third parties claim that we infringe their intellectual property rights, it may result in costly litigation.***

We cannot assure you that third parties will not claim our current or future products or services infringe their intellectual property rights. Any such claims, with or without merit, could cause costly litigation that could consume significant management time. As the number of product and services offerings in our market increases and functionalities increasingly overlap, companies such as ours may become increasingly subject to infringement claims. Such claims also might require us to enter into royalty or license agreements. If required, we may not be able to obtain such royalty or license agreements, or obtain them on terms acceptable to us.

***We do not rely upon patents to protect our proprietary technology, and our competitors may be able to offer similar products and services which would harm our competitive position.***

Our success depends upon our proprietary technology. We do not have patents on any of our technology and we have not filed any patent applications to date because we have determined that the costs of patent prosecution outweigh the benefits given the alternative of reliance upon copyright law to protect our computer code and other proprietary technology and properties. In addition to copyright laws, we rely upon service mark and trade secret laws, confidentiality procedures and contractual provisions to establish and protect our proprietary rights. As part of our confidentiality procedures, we enter into non-disclosure agreements with our employees and consultants. Despite these precautions, third parties could copy or otherwise obtain and use our technology without authorization, or develop similar technology independently. In addition, effective protection of intellectual property rights is unavailable or limited in certain foreign countries. We cannot assure you that the protection of our proprietary rights will be adequate or that our competitors will not independently develop similar technology, duplicate our products and services or design around any intellectual property rights we hold.

***Our market is subject to rapid technological change and, to compete, we must continually enhance our products and services.***

We must continue to enhance and improve the performance, functionality and reliability of our products and services. The SMS industry is characterized by rapid technological change, changes in user requirements and preferences, frequent new product and services introductions embodying new technologies and the emergence of new industry standards and practices that could render our products and services obsolete. In the past, we have discovered that some of our customers desire additional performance and functionality not currently offered by our products. Our success will depend, in part, on our ability to develop new products and services that address the increasingly sophisticated and varied needs of our customers, and respond to technological advances and emerging industry standards and practices on a cost-effective and timely basis. The development of our technology and other proprietary technology involves significant technical and business risks. We may fail to use new technologies effectively or to adapt our proprietary technology and systems to customer requirements or emerging industry standards. If we are unable to adapt to changing market conditions, customer requirements or emerging industry standards, we may not be able to increase our revenue and expand our business.

***Difficulties we may encounter managing our growth could adversely affect our results of operations.***

We have experienced a period of growth that has placed, and if such growth continues, will continue to place, a strain on our managerial and financial resources. As our business needs expand, we intend to hire new employees. To manage the expected growth of our operations and personnel, we will be required to:

- improve existing, and implement new, operational, financial and management controls, reporting systems and procedures;
- install enhanced management information systems; and
- train, motivate and manage our employees.

We may not be able to install adequate management information and control systems in an efficient and timely manner, and our current or planned personnel, systems, procedures and controls may not be adequate to support our future operations. If we are unable to manage growth effectively, our business would be seriously harmed.

***If we lose key personnel or are unable to attract and retain additional qualified personnel we may not be able to successfully manage our business and achieve our objectives.***

We believe our future success will depend upon our ability to retain our key management, including Edward H. (Ted) Murphy, our President and Chief Executive Officer, Donna L. Mackenzie, our Chief Financial Officer, and Ryan S. Schram, our

Chief Operating Officer. We maintain key-man life insurance for our benefit on the life of Mr. Murphy in the amount of \$1.5 million.

Our future success and our ability to expand our operations will also depend in large part on our ability to attract and retain additional qualified graphic designers, computer scientists, sales and marketing and senior management personnel. Competition for these types of employees is intense due to the limited number of qualified professionals and the high demand for them, particularly in the Orlando, Florida area, where our headquarters are located. We have in the past experienced difficulty in recruiting qualified personnel. Failure to attract, assimilate and retain personnel, including key management, technical, sales and marketing personnel, would have a material adverse effect on our business and potential growth.

***Public company compliance may make it more difficult to attract and retain officers and directors.***

The Sarbanes-Oxley Act and new rules subsequently implemented by the SEC have required changes in corporate governance practices of public companies. As a public company, we expect these new rules and regulations to increase our compliance costs in 2012 and beyond and to make certain activities more time consuming and costly. As a public company, we also expect that these new rules and regulations may make it more difficult and expensive for us to obtain director and officer liability insurance in the future and we may be required to accept reduced policy limits and coverage or incur substantially higher costs to obtain the same or similar coverage. As a result, it may be more difficult and costly for us to attract and retain qualified persons to serve on our board of directors or as executive officers.

***International operations could expose us to additional risks which could harm our business, prospects, results of operation, and financial condition.***

We recently expanded into the European marketplace through our acquisition of a German SMS network, Magpie, and we have entered into a joint venture to provide a co-branded *SponsoredTweets* service in India. While international operations are not significant to our revenues, we plan to further expand internationally. In certain international markets, we may not benefit from any first-to-market advantages or otherwise succeed. In addition to risks described elsewhere in this section, our international operations expose us to additional risks, including the following:

- changes in local political, economic, social, and labor conditions, which may adversely harm our business;
- restrictions on foreign ownership and investments, and stringent foreign exchange controls that might prevent us from repatriating cash earned in countries outside the United States;
- import and export requirements that may prevent us from offering products or providing services to a particular market and may increase our operating costs;
- currency exchange rate fluctuations and our ability to manage these fluctuations through our foreign exchange risk management program;
- longer payment cycles in some countries, increased credit risk, and higher levels of payment fraud;
- uncertainty regarding liability for services and content, including uncertainty as a result of local laws and lack of legal precedent; and
- different employee/employer relationships, existence of workers' councils and labor unions, and other challenges caused by distance, language, and cultural differences, making it harder to do business in certain jurisdictions.

In addition, compliance with complex foreign and U.S. laws and regulations that may apply to international operations increases may increase the cost of doing business in international jurisdictions. These numerous and sometimes conflicting laws and regulations include internal control and disclosure rules, data privacy and filtering requirements, anti-corruption laws, such as the Foreign Corrupt Practices Act, and other local laws prohibiting corrupt payments to governmental officials, and anti-competition regulations, among others. Violations of these laws and regulations could result in fines and penalties, criminal sanctions against us, our officers, or our employees, prohibitions on the conduct of our business and on our ability to offer our products and services in one or more countries, and could also materially affect our brand, our international expansion efforts, our ability to attract and retain employees, our business, and our operating results.

**Risks Relating to our Common Stock**

***Exercise of stock options, warrants and other convertible securities will dilute your percentage of ownership and could cause our stock price to fall.***

As of March 22, 2013, we have outstanding stock options and warrants to purchase 517,382 shares of common stock and preferred stock convertible into 3,788 shares of common stock that could result in our issuing additional shares of common stock. Additionally, we have available shares to issue stock options to purchase up to 10,074,595 shares of common stock

under our May 2011 Equity Incentive Plan and up to 50,000 shares of common stock under our August 2011 Equity Incentive Plan. In the future, we may grant additional stock options, warrants and convertible securities. The exercise, conversion or exchange of stock options, warrants or convertible securities will dilute the percentage ownership of our other stockholders. Sales of a substantial number of shares of our common stock could cause the price of our common stock to fall and could impair our ability to raise capital by selling additional securities.

***Our earnings are subject to substantial quarterly and annual fluctuations and to market downturns.***

Our revenues and earnings may fluctuate significantly in the future. General economic or other political conditions may cause a downturn in the market for our products or services. Despite the recent improvements in market conditions, a future downturn in the market for our products or services could adversely affect our operating results and increase the risk of substantial quarterly and annual fluctuations in our earnings. Our future operating results may be affected by many factors, including, but not limited to: our ability to retain existing or secure anticipated advertisers and publishers; our ability to develop, introduce and market new products and services on a timely basis; changes in the mix of products developed, produced and sold; and disputes with our advertisers and publishers. These factors affecting our future earnings are difficult to forecast and could harm our quarterly and/or annual operating results and the market price of our common stock.

***Our stock price may be volatile.***

The stock market in general, and the stock prices of technology-based companies in particular, have experienced volatility that often has been unrelated to the operating performance of any specific public company. The market price of our common stock is likely to be highly volatile and could fluctuate widely in price in response to various factors, many of which are beyond our control, including the following:

- changes in our industry;
- competitive pricing pressures;
- our ability to obtain working capital financing;
- additions or departures of key personnel;
- limited "public float" in the hands of a small number of persons who sales or lack of sales could result in positive or negative pricing pressure on the market prices of our common stock;
- expiration of any Rule 144 holding periods or registration of unregistered securities issued by us;
- sales of our common stock;
- our ability to execute our business plan;
- operating results that fall below expectations;
- loss of any strategic relationship;
- regulatory developments; and
- economic and other external factors.

In addition, the securities markets have from time to time experienced significant price and volume fluctuations that are unrelated to the operating performance of particular companies. These market fluctuations may also materially and adversely affect the market price of our common stock.

***We have not paid dividends in the past and do not expect to pay dividends in the future. Any return on investment may be limited to the value of our common stock.***

We have never paid cash dividends on our common stock and do not anticipate doing so in the foreseeable future. The payment of dividends on our common stock will depend on earnings, financial condition and other business and economic factors affecting us at such time as our board of directors may consider relevant. If we do not pay dividends, our common stock may be less valuable because a return on your investment will only occur if our stock price appreciates.

***There may be a limited public market for our securities; we presently fail to qualify for listing on any national securities exchanges.***

Our common stock currently does not meet all of the requirements for initial listing on a national securities exchange. Specifically, the bid price of our common stock is less than the minimum bid price required to obtain a listing. Trading in our common stock continues to be conducted in the over-the-counter market. As a result, an investor may find it difficult to dispose of or to obtain accurate quotations as to the market value of our common stock, and our common stock may be less attractive for margin loans, for investment by larger financial institutions, as consideration in possible future acquisition transactions or other purposes.

***Our common stock is currently deemed a “penny stock,” which makes it more difficult for our investors to sell their shares.***

Our common stock is subject to the “penny stock” rules adopted under Section 15(g) of the Exchange Act. The penny stock rules generally apply to companies whose common stock is not listed on the Nasdaq Stock Market or other national securities exchange and trades at less than \$4.00 per share, other than companies that have had average revenue of at least \$6,000,000 for the last three years or that have tangible net worth of at least \$5,000,000 (\$2,000,000 if the company has been operating for three or more years). These rules require, among other things, that brokers who trade penny stock to persons other than “established customers” complete certain documentation, make suitability inquiries of investors and provide investors with certain information concerning trading in the security, including a risk disclosure document and quote information under certain circumstances. Many brokers have decided not to trade penny stocks because of the requirements of the penny stock rules and, as a result, the number of broker-dealers willing to act as market makers in such securities is limited. If we remain subject to the penny stock rules for any significant period, it could have an adverse effect on the market, if any, for our securities. If our securities are subject to the penny stock rules, investors will find it more difficult to dispose of our securities.

***Investor relations activities and supply and demand factors may affect the price of our common stock.***

We expect to utilize various techniques such as non-deal road shows and investor relations campaigns in order to create investor awareness for our business. These campaigns may include personal, video and telephone conferences with investors and prospective investors in which our business practices are described. We may provide compensation to investor relations firms and pay for newsletters, websites, mailings and email campaigns that are produced by third-parties based upon publicly-available information concerning us. We do not intend to review or approve the content of such analysts’ reports or other materials based upon analysts’ own research or methods. Investor relations firms should generally disclose when they are compensated for their efforts, but whether such disclosure is made or complete is not under our control. Our investors may be willing, from time to time, to encourage investor awareness through similar activities. Investor awareness activities may also be suspended or discontinued which may impact the trading market of our common stock.

The SEC and FINRA enforce various statutes and regulations intended to prevent manipulative or deceptive devices in connection with the purchase or sale of any security and carefully scrutinize trading patterns and company news and other communications for false or misleading information, particularly in cases where the hallmarks of “pump and dump” activities may exist, such as rapid share price increases or decreases. We and our shareholders may be subjected to enhanced regulatory scrutiny due to the limited trading markets in which our shares may be offered or sold which have been associated with improper activities concerning penny-stocks, such as the OTC Bulletin Board or the OTCQB marketplace.

The Supreme Court has stated that manipulative action is a term of art connoting intentional or willful conduct designed to deceive or defraud investors by controlling or artificially affecting the price of securities. Often times, manipulation is associated by regulators with forces that upset the supply and demand factors that would normally determine trading prices. Securities regulators have often cited thinly-traded markets, small numbers of holders, and awareness campaigns as components of their claims of price manipulation and other violations of law when combined with manipulative trading, such as wash sales, matched orders or other manipulative trading timed to coincide with false or touting press releases. There can be no assurance that our third-parties’ activities or determinations by purchasers or holders as to when or under what circumstances or at what prices they may be willing to buy or sell stock, will not artificially impact (or would be claimed by regulators to have affected) the normal supply and demand factors that determine the price of stock.

***Until we register a class of our securities under Section 12 of the Securities Exchange Act of 1934, we will be a “voluntary filer.”***

We are not required under Section 13(a) or 15(d) of the Exchange Act to file periodic reports with the SEC. We nevertheless file these reports to ensure that sufficient information about our company is publicly available for our shareholders and investors. Because we are a voluntary filer, we are considered a non-reporting issuer. Detriments of such status include (i) for shareholders, they cannot use the six-month holding period of Rule 144 for restricted securities, but must wait one year before public resales under Rule 144, and (ii) for us, we will not be able to uplist to a national securities exchange (if and when we first satisfy initial eligibility criteria) until we file a Form 8-A with the SEC and are then required to comply with the proxy rules and our officers and directors are required to file ownership reports.

## **ITEM 2 - PROPERTIES**

In December 2012, we moved our corporate headquarters to a new space consisting of approximately 10,000 square feet at 1000 Legion Place, Suite 1600, in Orlando, Florida upon the expiration of our former lease. We entered into a one year sub-lease agreement for these premises with total rent owed of \$85,000 payable in two equal installments.

In July 2011, we entered into three separate agreements to rent satellite sales office space in New York City, Chicago and Los Angeles through short-term rental agreements. The leases for Chicago and Los Angeles expired in 2012 and the lease for New York City is continuing on a month-to-month basis after its initial term of one year ended on July 31, 2012. We are obligated to pay applicable sales taxes and utilities along with the monthly rental payment.

Total rent expense recorded in general and administrative expense in the accompanying statements of operations was approximately \$287,000 and \$329,000 for the years ended December 31, 2011 and 2012, respectively.

## **ITEM 3 – LEGAL PROCEEDINGS**

From time to time, we may become involved in various lawsuits and legal proceedings that arise in the ordinary course of business. Litigation is, however, subject to inherent uncertainties, and an adverse result in these or other matters may arise from time to time that may harm our business.

On October 17, 2012, Blue Calypso, Inc. filed a complaint against us in the U.S. District Court for the Eastern District of Texas accusing us of infringing a patent related to peer-to-peer advertising between mobile communication devices seeking unspecified damages. We made a request that the Texas court transfer the matter to the Middle District of Florida, but no ruling has yet been made on that motion. At this stage, we do not have an estimate of the likelihood or the amount of any potential exposure to it. We believe that there is no merit to this suit and intend to vigorously defend ourselves.

We are currently not aware of any other legal proceedings or claims that we believe would or could have, individually or in the aggregate, a material adverse effect on us.

**PART II****ITEM 5 - MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES****Market Information**

Since May 2012, our common stock has been quoted on the OTCQB marketplace, under the trading symbol IZEA. From June 2011 to April 2012, our common stock was quoted on the OTC Bulletin Board. Prior to June 2011, there was no trading of our common stock. The following table sets forth, for the calendar periods indicated, the range of the high and low closing prices reported for our common stock. The quotations represent inter-dealer prices without retail mark-ups, mark-downs or commissions, and may not necessarily represent actual transactions. The quotations may be rounded for presentation.

Fiscal year ended December 31, 2011	High	Low
Second quarter	\$ 200.00	\$ 100.00
Third quarter	\$ 130.00	\$ 46.00
Fourth quarter	\$ 56.00	\$ 22.04

Fiscal year ended December 31, 2012	High	Low
First quarter	\$ 34.00	\$ 16.80
Second quarter	\$ 25.80	\$ 3.20
Third quarter	\$ 3.60	\$ 0.81
Fourth quarter	\$ 0.82	\$ 0.14

**Holders**

As of March 22, 2013, we had approximately 77 shareholders of record of our common stock. This number does not include beneficial owners whose shares are held in the names of various securities brokers, dealers and registered clearing agencies.

**Dividend Policy**

We have never declared or paid cash dividends on our common stock, and we do not intend to pay any cash dividends on our common stock in the foreseeable future. Rather, we expect to retain future earnings (if any) to fund the operation and expansion of our business and for general corporate purposes.

**Securities Authorized for Issuance under Equity Compensation Plans**

See the section titled "Equity Compensation Plan Information" under Item 12 in Part III of this Form 10-K.

**Recent Sales of Unregistered Securities**

From October 2012 through December 2012, the note holders on our \$550,000 senior secured promissory note converted \$437,850 of note value into 2,069,439 shares of common stock at an average conversion rate of \$.21 per share.

The shares were not registered under the Securities Act or the securities laws of any state, and were offered and sold in reliance on the exemption from registration afforded by Section 4(2) under the Securities Act and corresponding provisions of state securities laws.

## ITEM 7 – MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

### Special Note Regarding Forward-Looking Information

The following discussion and analysis is provided to increase the understanding of, and should be read in conjunction with, our consolidated financial statements and related notes included elsewhere in this Report. Historical results and percentage relationships among any amounts in these financial statements are not necessarily indicative of trends in operating results for any future period. This report contains “forward-looking statements.” The statements, which are not historical facts contained in this report, including this Management’s Discussion and Analysis of Financial Condition and Results of Operations, and notes to our consolidated financial statements, particularly those that utilize terminology such as “may” “will,” “should,” “expects,” “anticipates,” “estimates,” “believes,” or “plans” or comparable terminology are forward-looking statements. Such statements are based on currently available operating, financial and competitive information, and are subject to various risks and uncertainties. Future events and our actual results may differ materially from the results reflected in these forward-looking statements. Factors that might cause such a difference include, but are not limited to, our ability to raise additional funding, our ability to maintain and grow our business, variability of operating results, our ability to maintain and enhance our brand, our expansion and development of new products and services, marketing and other business development initiatives, competition in the industry, general government regulation, economic conditions, dependence on key personnel, the ability to attract, hire and retain personnel who possess the technical skills and experience necessary to meet the service requirements of our clients, our ability to protect our intellectual property, the potential liability with respect to actions taken by our existing and past employees, risks associated with international sales, and other risks described herein and in our other filings with the Securities and Exchange Commission.

The safe harbor for forward-looking statements provided by Section 21E of the Securities Exchange Act of 1934 excludes issuers of “penny stock” (as defined in Rule 3a51-1 under the Securities Exchange Act of 1934). Our common stock currently falls within that definition.

All forward-looking statements in this document are based on information currently available to us as of the date of this report, and we assume no obligation to update any forward-looking statements. Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause the actual results to differ materially from any future results, performance or achievements expressed or implied by such forward-looking statements.

### Company History

IZEA, Inc., formerly known as IZEA Holdings, Inc., and before that Rapid Holdings, Inc., was incorporated in Nevada on March 22, 2010. On May 12, 2011, we completed a share exchange pursuant to which we acquired all of the capital stock of IZEA Innovations, Inc. (“IZEA”), which became our wholly owned subsidiary. IZEA was incorporated in the state of Florida in February 2006 and was later reincorporated in the state of Delaware in September 2006 and changed its name to IZEA, Inc. from PayPerPost, Inc. on November 2, 2007. In connection with the share exchange, we discontinued our former business and continued the SMS business of IZEA as our sole line of business. On November 23, 2011, our name changed from “IZEA Holdings, Inc.” to “IZEA, Inc.” and the name of our subsidiary changed from “IZEA, Inc.” to “IZEA Innovations, Inc.”

The share exchange was accounted for as a reverse merger and recapitalization where IZEA was the acquirer for accounting purposes and IZEA, Inc. was the acquired company. Accordingly, IZEA’s historical financial statements for periods prior to the acquisition have become ours retroactively restated for, and giving effect to, the number of shares received in the share exchange. The assets, liabilities and accumulated earnings, along with operations, reported in the financial statements prior to the share exchange are those of IZEA and are recorded at the historical cost basis.

On July 30, 2012, we filed a Certificate of Change with the Secretary of State of Nevada to effect a reverse stock split of the issued and outstanding shares of our common stock at a ratio of one share for every 40 shares outstanding prior to the effective date of the reverse stock split. Additionally, our authorized shares of common stock were decreased from 500,000,000 shares to 12,500,000 shares. All current and historical information contained herein related to the share and per share information for our common stock or stock equivalents issued on or after May 12, 2011 reflects the 1-for-40 reverse stock split of our outstanding shares of common stock that became market effective on August 1, 2012.

On February 6, 2013, the board of directors and holders of a majority of the outstanding shares of our common stock approved an increase in the number of authorized shares of our Common Stock from 12,500,000 shares to 100,000,000 shares. We amended our Articles of Incorporation to effect the share increase by filing a Certificate of Amendment with the Nevada Secretary of State on February 11, 2013.

## Company Overview

We are a leading company in the growing social media sponsorship (SMS) segment of social media, operating multiple marketplaces that include our premier platforms *SocialSpark* and *SponsoredTweets*, as well as our legacy platforms *PayPerPost* and *InPostLinks*. In the last year, we launched a new SMS platform called *Staree* and a display advertising network to use within our platforms called *IZEAMedia*. The practice of SMS is when a company compensates a social media publisher to share sponsored content within their social network. Our premier platforms are the focus of our current business for which we are actively developing new features. We generate our primary revenue through the sale of SMS to our advertisers. We fulfill the SMS transaction through our marketplace platforms by connecting our social media publishers such as bloggers, tweeters and mobile application users with our advertisers. We also generate revenue from the posting of targeted display advertising and from various service fees.

## Revenues

We derive revenue from three sources: revenue from an advertiser for the use of our network of social media publishers to fulfill advertiser sponsor requests for a blog post, tweet, click, purchase, or action ("Sponsored Revenue"), revenue from the posting of targeted display advertising ("Media Revenue") and revenue derived from various service fees charged to advertisers and publishers for maintenance and enhancement of their accounts ("Service Fee Revenue").

Revenues for the twelve months ended December 31, 2012 increased by \$607,004, or 14.0%, compared to the same period in 2011. The increase was attributable to a \$537,000 increase in our Sponsored Revenue, a \$300,000 increase from our new revenue stream, Media Revenue, offset by a \$230,000 decrease in Service Fee Revenue. In the twelve months ended December 31, 2012, Sponsored Revenue was 87%, Media Revenue was 7% and Service Fee Revenue was 6% of total revenue compared to Sponsored Revenue of 87%, Media Revenue of 1% and Service Fee Revenue of 12% in the twelve months ended December 31, 2011. The increase in Sponsored Revenue was primarily attributable to increased sales growth in our premier social media platforms, *Social Spark* and *SponsoredTweets*, mainly due to our focus on campaign management for our customers. This growth was brought about by a focus on localized client development through the increase in number of our executive sales team in Orlando, New York City, Chicago, Seattle and Dallas. This resulted in an increase in the number of customers starting campaigns and an increase in the average revenue per customer. The increase in Media Revenue was due to the implementation of *IZEAMedia*, our display advertising solution, for our platforms. *IZEAMedia* is a new feature that allows our publishers to place targeted display advertising in three of our platforms, *SocialSpark*, *PayPerPost* and *Staree*, for which

we share revenue with the publisher. Service fees declined during the period because a majority of the fees were initially assessed to our customers in the second and third quarters of 2011 when our new service fee policies were implemented.

While we expect that revenue from our legacy platforms, *PayPerPost* and *InPostLinks*, will continue to decline in amount and as a percentage of our total revenue, we expect to increase our total revenue in 2013 by increasing average revenue per customer, adding features to our existing platforms and introducing new platforms to take advantage of social media activities. We believe that locating outside sales executives in close proximity to our customers will help drive a closer relationship with our customers resulting in increased repeat spending and an increase in average revenue per customer. We continuously review our existing platforms and our industry in order to add new features and additional revenue streams. Two current examples are the new revenue stream from *IZEAMedia* and the introduction of our new platform, *www.staree.com*. Our *Staree* platform allows us to further our efforts in social media sponsorships with a site that allows the sharing of sponsored photos and videos.

## **Cost of Sales and Gross Profit**

Our cost of sales comprise primarily of amounts paid to our social media publishers for fulfilling an advertiser's sponsor request for a blog post, tweet, click, purchase or action.

Cost of sales for the twelve months ended December 31, 2012 increased by \$198,808, or 10.2%, compared to the same period in 2011. Cost of sales increased as a direct result of the increase in our Sponsored Revenue and the direct publisher costs to generate such revenue. Publisher costs typically range from 50% to 80% of the advertising campaign depending on the type of publisher used in the campaign. Celebrity publishers typically used in our *SponsoredTweets* and *Staree* marketplace cost more than our average publisher cost of 50% in other marketplaces.

Gross profit for the twelve months ended December 31, 2012 increased by \$408,196, or 17.0%, compared to the same period in 2011. Additionally, our gross margin improved by two percentage points from 55% for the twelve months ended December 31, 2011 to 57% for the same period in 2012. The gross margin increase was primarily attributable to increased campaign management of our advertiser accounts which generates a higher profit than those managed directly by the advertiser.

## **Operating Expenses**

Operating expenses consist of general and administrative, and sales and marketing expenses. Total operating expenses for the twelve months ended December 31, 2012 increased by \$586,864, or 8.8%, compared to the same period in 2011. The increase was primarily attributable to increased payroll expenses, professional fees, costs of being a public company and increases in sales and marketing expenses, primarily promotional marketing expenses, offset by a decrease in investor relations fees.

General and administrative expenses consist primarily of payroll, general operating costs, public company costs, facilities costs, insurance, depreciation, professional fees, and investor relations fees. General and administrative expenses for the twelve months ended December 31, 2012 increased by \$428,687 or 7.3%, compared to the same period in 2011. The increase was primarily attributable to a \$64,000 increase in rent and office related expense with the addition of three new office space locations in mid-2011 and the move of our corporate headquarters in December 2012, a \$706,000 increase in payroll, personnel and related benefit expenses due to salary increases and additional employees, a \$101,000 increase in travel related to additional personnel in multiple locations, a \$485,000 increase in professional fees and reporting costs as a result of being a public company, an increase in stock-based compensation of \$106,000 and a \$25,000 increase in amortization and depreciation expenses from higher acquisition costs and new equipment purchases. The increase was offset by a decrease of \$1,093,000 in costs for investor relations due to the non-recurrence of a large investor relations campaign that was initiated in the second half of 2011 after our reverse merger.

Sales and marketing expenses consist primarily of compensation for sales and marketing and related support resources, sales commissions and trade show expenses. Sales and marketing expenses for the twelve months ended December 31, 2012 increased by \$158,177 or 19.2%, compared to the same period in 2011. The increase was primarily attributable to the promotional expenses to launch our new products and services, *Staree* in particular. During May and July 2012, we entered into seven agreements to issue a total of 135,521 shares of restricted common stock for celebrity endorsements of our products and services (primarily to related to the launch of our new *Staree* platform). In the majority of the agreements, the restricted stock vested 25% immediately upon the signing of the agreements and then vests 6.25% per month over the following twelve months. In addition to the shares, we paid cash payments of \$100,000. We recorded a total of \$382,184 in marketing expense for the value of the restricted awards vested and the cash payments earned during the twelve

months ended December 31, 2012. Future compensation related to nonvested restricted awards expected to vest and unearned cash compensation of \$41,938 is estimated to be recognized over the remaining individual contract terms of up to six months.

### **Other Income (Expense)**

Other income (expense) consists primarily of interest expense, a loss on exchange of warrants and the change in the fair value of derivatives.

Interest expense during the twelve months ended December 31, 2012 increased by \$91,407 compared to the same period in 2011 primarily due to the issuance of a senior secured promissory note in the principal amount of \$550,000 in February 2012 and a \$75,000 promissory note in May 2012. The carrying value and the direct finance costs on the notes are subject to amortization, through charges to interest expense, over their terms to maturity using the effective interest method.

During the twelve months ended December 31, 2012, we recognized an \$802,123 loss on exchange when we redeemed certain warrants to purchase an aggregate of 135,782 shares of common stock for the same number of shares of our common stock without receiving any cash consideration for the exchange.

We entered into financing transactions during the years ended December 31, 2012 and 2011 that gave rise to derivative liabilities. These financial instruments are carried as derivative liabilities, at fair value, in our financial statements. Changes in the fair value of derivative financial instruments are required to be recorded in other income (expense) in the period of change. We recorded income resulting from the change in the fair value of certain warrants during the twelve months ended December 31, 2012 and 2011 in the amount of \$779,083 and \$332,484, respectively. Additionally, we recorded \$67,704 in expense resulting from the change in the fair value of our compound embedded derivatives in our promissory notes during the twelve months ended December 31, 2012. The net effect of these changes in fair values resulted in income of \$711,379 and \$332,484 during the twelve months ended December 31, 2012 and 2011, respectively. We have no control over the amount of change in the fair value of our derivative instruments as this is a factor based on fluctuating interest rates and stock prices and other market conditions outside of our control.

### **Net Loss**

Net loss for the twelve months ended December 31, 2012 was \$4,672,638 which increased from the net loss of \$3,978,592 for the same period in 2011. As discussed above, although gross profit increased over the prior year due to increased revenue, these improvements were exceeded by the large increase in operating expenses attributable to increased headcount, professional fees, public company and other sales and marketing expenses.

### **Liquidity and Capital Resources**

Our cash position was \$657,946 as of December 31, 2012 as compared to \$225,277 as of December 31, 2011, an increase of \$432,669 as a result of recent financing transactions. We have incurred significant net losses and negative cash flow from operations since our inception. We incurred net losses of \$4,672,638 and \$3,978,592 for the years ended December 31, 2012 and 2011, respectively, and had an accumulated deficit of \$22,803,422 as of December 31, 2012. The opinion of our independent registered public accounting firm on our audited financial statements as of and for the year ended December 31, 2012 contains an explanatory paragraph regarding substantial doubt about our ability to continue as a going concern. Our ability to continue as a going concern is dependent upon raising capital from financing transactions.

Cash used for operating activities was \$3,135,147 during the twelve months ended December 31, 2012 and was primarily a result of our net loss during the period of \$4,672,638. Cash provided by financing activities was \$3,567,129 during the twelve months ended December 31, 2012 and was primarily a result of net proceeds of \$543,700 received from the issuance of promissory notes and \$3,047,400 received from the sale of our common stock as further discussed below. Financing activities were reduced by principal payments of \$25,070 on our capital leases.

To date, we have financed our operations through internally generated revenue from operations, the sale of our equity and the issuance of notes and loans from shareholders.

On February 3, 2012, we issued a senior secured promissory note in the principal amount of \$550,000 with an original issuance discount of \$50,000, plus \$3,500 in lender fees to two of our existing shareholders. In connection with the note, we incurred expenses of \$21,800 for legal and other fees. Accordingly, net cash proceeds from the note amounted to \$474,700. Unless earlier converted, exchanged or prepaid, the note matured on February 2, 2013. The holders were permitted to convert

the outstanding principal amount of the note at a conversion price of 90% of the closing price of our common stock on the trading day prior to the date that the note becomes convertible, subject to further adjustment in the case of stock splits, reclassifications, reorganizations, certain issuances at less than the conversion price and the like, without limitation on the number of shares that could potentially be issued. From October 2012 through December 2012, the holders of this promissory note converted \$437,850 of note value into 2,069,439 shares of our common stock at an average conversion rate of \$.21 per share. This note had a carrying balance of \$106,355 with a 12.78% effective rate of interest and an unamortized discount of \$5,795 remaining as of December 31, 2012. On February 4, 2013, we satisfied all of our remaining obligations under this note when the holders converted the final balance owed of \$112,150 into 773,983 shares of our common stock at an average conversion rate of \$.145 per share.

During the twelve months ended December 31, 2012, we issued 551 shares of common stock upon receipt of cash proceeds of \$1,099 for the exercise of stock options at an average exercise price of \$2.00 per share.

On May 8 and 15, 2012, we sold a total of 274,224 shares of our common stock at a purchase price of \$5.00 per share, receiving gross proceeds of \$1,371,120, in a private placement to accredited investors, pursuant to the terms of a Common Stock Purchase Agreement. We incurred expenses of \$149,262 in regards to the private placement and thus received \$1,221,858 in net proceeds. Pursuant to the terms of a Registration Rights Agreement, we timely filed a registration statement with the SEC for purposes of registering the resale of the shares of common stock sold in the private placement on June 6, 2012. This registration statement was declared effective by the SEC on September 5, 2012.

In May and June 2012, in accordance with the terms of our May 2011 financing documents, investors converted 225 shares of the series A convertible preferred stock into 170,455 shares of common stock. As of December 31, 2012, only 5 shares of the series A convertible preferred stock remained outstanding.

From May through August 2012, pursuant to separate private transactions with twenty four warrant holders, we redeemed warrants to purchase an aggregate of 135,782 shares of common stock for the same number of shares without receiving any further cash consideration. These transactions were effected in order to reduce the substantial overhang represented by the warrants issued in the May 2011 reverse merger and private placement.

In May 2012 and July 2012, we entered into seven agreements for celebrity endorsements of our products and services whereby we paid cash of \$100,000 and issued a total of 135,521 shares of restricted common stock. In the majority of the agreements, the restricted stock vested 25% immediately upon the signing of the agreements and then vests 6.25% per month over the following twelve months during the term of the agreements.

On May 4, 2012, we issued a 30-day promissory note to two of our existing shareholders in the principal amount of \$75,000 incurring \$6,000 in expenses for legal fees which resulted in net proceeds of \$69,000. This promissory note was later extended to mature on December 4, 2012. We were not able to pay the balance owed upon the maturity of the note on December 4, 2012. Therefore, the note is currently in default bearing interest at the default rate of 18% per annum.

On July 2, 2012, we issued 71,221 shares of common stock to our former legal counsel in order to pay for general legal services totaling \$356,103.

On August 1, 2012, Edward H. (Ted) Murphy, our President and Chief Executive Officer, purchased 8,000 shares of our common stock directly from us in a private transaction approved by disinterested members of our board of directors. Mr. Murphy paid a total purchase price of \$19,200 or \$2.40 per common share, the market price on August 1, 2012.

On August 6, 2012, Ryan S. Schram, our Chief Operating Officer, purchased 8,000 shares of our common stock directly from us in a private transaction approved by our board of directors. Mr. Schram paid a total purchase price of \$19,200 or \$2.40 per common share, the market price on August 6, 2012.

On August 6, 2012, Brian W. Brady, a private investor who became a director of our company on August 7, 2012, made a private investment of \$100,000 for the purchase of 41,667 shares of our common stock at \$2.40 per share. In accordance with the terms of the stock subscription agreement, if our public offering was priced and sold below \$2.40 per share within 120 days following the closing of his investment, we would issue additional shares to him, effectively adjusting the purchase price per share to 10% below the public offering price, with a floor of \$0.50 per share. Mr. Brady also received 35,000 shares of our restricted common stock and received a \$10,000 cash finance fee upon the closing of the public offering. On September 11, 2012, we issued an additional 69,445 shares of common stock to Mr. Brady, so that he received a total of 111,112 shares at an effective price of \$0.90 per share.

On September 11, 2012, we closed on a public offering of 2,200,000 shares of our common stock at an offering price of \$1.00 per share, receiving gross proceeds of \$2,200,000. In connection with the September 2012 offering, we incurred expenses of \$502,858 for underwriter fees, legal and other expenses. Accordingly, net cash proceeds from the September 2012 offering amounted to \$1,697,142. Additionally, we issued warrants to the underwriter to purchase 110,000 shares of common stock, which had a fair value of \$49,170. The warrants are fully exercisable after August 23, 2013 at an exercise price of \$1.25 per share and expire on August 23, 2017.

We entered into an agreement with a firm who will provide investor relations services for us for twelve months beginning January 3, 2013. In accordance with the agreement, we will pay the firm \$4,000 per month for twelve months beginning January 2013 and will issue 100,000 shares of our common stock on or before January 15, 2013 and another 100,000 shares of our common stock on or before July 15, 2013.

On February 4, 2013, we satisfied all of our remaining obligations under our \$550,000 senior secured promissory note when the noteholders converted the final balance owed of \$112,150 into 773,983 shares of our common stock at an average conversion rate of \$.145 per share.

On March 1, 2013, we entered into a secured credit facility agreement with Bridge Bank, N.A. of San Jose, California. Pursuant to this agreement, we may submit requests for funding up to 80% of our eligible accounts receivable up to a maximum advance of \$1.5 million. The agreement requires us to pay an annual facility fee of \$7,500 (0.5% of the credit facility) and an annual due diligence fee of \$1,000. Interest accrues on the advances at the prime rate plus 2% per annum. The default rate of interest is prime plus 7%. If the agreement is terminated prior to March 1, 2014, then we will be required to pay a termination fee of \$18,750 (1% of the credit limit divided by 80%). As of March 22, 2013, we had \$185,470 outstanding under this agreement.

On March 18, 2013, we entered into an agreement with a consultant to provide business advisory and support services. In exchange for the services, we granted the consultant a stock option to purchase 1,000,000 shares of common stock at an exercise price of \$0.25 per share. The option vests in equal quarterly installments of 62,500 over four years beginning on March 18, 2013 and expires ten years after the date of grant. Additionally, we will accrue a fee of \$10,000 per month that will become due and payable after we raise gross proceeds of at least \$1,000,000 through new debt or equity financing. This agreement may be terminated at any time by either party without penalty and all accrued but unpaid fees will be immediately due and payable. Upon a termination of the consulting agreement, the option agreement will be canceled as to any unvested options and all accrued and vested options will be deemed as earned and owed.

We used the proceeds from the above stock issuances for general working capital purposes, but we require additional capital to fund our operations and repay our \$75,000 promissory note. Revenues generated from our operations are not presently sufficient to sustain our operations. Therefore, we will need to raise additional capital through various financing transactions in order to continue our operations. Financing transactions may include the issuance of equity or convertible debt securities, obtaining credit facilities, or other financing alternatives. The volatility and sharp decline in the trading price of our common stock over the past year could make it more difficult to obtain financing through the issuance of equity or convertible debt securities. There can be no assurance that we will be successful in any future financing or that it will be available on terms that are acceptable to us.

Future financings through equity investments are likely to be dilutive to existing stockholders. Also, the terms of securities we may issue in future capital transactions may be more favorable for our new investors. Newly issued securities may include preferences, superior voting rights, the issuance of warrants or other derivative securities, and the issuances of incentive awards under equity employee incentive plans, which may have additional dilutive effects. Further, we may incur substantial costs in pursuing future capital and/or financing, including investment banking fees, legal fees, accounting fees, printing and distribution expenses and other costs. We may also be required to recognize non-cash expenses in connection with certain securities we may issue, such as convertible notes and warrants, which will adversely impact our financial condition. Our ability to obtain needed financing may be impaired by such factors as the capital markets and our history of losses, which could impact the availability or cost of future financings. If the amount of capital we are able to raise from financing activities, together with our revenues from operations, is not sufficient to satisfy our capital needs, we may have to curtail our marketing and development plans and possibly cease operations.

### **Off Balance Sheet Arrangements**

We do not engage in any activities involving variable interest entities or off-balance sheet arrangements.

## Critical Accounting Policies and Use of Estimates

The preparation of the accompanying financial statements and related disclosures in conformity with U.S. GAAP requires us to make judgments, assumptions and estimates that affect the amounts reported in the accompanying financial statements and the accompanying notes. The preparation of these financial statements requires managements to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses, and related disclosure of contingent assets and liabilities. When making these estimates and assumptions, we consider our historical experience, our knowledge of economic and market factors and various other factors that we believe to be reasonable under the circumstances. Actual results could differ from these estimates. The following critical accounting policies are significantly affected by judgments, assumptions and estimates used in the preparation of the financial statements.

Accounts receivable are customer obligations due under normal trade terms. Uncollectability of accounts receivable is not significant since most customers are bound by contract and are required to fund us for all the costs of an "opportunity", defined as an order created by an advertiser for a publisher to write about the advertiser's product. If a portion of the account balance is deemed uncollectible, we will either write-off the amount owed or provide a reserve based on the uncollectible portion of the account. Management determines the collectability of accounts by regularly evaluating individual customer receivables and considering a customer's financial condition, credit history and current economic conditions. We do not have a reserve for doubtful accounts as of December 31, 2012. The reserve for doubtful accounts as of December 31, 2011 was \$10,000. We believe that this estimate is reasonable, but there can be no assurance that the estimate will not change as a result of a change in economic conditions or business conditions within the industry, the individual customers or our Company. Any adjustments to this account are reflected in the consolidated statements of operations as a general and administrative expense. Bad debt expense for the twelve months ended December 31, 2012 and 2011 was \$17,623 and \$14,115, respectively.

We derive our revenue from three sources: revenue from an advertiser for the use of the our network of social media publishers to fulfill advertiser sponsor requests for a blog post, tweet, click, purchase, or action ("Sponsored Revenue"), revenue from the posting of targeted display advertising ("Media Revenue") and revenue derived from various service fees charged to advertisers and publishers ("Service Fee Revenue"). Service fees charged to advertisers are primarily related to inactivity fees for dormant accounts and fees for additional services outside of sponsored revenue. Service fees to publishers include upgrade account fees for obtaining greater visibility to advertisers in advertiser searches in our platforms, early cash out fees if a publisher wishes to take proceeds earned for services from their account when the account balance is below certain minimum balance thresholds and inactivity fees for dormant accounts. Sponsored revenue is recognized and considered earned after an advertiser's opportunity is posted on our websites and their request was completed and content listed, as applicable, by our publishers for a requisite period of time. The requisite period ranges from 3 days for an action or tweet to 30 days for a blog. Customers may prepay for services by placing a deposit in their account with us. In these cases, the deposits are recorded as unearned revenue until earned as described above. Media Revenue is recognized and considered earned when our publishers place targeted display advertising in blogs. Service fees are recognized immediately when the maintenance or enhancement service is performed for an advertiser or publisher. All of our revenue is generated through the rendering of services and is recognized under the general guidelines of SAB Topic 13 A.1 which states that revenue will be recognized when it is realized or realizable and earned. We consider our revenue as generally realized or realizable and earned once i) persuasive evidence of an arrangement exists, ii) services have been rendered, iii) our price to the advertiser or customer is fixed (required to be paid at a set amount that is not subject to refund or adjustment) and determinable, and iv) collectability is reasonably assured. We record revenue on the gross amount earned since we generally are the primary obligor in the arrangement, establish the pricing and determine the service specifications.

Stock based compensation is measured at grant date, based on the fair value of the award, and is recognized as an expense over the employee's requisite service period. We estimate the fair value of each stock option as of the date of grant using the Black-Scholes pricing model. Options typically vest ratably over four years with one-fourth of options vesting one year from the date of grant and the remaining options vesting monthly, in equal increments over the remaining three-year period and generally have ten-year contract lives. We estimate the fair value of our common stock using the closing stock price of our common stock as quoted on the OTCQB on the date of the agreement. Prior to April 1, 2012, due to limited trading history and volumes, we estimated the fair value of our common stock using recent independent valuations or the value paid in the most recent equity or financing transactions. We estimate the volatility of our common stock at the date of grant based on the volatility of comparable peer companies that are publicly traded and have had a longer trading history than us. We determine the expected life based on historical experience with similar awards, giving consideration to the contractual terms, vesting schedules and post-vesting forfeitures. We use the risk-free interest rate on the implied yield currently available on U.S. Treasury issues with an equivalent remaining term approximately equal to the expected life of the award. We have never paid any cash dividends on our common stock and do not anticipate paying any cash dividends in the foreseeable future. We estimate forfeitures when recognizing compensation expense and this estimate of forfeitures is adjusted over the requisite

service period based on the extent to which actual forfeitures differ, or are expected to differ, from such estimates. Changes in estimated forfeitures are recognized through a cumulative catch-up adjustment, which is recognized in the period of change. Changes also impact the amount of unamortized compensation expense to be recognized in future periods.

The following table shows the number of options granted under our 2007 Equity Incentive Plan and the assumptions used to determine the fair value of those options during the quarter ended March 31, 2011 and from April 1, 2011 through May 12, 2011, the date the 2007 Plan was canceled:

**2007 Equity Incentive Plan Options Granted**

Period Ended	Total Options Granted	Weighted Average Fair Value of Series A Common Stock	Weighted Average Expected Term	Weighted Average Volatility	Weighted Average Risk Free Interest Rate	Weighted Average Fair Value of Options Granted

The following table shows the number of options granted under our May and August 2011 Equity Incentive Plans and the assumptions used to determine the fair value of those options during the quarterly periods in 2011 and 2012 through December 31, 2012:

**2011 Equity Incentive Plan Options Granted**

June 30, 2012	347,667	\$5.18	5 years	54.93%	0.76%	\$2.26
September 30, 2012	26,625	\$2.20	5 years	54.46%	0.65%	\$1.03
December 31, 2012	1,250	\$0.39	5 years	52.75%	0.65%	\$0.18

There were 391,977 options outstanding as of December 31, 2012 with a weighted average exercise price of \$5.87 per share. There is no aggregate intrinsic value on the exercisable, outstanding options as of December 31, 2012 since the weighted average exercise price exceeded the market price of \$0.22 of our common stock on such date.

We account for derivative instruments in accordance with ASC 815, *Derivatives and Hedging*, which requires additional disclosures about the our objectives and strategies for using derivative instruments, how the derivative instruments and related hedged items are accounted for, and how the derivative instruments and related hedging items affect the financial statements. We do not use derivative instruments to hedge exposures to cash flow, market or foreign currency risk. Terms of convertible debt and equity instruments are reviewed to determine whether or not they contain embedded derivative instruments that are required under ASC 815 to be accounted for separately from the host contract, and recorded on the balance sheet at fair value. The fair value of derivative liabilities, if any, is required to be revalued at each reporting date, with corresponding changes in fair value recorded in current period operating results. Pursuant to ASC 815, an evaluation of specifically identified conditions is made to determine whether the fair value of warrants issued is required to be classified as equity or as a derivative liability.

We record a beneficial conversion feature (“BCF”) related to the issuance of convertible debt and equity instruments that have conversion features at fixed rates that are in-the-money when issued, and the fair value of warrants issued in connection with those instruments. The BCF for the convertible instruments is recognized and measured by allocating a portion of the proceeds to warrants, based on their relative fair value, and as a reduction to the carrying amount of the convertible instrument equal to the intrinsic value of the conversion feature. The discounts recorded in connection with the BCF and

warrant valuation are recognized a) for convertible debt as interest expense over the term of the debt, using the effective interest method or b) for preferred stock as dividends at the time the stock first becomes convertible.

### **Recent Accounting Pronouncements**

There are several new accounting pronouncements issued by the Financial Accounting Standards Board ("FASB") which are not yet effective. Management does not believe any of these accounting pronouncements will be applicable and therefore will not have a material impact on our financial position or operating results.

### **ITEM 7A – QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

Not required.

## ITEM 8 - FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

### REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Stockholders  
IZEA, Inc.

We have audited the accompanying consolidated balance sheets of IZEA, Inc. as of December 31, 2012 and 2011, and the related consolidated statements of operations, stockholders' deficit, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of IZEA, Inc. as of December 31, 2012 and 2011, and the results of their operations and their cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the financial statements, the Company has incurred recurring operating losses and had a negative working capital and an accumulated deficit at December 31, 2012. These conditions raise substantial doubt about the Company's ability to continue as a going concern without raising sufficient additional financing. Management's plans in regard to these matters are also described in Note 1. The financial statements do not include any adjustments that would be necessary to reflect the possible future effects on the recoverability and classification of assets or the amounts and classifications of liabilities that may result from the outcome of this uncertainty.

## NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### **Nature of Business and Reverse Merger and Recapitalization**

IZEA, Inc. (the "Company"), formerly known as IZEA Holdings, Inc. and before that, Rapid Holdings, Inc., was incorporated in Nevada on March 22, 2010. On May 12, 2011, the Company completed a share exchange (see Note 7) pursuant to which it acquired all of the capital stock of IZEA Innovations, Inc. ("IZEA"), which became its wholly owned subsidiary. IZEA was incorporated in the state of Florida in February 2006 and was later reincorporated in the state of Delaware in September 2006 and changed its name to IZEA, Inc. from PayPerPost, Inc. on November 2, 2007. In connection with the share exchange, the Company discontinued its former business and continued the social media sponsorship business of IZEA as its sole line of business. On November 23, 2011, the Company changed its name from "IZEA Holdings, Inc." to "IZEA, Inc." and the name of its subsidiary changed from "IZEA, Inc." to "IZEA Innovations, Inc." (collectively, the "Company"). The Company's headquarters are in Orlando, FL.

The share exchange was accounted for as a reverse-merger and recapitalization where IZEA was the acquirer for accounting purposes and IZEA, Inc. was the acquired company. Accordingly, IZEA's historical financial statements for periods prior to the acquisition have become the Company's retroactively restated for, and giving effect to, the number of shares received in the share exchange. The assets, liabilities and accumulated earnings, along with operations, reported in the financial statements prior to the share exchange are those of IZEA and are recorded at the historical cost basis.

The Company believes it is a world leader in social media sponsorships ("SMS"), a rapidly growing segment within social media where a company compensates a social media publisher to share sponsored content within their social network. The Company accomplishes this by operating multiple marketplaces that include its premier platforms *SocialSpark*, *SponsoredTweets* and *Staree*, as well as its legacy platforms *PayPerPost* and *InPostLinks*. The Company recently launched a display advertising network to use within its platforms called *IZEAMedia*. The Company's advertisers include a wide range of small and large businesses, including Fortune 500 companies, as well as advertising agencies. The Company's premier platforms are the focus of its current business for which it is actively developing new features. The Company generates its primary revenue through the sale of SMS to its advertisers. The Company fulfills the SMS transaction through its marketplace platforms by connecting its social media publishers such as bloggers, tweeters and mobile application users with its advertisers.

### **Reverse Stock Split**

On July 30, 2012, the Company filed a Certificate of Change with the Secretary of State of Nevada to effect a reverse stock split of the issued and outstanding shares of its common stock at a ratio of one share for every 40 shares outstanding prior to the effective date of the reverse stock split. Additionally, the Company's total authorized shares of common stock were decreased from 500,000,000 shares to 12,500,000 shares and subsequently increased to 100,000,000 shares in February 2013 (see Note 11). All current and historical information contained herein related to the share and per share information for the Company's common stock or stock equivalents issued on or after May 12, 2011 reflects the 1-for-40 reverse stock split of the Company's outstanding shares of common stock that became market effective on August 1, 2012.

### **Principles of Consolidation**

The consolidated financial statements include the accounts of IZEA, Inc. as of the date of the reverse merger, and its wholly owned subsidiary, IZEA Innovations, Inc. All significant intercompany balances and transactions have been eliminated in consolidation.

### **Going Concern and Management's Plans**

The opinion of the Company's independent registered public accounting firm on the audited financial statements as of and for the year ended December 31, 2012 contains an explanatory paragraph regarding substantial doubt about the Company's ability to continue as a going concern.

The Company has incurred significant losses from operations since inception and has a working capital deficit of \$1,334,937 and an accumulated deficit of \$22,803,422 as of December 31, 2012. Net losses for the years ended December 31, 2012 and December 31, 2011 were \$4,672,638 and \$3,978,592, respectively. The Company's ability to continue as a going concern is dependent upon raising capital from financing transactions. The Company's financial statements have been prepared on the basis that it is a going concern, which assumes continuity of operations and the realization of assets and satisfaction of liabilities in the ordinary course of business. The financial statements do not include any adjustments that might result if the Company was forced to discontinue its operations.

Revenues generated from the Company's operations are not presently sufficient to sustain its operations. Therefore, the Company will need to raise additional capital to fund its operations and repay its \$75,000 promissory note (see Note 4) through various

financing transactions in order to continue its operations. Financing transactions may include the issuance of equity or convertible debt securities, obtaining credit facilities, or other financing alternatives. On February 4, 2013, the Company issued 773,983 shares of its common stock to settle the remaining balance owed of \$112,150 on its \$550,000 senior secured promissory note. On March 1, 2013, the Company secured a credit facility with Bridge Bank N.A. whereby it can receive advances up to \$1.5 million based on 80% of eligible accounts receivable. The volatility and sharp decline in the trading price of the Company's common stock over the past year could make it more difficult to obtain financing through the issuance of equity or convertible debt securities. There can be no assurance that the Company will be successful in any future financing or that it will be available on terms that are acceptable.

Future financings through equity investments are likely to be dilutive to existing stockholders. Also, the terms of securities the Company may issue in future capital transactions may be more favorable for its new investors. Newly issued securities may include preferences, superior voting rights, the issuance of warrants or other derivative securities, and the issuances of incentive awards under equity employee incentive plans, which may have additional dilutive effects. Further, the Company may incur substantial costs in pursuing future capital and/or financing, including investment banking fees, legal fees, accounting fees, printing and distribution expenses and other costs. The Company may also be required to recognize non-cash liabilities in connection with certain securities it may issue, such as convertible notes and warrants, which will adversely impact the Company's financial condition. The Company's ability to obtain needed financing may be impaired by such factors as the capital markets and its history of losses, which could impact the availability or cost of future financings. If the amount of capital the Company is able to raise from financing activities, together with its revenues from operations, is not sufficient to satisfy its capital needs, the Company may have to curtail its marketing and development plans and possibly cease operations.

**Cash and Cash Equivalents**

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

**Accounts Receivable and Concentration of Credit Risk**

Accounts receivable are customer obligations due under normal trade terms. Uncollectability of accounts receivable is not significant since most customers are bound by contract and are required to fund the Company for all the costs of an “opportunity”, defined as an order created by an advertiser for a publisher to write about the advertiser’s product. If a portion of the account balance is deemed uncollectible, the Company will either write-off the amount owed or provide a reserve based on the uncollectible portion of the account. Management determines the collectability of accounts by regularly evaluating individual customer receivables and considering a customer’s financial condition, credit history and current economic conditions. The Company does not have a reserve for doubtful accounts as of December 31, 2012. The reserve for doubtful accounts as of December 31, 2011 was \$10,000. Management believes that this estimate is reasonable, but there can be no assurance that the estimate will not change as a result of a change in economic conditions or business conditions within the industry, the individual customers or the Company. Any adjustments to this account are reflected in the consolidated statements of operations as a general and administrative expense. Bad debt expense for the twelve months ended December 31, 2012 and 2011 was \$17,623 and \$14,115, respectively.

Concentrations of credit risk with respect to accounts receivable are limited because a large number of geographically diverse customers make up the Company’s customer base, thus spreading the trade credit risk. The Company also controls credit risk through credit approvals, credit limits and monitoring procedures. The Company performs credit evaluations of its customers but generally does not require collateral to support accounts receivable. At December 31, 2012, two customers accounted for 46% of total accounts receivable in the aggregate, each of which accounted for more than 10% of the Company’s accounts receivable. At December 31, 2011, the Company had two different customers which accounted for 27% of total accounts receivable in the aggregate. The Company had no customers that accounted for more than 10% of its revenue during the twelve months ended December 31, 2012 and 2011.

**Property and Equipment**

Depreciation and amortization is computed using the straight-line method and half-year convention over the estimated useful lives of the assets as follows:

Equipment	3 years
Furniture and fixtures	5 - 10 years
Software	3 years
Leasehold improvements	3 years

Major additions and improvements are capitalized, while replacements, maintenance and repairs, which do not improve or extend the life of the respective assets, are expensed as incurred. When assets are retired or otherwise disposed of, related costs and accumulated depreciation and amortization are removed and any gain or loss is reported as other income or expense.

### **Impairment of Long-Lived Assets**

The Company reviews its long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future undiscounted cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amounts of the assets exceed the fair value of the assets. After analyzing expected future cash flows from a customer list it acquired in 2011, the Company determined that the fair value of this asset exceeded its carrying value as of December 31, 2012 and recorded a \$48,249 impairment on the value of its customer lists in general and administrative expenses in the accompanying statements of operations. Additionally, the Company estimated that its future cash flows from these customers would be minimal after one more year and therefore, determined that the remaining fair value of the asset should be amortized equally over the remaining estimated useful life of one year.

### **Revenue Recognition**

The Company derives its revenue from three sources: revenue from an advertiser for the use of the Company's network of social media publishers to fulfill advertiser sponsor requests for a blog post, tweet, click, purchase, or action ("Sponsored Revenue"), revenue from the posting of targeted display advertising ("Media Revenue") and revenue derived from various service fees charged to advertisers and publishers ("Service Fee Revenue"). Service fees charged to advertisers are primarily related to inactivity fees for dormant accounts and fees for additional services outside of sponsored revenue. Service fees to publishers include upgrade account fees for obtaining greater visibility to advertisers in advertiser searches in the Company's platforms, early cash out fees if a publisher wishes to take proceeds earned for services from their account when the account balance is below certain minimum balance thresholds and inactivity fees for dormant accounts. Sponsored revenue is recognized and considered earned after an advertiser's opportunity is posted on the Company's websites and their request was completed and content listed, as applicable, by the Company's publishers for a requisite period of time. The requisite period ranges from 3 days for an action or tweet to 30 days for a blog. Customers may prepay for services by placing a deposit in their account with the Company. In these cases, the deposits are recorded as unearned revenue until earned as described above. Media Revenue is recognized and considered earned when the Company's publishers place targeted display advertising in blogs. Service fees are recognized immediately when the maintenance or enhancement service is performed for an advertiser or publisher. All of the Company's revenue is generated through the rendering of services and is recognized under the general guidelines of SAB Topic 13 A.1 which states that revenue will be recognized when it is realized or realizable and earned. The Company considers its revenue as generally realized or realizable and earned once i) persuasive evidence of an arrangement exists, ii) services have been rendered, iii) the price to the advertiser or customer is fixed (required to be paid at a set amount that is not subject to refund or adjustment) and determinable, and iv) collectability is reasonably assured. The Company records revenue on the gross amount earned since it generally is the primary obligor in the arrangement, establishes the pricing and determines the service specifications.

### **Advertising Costs**

Advertising costs are charged to expense as they are incurred, including payments to contact creators to promote the Company. Advertising expense charged to operations for the years ended December 31, 2012 and 2011 were approximately \$300,000 and \$511,000, respectively. Advertising costs are included in sales and marketing expense in the accompanying consolidated statements of operations.

### **Deferred Rent**

The Company's operating lease for its office facilities contained predetermined fixed increases of the base rental rate during the lease term which was recognized as rental expense on a straight-line basis over the lease term which ended in December 2012. The Company recorded the difference between the amounts charged to operations and amounts payable under the lease as deferred rent in the accompanying consolidated balance sheets.

### **Income Taxes**

The Company has not recorded current income tax expense due to the generation of net operating losses. Deferred income taxes are accounted for using the balance sheet approach which requires recognition of deferred tax assets and liabilities for the expected future consequences of temporary differences between the financial reporting basis and the tax basis of assets and liabilities. A valuation allowance is provided when it is more likely than not that a deferred tax asset will not be realized.

The Company identifies and evaluates uncertain tax positions, if any, and recognizes the impact of uncertain tax positions for which there is a less than more-likely-than-not probability of the position being upheld when reviewed by the relevant taxing

authority. Such positions are deemed to be unrecognized tax benefits and a corresponding liability is established on the balance sheet. The Company has not recognized a liability for uncertain tax positions. If there were an unrecognized tax benefit, the Company would recognize interest accrued related to unrecognized tax benefits in interest expense and penalties in operating expenses. The Company's remaining open tax years subject to examination by the Internal Revenue Service include the years ended December 31, 2009 through 2011.

### **Convertible Preferred Stock**

The Company accounts for its convertible preferred stock under the provisions of Accounting Standards Codification ("ASC") on *Distinguishing Liabilities from Equity*, which sets forth the standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. The ASC requires an issuer to classify a financial instrument that is within the scope of the ASC as a liability if such financial instrument embodies an unconditional obligation to redeem the instrument at a specified date and/or upon an event certain to occur. The Company determined that IZEA's preferred stock outstanding prior to May 12, 2011 did not meet the criteria requiring liability classification as its obligation to redeem these instruments was not based on an event certain to occur. The Series A Convertible Preferred Stock of the Company issued in May 2011 does not have a redemption feature. Future changes in the certainty of the Company's obligation to redeem these instruments could result in a change in classification.

### **Derivative Financial Instruments**

The Company accounts for derivative instruments in accordance with ASC 815, *Derivatives and Hedging* ("ASC 815"), which requires additional disclosures about the Company's objectives and strategies for using derivative instruments, how the derivative instruments and related hedged items are accounted for, and how the derivative instruments and related hedging items affect the financial statements. The Company does not use derivative instruments to hedge exposures to cash flow, market or foreign currency risk. Terms of convertible debt and equity instruments are reviewed to determine whether or not they contain embedded derivative instruments that are required under ASC 815 to be accounted for separately from the host contract, and recorded on the balance sheet at fair value. The fair value of derivative liabilities, if any, is required to be revalued at each reporting date, with corresponding changes in fair value recorded in current period operating results. Pursuant to ASC 815, an evaluation of specifically identified conditions is made to determine whether the fair value of warrants issued is required to be classified as equity or as a derivative liability.

### **Beneficial Conversion and Warrant Valuation**

The Company records a beneficial conversion feature ("BCF") related to the issuance of convertible debt and equity instruments that have conversion features at fixed rates that are in-the-money when issued, and the fair value of warrants issued in connection with those instruments. The BCF for the convertible instruments is recognized and measured by allocating a portion of the proceeds to warrants, based on their relative fair value, and as a reduction to the carrying amount of the convertible instrument equal to the intrinsic value of the conversion feature. The discounts recorded in connection with the BCF and warrant valuation are recognized a) for convertible debt as interest expense over the term of the debt, using the effective interest method or b) for convertible preferred stock as dividends at the time the stock first becomes convertible.

### **Fair Value of Financial Instruments**

The Company's financial instruments are recorded at fair value. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The valuation techniques are based on observable and unobservable inputs. Observable inputs reflect readily obtainable data from independent sources, while unobservable inputs reflect certain market assumptions. There are three levels of inputs that may be used to measure fair value:

- Level 1 – Valuation based on quoted market prices in active markets for identical assets and liabilities.
- Level 2 – Valuation based on quoted market prices for similar assets and liabilities in active markets.
- Level 3 – Valuation based on unobservable inputs that are supported by little or no market activity, therefore requiring management's best estimate of what market participants would use as fair value.

Fair value estimates discussed herein are based upon certain market assumptions and pertinent information available to management. The Company does not have any Level 1 or 2 financial assets or liabilities. The Company's Level 3 financial liabilities measured at fair value consisted of the warrant liability and its compound embedded derivative as of December 31, 2012 (see Note 5).

Significant unobservable inputs used in the fair value measurement of the warrants include the estimated term. Significant increases (decreases) in the estimated remaining period to exercise would result in a significantly higher (lower) fair value measurement.

Significant unobservable inputs used in the fair value measurement of the compound embedded derivatives included the variable linked number of shares, the variable conversion price and the credit-risk adjusted yield.

The compound embedded derivatives are linked to a variable number of common shares based upon 90% of the Company's closing stock price. The number of linked shares will increase (decrease) as the trading market price decreases (increases). Also, the conversion price is variable and is based on 90% of the Company's closing stock price on the date of conversion. Significant increases (decreases) in the trading market price in the future would result in a significantly lower (higher) fair value measurement.

In developing our credit risk assumption, consideration was made of publicly available bond rates and US Treasury Yields; however, since the Company does not have a formal credit-standing, management estimated our standing among various reported levels and grades for use in the model. During all periods, management estimated that the Company's standing was in the speculative to high-risk grades (BB- to CCC in the Standard and Poor's Rating). A significant increase (decrease) in the risk-adjusted interest rate could result in a significantly lower (higher) fair value measurement.

The respective carrying value of certain on-balance-sheet financial instruments approximated their fair values due to the short-term nature of these instruments. These financial instruments include cash and cash equivalents, accounts receivable, accounts payable and accrued expenses. The fair value of the Company's notes payable and capital lease obligations approximate their carrying value based upon current rates available to the Company.

### **Stock-Based Compensation**

Stock-based compensation cost related to stock options granted under the 2007 Equity Incentive Plan and the May 2011 and August 2011 Plans (together the "2011 Equity Incentive Plans") (see Note 7) is measured at grant date, based on the fair value of the award, and is recognized as an expense over the employee's requisite service period. The Company estimates the fair value of each option award on the date of grant using a Black-Scholes option-pricing model that uses the assumptions noted in the table below. The Company estimates the fair value of its common stock using the closing stock price of its common stock as quoted on the OTCQB on the date of the agreement. Prior to April 1, 2012, due to limited trading history and volumes, the Company estimated the fair value of its common stock using recent independent valuations or the value paid in the most recent equity or financing transactions. The Company estimates the volatility of its common stock at the date of grant based on the volatility of comparable peer companies that are publicly traded and have had a longer trading history than itself. The Company determines the expected life based on historical experience with similar awards, giving consideration to the contractual terms, vesting schedules and post-vesting forfeitures. The Company uses the risk-free interest rate on the implied yield currently available on U.S. Treasury issues with an equivalent remaining term approximately equal to the expected life of the award. The Company has never paid any cash dividends on its common stock and does not anticipate paying any cash dividends in the foreseeable future. The Company used the following assumptions for options granted under the 2007 and the 2011 Equity Incentive Plans during the twelve months ended December 31, 2012 and 2011:

<i><b>2007 Equity Incentive Plan Assumptions</b></i>	Twelve Months Ended	
	December 31, 2012	December 31, 2011
Expected term	n/a	5 years
Weighted average volatility	n/a	54.96%
Weighted average risk free interest rate	n/a	2.36%
Expected dividends	n/a	—

  

<i><b>2011 Equity Incentive Plan Assumptions</b></i>	Twelve Months Ended	
	December 31, 2012	December 31, 2011
Expected term	5 years	5 years
Weighted average volatility	54.89%	55.05%
Weighted average risk free interest rate	0.75%	1.84%
Expected dividends	—	—

The Company estimates forfeitures when recognizing compensation expense and this estimate of forfeitures is adjusted over the requisite service period based on the extent to which actual forfeitures differ, or are expected to differ, from such estimates. Changes in estimated forfeitures are recognized through a cumulative catch-up adjustment, which is recognized in the period of change,

and also impact the amount of unamortized compensation expense to be recognized in future periods. Current average expected forfeiture rates were 50.21% during the twelve months ended December 31, 2012 and 2011.

**Non-Employee Stock-Based Compensation**

The Company's accounting policy for equity instruments issued to consultants and vendors in exchange for goods and services follows the provisions of ASC 505, "Equity-Based Payments to Non-Employees." The measurement date for the fair value of the equity instruments issued is determined at the earlier of (i) the date at which a commitment for performance by the consultant or vendor is reached or (ii) the date at which the consultant or vendor's performance is complete. In the case of equity instruments issued to consultants, the fair value of the equity instrument is recognized over the term of the consulting agreement. Stock-based compensation related to non-employees is accounted for based on the fair value of the related stock or options or the fair value of the services, whichever is more readily determinable.

**Segment Information**

The Company does not identify separate operating segments for management reporting purposes. The results of operations are the basis on which management evaluates operations and makes business decisions.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Recent Accounting Pronouncements**

There are several new accounting pronouncements issued by the Financial Accounting Standards Board ("FASB") which are not yet effective. Management does not believe any of these accounting pronouncements will be applicable and therefore will not have a material impact on the Company's financial position or operating results.

**NOTE 2. PROPERTY AND EQUIPMENT**

Property and equipment consists of the following:

	December 31, 2012	December 31, 2011
Furniture and fixtures	\$ 153,521	\$ 144,512
Office equipment	23,400	23,400

Less accumulated depreciation and amortization	(173,732)	(175,059)
Property and equipment, net	<u>\$ 113,757</u>	<u>\$ 152,434</u>

Computer equipment includes items under capital leases totaling \$87,840 as of December 31, 2012 and 2011. Accumulated amortization relating to equipment under capital leases totaled \$55,008 and \$25,728 as of December 31, 2012 and 2011, respectively. Depreciation and amortization expense on property and equipment recorded in general and administrative expense in the accompanying statements of operations was \$49,980 and \$41,915 for the twelve months ended December 31, 2012 and 2011, respectively.

**NOTE 3. INTANGIBLE ASSETS**

**Loan Acquisition Costs**

In conjunction with the issuance of note payables in 2012 and 2008 (see Note 4), the Company incurred \$27,800 and \$12,650, respectively in legal fees. These costs were capitalized as loan acquisition costs and are amortized over the term of the debt using the effective interest method. Amortization of loan costs included in interest expense in the accompanying statements of operations was \$25,923 and \$3,795 in the twelve months ended December 31, 2012 and 2011, respectively. The remaining value of loan costs as of December 31, 2012 is \$1,877.

**Customer List Acquisition**

In July 2011, the Company acquired a network of customers that included approximately 12,000 advertisers and 20,000 Twitter publishers in 143 countries from Magpie & Friends Ltd., a private limited company organized under the laws in England and Wales. The Company recorded total costs of \$125,525 for the purchase of these customers including the issuance of warrants to acquire 250 shares of common stock valued at \$1,760. In December 2012, after analyzing expected future cash flows the customer list it acquired in 2011, the Company determined that the fair value of this asset exceeded its carrying value as of December 31, 2012 and recorded a \$48,249 impairment on the value of the customer lists in general and administrative expenses in the accompanying statements of operations. Additionally, the Company estimated that its future cash flows from these customers would be minimal after one more year and, therefore, determined that the remaining fair value of \$18,000 should be amortized equally over the remaining estimated useful life of one year. Amortization of asset costs included in general and administrative expense in the accompanying statements of operations was \$41,842 and \$17,434 for the twelve months ended December 31, 2012 and 2011. Future amortization costs are estimated to be \$19,877 in 2013.

Net intangible assets consists of the following:

	December 31, 2012	December 31, 2011
Loan acquisition costs	\$ 27,800	\$ —
Customer lists	125,525	125,525
<b>Total</b>	<b>153,325</b>	<b>125,525</b>

<b>Intangible assets, net</b>	<b>\$ 19,877</b>	<b>\$ 108,091</b>

**NOTE 4. NOTES PAYABLE**

**Note Payable – Bank**

On July 15, 2008, IZEA entered into a \$1,000,000 Loan and Security Agreement (“Note Payable”) with Silicon Valley Bank, with an interest rate of 8% per annum, payable monthly. Interest only was payable through December 31, 2008. Repayment of principal was due in thirty-six consecutive equal monthly installments, or approximately \$333,333 per year, beginning in January 2009 through December 31, 2011. The Note Payable was secured by all assets of IZEA until it was paid in full in December 2011.

In conjunction with the issuance of the Note Payable, IZEA also issued initial warrants to purchase 2,216 shares of Series A common stock, immediately exercisable, at an exercise price of \$0.2039 per share. Per the terms of the Note Payable, IZEA also issued 1,108 additional warrants, containing similar terms as the initial warrants, for a total of 3,324 warrants issued under the Note Payable. The fair value associated with the warrants was not recorded since the amount was insignificant to the financial statements. The warrants expire on July 15, 2015 and automatically convert to common stock on this date if the fair market value of the Company’s common stock is greater than the warrant exercise price. Upon closing of the exchange on May 12, 2011 (see Note 7), the Company assumed these outstanding warrants of IZEA and authorized the issuance of replacement warrants to purchase 84 shares of its common stock at an exercise price of \$8.16 per share.

**Bridge Notes**

On May 11, 2011, IZEA sold an aggregate \$500,000 principal amount of 6% secured promissory notes (“Bridge Notes”) in a private placement transaction. The purchasers of Bridge Notes paid an aggregate gross purchase price of \$500,000 for such Bridge Notes. The Bridge Notes were paid in full through their exchange into 50 Units in the May 2011 Offering as described in Note 7.

**Convertible Notes Payable – Related Parties**

On February 3, 2012, the Company issued a senior secured promissory note in the principal amount of \$550,000 with an original issuance discount of \$50,000, plus \$3,500 in lender fees to two of its existing shareholders. In connection with the note, the Company incurred expenses of \$21,800 for legal and other fees. Accordingly, net cash proceeds from the note amounted to \$474,700. Unless earlier converted, exchanged or prepaid, the note matured on February 2, 2013. The note may be prepaid by the Company at any time. The obligations under the note are first priority senior secured obligations (subject to an equipment lease) and are secured by substantially all of the Company's assets. The face value of the note may be exchanged at the option of the holders into the applicable dollar amount of equity securities issued by the Company in a subsequent financing. The holders were permitted to convert the outstanding principal amount of the note at a conversion price of 90% of the closing price of the Company's common stock on the trading day prior to the date that the note becomes convertible, subject to further adjustment in

the case of stock splits, reclassifications, reorganizations, certain issuances at less than the conversion price and the like, without limitation on the number of shares that could potentially be issued. The Company is further subject to certain liquidated damages if it fails to timely effectuate a conversion under the terms of the note. Until such time that the note is no longer outstanding, without the consent of the holders, the Company was prohibited from incurring certain debt, selling any account receivable or declaring any dividend. From October 2012 through December 2012, the noteholders of this promissory note, converted \$437,850 of note value into 2,069,439 shares of common stock at an average conversion rate of \$.21 per share. This note had a carrying balance of \$106,355 with a 12.78% effective rate of interest and an unamortized discount of \$5,795 remaining as of December 31, 2012. The note was fully amortized and on February 4, 2013, the Company satisfied all of its remaining obligations under this note when the noteholders converted the final balance owed of \$112,150 into 773,983 shares of common stock at an average conversion rate of \$.145 per share. In accordance with accounting standards for classification of debt, the Company has reflected the balance of this note as a long term liability as of December 31, 2012 since it was converted to equity and will not require the use of working capital in the future.

On May 4, 2012, the Company issued a 30-day promissory note to two of its existing shareholders in the principal amount of \$75,000, incurring \$6,000 in expenses for legal fees, which resulted in net proceeds of \$69,000. In June 2012, the note was extended until December 4, 2012 and the parties agreed that the noteholders could convert the note at any time on or before the maturity date into shares of common stock at a conversion price equal to the lower of (i) \$5.00 per share or (ii) 90% of the then market price based on a volume weighted average price per share of the Company's common stock for the ten trading days prior to the conversion date. The note bears interest at a rate of 8% per annum. The noteholders did not elect to convert this note and the Company was not able to pay the balance owed upon its maturity on December 4, 2012. Therefore, the conversion feature expired and the note is currently in default bearing interest at the default rate of 18% per annum. The amount owed on this note as of December 31, 2012 was \$75,000, plus \$4,007 in accrued interest.

Proceeds from the note financings were allocated first to the embedded conversion option (see Note 5) that required bifurcation and recognition as a liability at fair value and then to the carrying value of the notes. The carrying value of the notes is subject to amortization, through charges to interest expense, over the term to maturity using the effective interest method. During the twelve months ended December 31, 2012 and 2011, interest expense on the notes amounted to \$79,488 and \$13,466, respectively. Direct finance costs allocated to the embedded derivatives were expensed in full upon issuance of the notes. Direct finance costs allocated to the notes are subject to amortization, through charges to interest expense, using the effective interest method. During the twelve months ended December 31, 2012 and 2011, interest expense related to the amortization of finance costs amounted to \$25,923 and \$3,795, respectively.

#### **NOTE 5. DERIVATIVE FINANCIAL INSTRUMENTS**

Derivative financial instruments are defined as financial instruments or other contracts that contain a notional amount and one or more underlying (e.g. interest rate, security price or other variable), require no initial net investment and permit net settlement. Derivative financial instruments may be free-standing or embedded in other financial instruments. Further, derivative financial instruments are initially, and subsequently, measured at fair value and recorded as liabilities or, in rare instances, assets. The Company generally does not use derivative financial instruments to hedge exposures to cash-flow, market or foreign-currency risks. However, the Company entered into financing transactions during the years ended December 31, 2012 and 2011 that gave rise to derivative liabilities. These financial instruments are carried as derivative liabilities, at fair value, in the Company's financial statements. Changes in the fair value of derivative financial instruments are required to be recorded in other income in the period of change. Accordingly, all income and expense amounts discussed below are reflected in the Company's consolidated statements of operations in other income under loss on exchange of warrants or change in fair value of derivatives.

The following table summarizes the Company's activity and fair value calculations of its derivative warrants and convertible promissory notes for the years ended December 31, 2012 and 2011.

The Company calculated the fair value of its warrant liability and compound embedded derivatives using the valuation methods and inputs described below.

**Derivative Warrants**

On September 11, 2012, the Company closed on a public offering of 2,200,000 shares of its common stock at an offering price of \$1.00 per share and issued warrants to the underwriter to purchase 110,000 shares of common stock, which had a fair value of \$49,170 (see Note 7). The Company determined that these warrants required classification as a liability and recorded this value on the balance sheet as a Warrant Liability.

In applying current accounting standards to the 153,882 warrant shares issued in the May 2011 Offering, the 110,000 warrant shares issued in the September 2012 public offering (see Note 7) and the 250 warrant shares issued in July 2011 during a customer list acquisition (see Note 3), the Company determined that the warrants require classification as a liability due to certain registration rights and listing requirements in the agreement.

The Company recorded income resulting from the change in the fair value of the warrants during the twelve months ended December 31, 2012 and 2011 in the amount of \$779,083 and \$332,484, respectively.

From May through August 2012, pursuant to separate private transactions with twenty-four warrant holders, the Company redeemed warrants to purchase an aggregate of 135,782 shares of common stock for the same number of shares without the Company receiving any further cash consideration. The redemptions were treated as an exchange wherein the \$821,946 fair value of the newly issued common stock was recorded and the difference between that and the \$19,823 carrying value of the warrants received in the exchange is recorded in the Company's consolidated statements of operations in other income under loss on exchange of warrants. As a result of the exchange, the Company recognized a loss on the exchange of these warrants in the amount of \$802,123 during the twelve months ended December 31, 2012.

The derivative warrants were valued using a Binomial Lattice Option Valuation Technique ("Binomial"). Significant inputs into this technique are as follows:

<i>Binomial Assumptions</i>	Inception Dates				
	May 24 and 26, 2011	August 15, 2011	September 11, 2012	December 31, 2011	December 31, 2012
Fair market value of asset <sup>(1)</sup>	\$13.20	\$13.20	\$0.95	\$12.50	\$0.22

Implied expected life <sup>(3)</sup>	4.9 years	4.9 years	4.9 years	4.4--4.6 Years	4.6 years
Volatility range of inputs <sup>(4)</sup>	64.4%--95.8%	61.9%--94.7%	50.9%--86.3%	63.4%--92.2%	45.82%--84.21
Equivalent volatility <sup>(3)</sup>	76.90%	75.20%	65.31%	74.2%	60.20%
Risk-free interest rate range of inputs <sup>(5)</sup>	0.11%--1.81%	0.08%--0.99%	0.02%--0.96%	0.02%--0.83%	0.11%--0.72%
Equivalent risk-free interest rate <sup>(3)</sup>	0.50%	0.33%	0.22%	0.27%--0.31%	0.32%

(1) The fair market value of the asset was determined by the Company using all available information including, but not limited to the trading market price and the actual, negotiated prices paid by the independent investors in the May 2011 Offering and a private offering in December 2011.

(2) The term is the contractual remaining term, allocated among twelve equal intervals for purposes of calculating other inputs, such as volatility and risk-free rate.

(3) The implied expected life, and equivalent volatility and risk-free interest rate amounts are derived from the Binomial.

(4) The Company does not have a market trading history upon which to base its forward-looking volatility. Accordingly, the Company selected peer companies that provided a reasonable basis upon which to calculate volatility for each of the intervals described in (1), above.

(5) The risk-free rates used for inputs represent the yields on zero coupon US Government Securities with periods to maturity consistent with the intervals described in (1), above.

### **Compound Embedded Derivative**

The Company concluded that the compound embedded derivative in its \$550,000 senior secured promissory note issued on February 3, 2012 and its \$75,000 convertible promissory note as modified on June 6, 2012 (see Note 4) required bifurcation and liability classification as derivative financial instruments as they were not considered indexed to the Company's own stock as defined in ASC 815, *Derivatives and Hedging*. From October 2012 through December 2012, the noteholders on the Company's \$550,000 senior secured promissory note converted \$437,850 of note value into 2,069,439 shares of common stock at an average conversion rate of \$.21 per share. The Company recorded the related \$83,663 value of the compound embedded derivative on the converted portion as a charge to additional paid-in capital. The Company recorded expense resulting from the change in the fair value of the compound embedded derivatives during the twelve months ended December 31, 2012 in the amount of \$67,704.

The Monte Carlo Simulation ("MCS") technique was used to calculate the fair value of the compound embedded derivatives because it provides for the necessary assumptions and inputs. The MCS technique, which is an option-based model, is a generally accepted valuation technique for valuing embedded conversion features in hybrid convertible notes, because it is an open-ended valuation model that embodies all significant assumption types, and ranges of assumption inputs that the Company agrees would likely be considered in connection with the arms-length negotiation related to the transference of the instrument by market participants. In addition to the typical assumptions in a closed-end option model, such as volatility and a risk free rate, MCS incorporates assumptions for interest risk, credit risk and redemption behavior. In addition, MCS breaks down the time to expiration into potentially a large population of time intervals and steps. However, there may be other circumstances or considerations, other than those addressed herein, that relate to both internal and external factors that would be considered by market participants as it relates specifically to the Company and the subject financial instruments. The effects, if any, of these considerations cannot be reasonably measured, quantified or qualified.

The following table shows the summary calculations arriving at the compound embedded derivative values as of February 3, 2012, June 6, 2012 and December 31, 2012. See the assumption details for the composition of these calculations.

<b>Compound Embedded Derivative</b>	February 3, 2012	June 6, 2012	December 31, 2012
Notional amount	\$ 505,785	\$ 75,000	\$ 106,355
Conversion price	21.60	2.88	0.20
Linked common shares <sup>(1)</sup>	23,416	26,042	537,146
MCS value per linked common share <sup>(2)</sup>	0.52	0.60	0.02
<b>Total</b>	<b>\$ 12,151</b>	<b>\$ 15,625</b>	<b>\$ 11,817</b>

(1) The Compound Embedded Derivative is linked to a variable number of common shares based upon a percentage of the Company's closing stock price as reflected in the over-the-counter market. The number of linked shares will increase as the trading market price decreases and will decrease as the trading market price increases. The fluctuation in the number of linked common shares will have an effect on fair values in future periods.

(2) The Note embodied a contingent conversion feature that was predicated upon a financing transaction that was planned for a date between the issuance date and March 2, 2012. If the financing occurred, the maturity date of the Note was August 2, 2012. If the financing did not occur, the maturity date of the Note was February 2, 2013. While, in hindsight, the financing did not occur, the calculation of value must consider that on the issuance date the contingency was present and resulted in multiple scenarios of outcome as it related to the conversion feature subject to bifurcation. The mechanism for building this contingency into the MCS value was to perform two separate calculations of value and weight them on a reasonable basis.

Significant inputs into the Monte Carlo Simulation used to calculate the compound embedded derivative values as of February 3, 2012, June 6, 2012 and December 31, 2012 are as follows:

<b>Monte Carlo Assumptions</b>	Inception Date February 3, 2012	Inception Date June 6, 2012	December 31, 2012
Fair market value of asset <sup>(1)</sup>	\$12.50	\$3.20	\$0.22
Conversion price	\$21.60	\$2.88	\$0.20
Term <sup>(2)</sup>	.5 - 1 year	0.60 years	0.09 years
Implied expected life <sup>(3)</sup>	0.74 years	0.58 years	0.09 years
Volatility range of inputs <sup>(4)</sup>	44.23%--70.30%	53.54%--68.00%	16.12%--40.17%
Equivalent volatility <sup>(3)</sup>	55.9%	59.2%	30.7%
Risk adjusted interest rate range of inputs <sup>(5)</sup>	10.00%--30.95%	7.62%--12.33%	10.00%
Equivalent risk-adjusted interest rate <sup>(3)</sup>	16.43%	9.33%	10.00%
Credit risk-adjusted interest rate <sup>(6)</sup>	12.71%	15.74%	15.63%

(1) The fair market value of the asset was determined by management using all available information including, but not limited to, the trading market price and the actual, negotiated prices paid by a private investor in December 2011.

(2) The term is the contractual remaining term, allocated among twelve equal intervals for purposes of calculating other inputs, such as volatility and risk-free rate.

(3) The implied expected life, and equivalent volatility and risk-free risk-adjusted interest rate amounts are derived from the MCS.

(4) The Company does not have a market trading history upon which to base its forward-looking volatility. Accordingly, the Company selected peer companies that provided a reasonable basis upon which to calculate volatility for each of the intervals described in (1) above.

(5) CED's bifurcated from debt instruments are expected to contain an element of market interest risk. That is, the risk that market driven interest rates will change during the term of a fixed rate debt instrument.

(6) The Company utilized a yield approach in developing its credit risk assumption. The yield approach assumes that the investor's yield on the instrument embodies a risk component, generally, equal to the difference between the actual yield and the yield for a similar instrument without regard to risk.

**NOTE 6. COMMITMENTS & CONTINGENCIES**

**Lease Commitments**

***Operating Leases***

In December 2012, the Company moved its corporate headquarters to 1000 Legion Place, Suite 1600, in Orlando, Florida upon the expiration of its former lease. The Company entered into a one year sub-lease agreement for these premises with total rent owed of \$85,000 payable in two equal installments.

In July 2011, the Company entered into three separate agreements to rent satellite sales office space in New York City, Chicago and Los Angeles through short-term rental agreements. The leases for Chicago and Los Angeles expired in 2012 and the lease for New York City is continuing on a month-to-month basis after its initial term of one year ended on July 31, 2012. The Company is obligated to pay applicable sales taxes and utilities along with the monthly rental payment.

***Capital Leases***

During 2010 and 2011, the Company entered into capital leases for equipment which expire in June 2012 and August 2014, respectively. The balance outstanding under the leases are disclosed in the current and long-term portion of capital lease obligations on the accompanying balance sheet was \$27,850 and \$52,920 at December 31, 2012 and December 31, 2011, respectively. See Note 2 for more information on the Company's equipment under capital leases.

A summary of future minimum lease payments under the Company's non-cancelable leases as of December 31, 2011 is as follows:

<b>Year ending December 31:</b>		<b>Capital Leases</b>	<b>Operating Leases</b>
	2013	\$ 21,599	\$ 81,458
	2014	10,799	
<b>Total minimum lease payments</b>		<b>32,398</b>	<b>\$ 81,458</b>
Less amount representing interest		(4,548)	
<b>Total principal lease payments</b>		<b>27,850</b>	
Less current maturities		(17,638)	
<b>Total long term obligations</b>		<b>\$ 10,212</b>	

Total rent expense recorded in general and administrative expense in the accompanying statements of operations was approximately \$329,000 and \$287,000 for the twelve months ended December 31, 2012 and 2011, respectively.

**Retirement Plans**

In December 2007, the Company introduced a 401(k) plan that covered all eligible employees. The Company matches participant contributions in an amount equal to 50% of each participant's contribution up to 8% of the participant's salary. The participants become vested in 20% annual increments after 2 years of service. During the twelve months ended December 31, 2012 and 2011, the Company incurred \$40,405 and \$20,239, respectively, in expense for matching employer contributions.

**Litigation**

From time to time, the Company may become involved in various lawsuits and legal proceedings that arise in the ordinary course of business. Litigation is, however, subject to inherent uncertainties, and an adverse result in these or other matters may harm the Company's business.

On October 17, 2012, Blue Calypso, Inc. filed a complaint against the Company in the U.S. District Court for the Eastern District of Texas accusing the Company of infringing a patent related to peer-to-peer advertising between mobile communication devices seeking unspecified damages. The Company made a request that the Texas court transfer the matter to the Middle District of Florida, but no ruling has yet been made on that motion. At this stage, the Company does not have an estimate of the likelihood or the amount of any potential exposure to it. The Company believes that there is no merit to this suit and intends to vigorously defend itself.

The Company is currently not aware of any other legal proceedings or claims that it believes would or could have, individually or in the aggregate, a material adverse effect on its operations or financial position.

## **NOTE 7. STOCKHOLDERS' DEFICIT**

### **Share Exchange and Cancellation**

Pursuant to the Share Exchange Agreement on May 12, 2011 (the "Exchange") between the Company and the shareholders of IZEA, all of the issued and outstanding capital stock of IZEA was transferred to the Company in exchange for 562,500 shares (approximately 64.29%) of the Company's common stock. Additionally, immediately prior to the exchange, IZEA had outstanding options to purchase an aggregate of 3,712,365 shares of Series A common stock and outstanding warrants to purchase 3,324 shares of Series A common stock. Upon closing of the Exchange, the Company assumed the outstanding options of IZEA and authorized the issuance of 92,823 replacement options to these option-holders pursuant to the Company's 2011 Equity Incentive Plan. Furthermore, upon closing of the Exchange, the Company assumed the outstanding warrants of IZEA and authorized the issuance of replacement warrants to purchase 84 shares of its common stock to the former warrant-holder.

Immediately following the closing of the Exchange, under an Agreement of Conveyance, Transfer and Assignment of Assets and Assumption of Obligations, the Company transferred all of its pre-exchange assets and liabilities to a wholly-owned subsidiary, RTL Holdings, Inc. and thereafter, pursuant to a stock purchase agreement, transferred all of the outstanding capital stock of RTL Holdings, Inc. to Anthony Barron, the Company's former officer and director, in exchange for the cancellation the Company's common stock he owned. Immediately after the exchange and cancellation, the Company had 312,500 shares of common stock outstanding plus the 562,500 shares issued to the IZEA shareholders for a total of 875,000 shares of common stock issued and outstanding as of May 12, 2011.

### **Authorization of Convertible Preferred Stock**

In May 2011, the Board of Directors designated 240 shares of its Preferred Stock as Series A Preferred Stock. Each share of Series A Preferred Stock is convertible into 758 shares of common stock at the option of the preferred holder and does not have a redemption feature.

### **Stock Financing Transactions and Registration Rights**

On May 24, 2011, May 26, 2011 and August 15, 2011, the Company entered into subscription agreements with certain investors (the "Investors") whereby it raised \$3,330,000 through the sale of 333 units (the "Units"), at a purchase price of \$10,000 per Unit (the "May 2011 Offering"). Each Unit consisted of either (i) approximately 758 shares of the Company's common stock or (ii) one share of the Company's Series A convertible preferred stock, par value \$.0001 per share, which is convertible into approximately 758 shares of common stock, plus a fully exercisable, five-year warrant to purchase approximately 455 shares of common stock for \$9,091 or \$20 per linked share of common stock (the "Warrants").

As a result of the May 2011 Offering, Investors who purchased 230 Units elected to receive preferred stock and Investors who purchased 103 Units elected to receive common stock. Accordingly, the Company issued (i) 78,030 shares of common stock, (ii) 230 shares of Series A preferred stock, which are linked by conversion to 174,243 shares of common stock, and (iii) 333 warrant contracts which had a fair value of \$1,065,610 and are linked by exercise to an aggregate of 151,382 shares of common stock.

In connection with the May 2011 Offering, the Company incurred expenses of \$286,593 for placement agent, legal and other fees. Accordingly, net cash proceeds from the May 2011 Offering amounted to \$3,043,407. Additionally, the Company issued warrants to the placement agent to purchase 2,500 shares of common stock, which had a fair value of \$17,600, with the same terms and conditions as the Warrants issued to the investors in the May 2011 Offering.

In May and June 2012, in accordance with the terms of the May 2011 Offering financing documents, Investors converted 225 shares of the Series A preferred stock into 170,455 shares of common stock. As of December 31, 2012, only 5 shares of the Series A preferred stock remained outstanding.

From May through August 2012, pursuant to separate private transactions with twenty four warrant holders, the Company redeemed warrants to purchase an aggregate of 135,782 shares of common stock for the same number of shares without the Company receiving any further cash consideration. These transactions were effected in order to reduce the substantial overhang represented by the warrants issued in the May 2011 Offering. As a result of the exchange, the Company recognized a loss on the exchange of these warrants in the amount \$802,123 during the twelve months ended December 31, 2012 (see Note 5).

On May 8 and 15, 2012, the Company sold a total of 274,224 shares of its common stock at a purchase price of \$5.00 per share, receiving gross proceeds of \$1,371,120, in a private placement to accredited investors, pursuant to the terms of a Common Stock

Purchase Agreement. The Company incurred expenses of \$149,262 in regards to the private placement and thus received \$1,221,858 in net proceeds. Pursuant to the terms of a Registration Rights Agreement, the Company timely filed a registration statement with the SEC for purposes of registering the resale of the shares of common stock sold in the private placement on June 6, 2012. This registration statement was declared effective by the SEC on September 5, 2012.

On August 1, 2012, Edward H. (Ted) Murphy, the Company's President and Chief Executive Officer, purchased 8,000 shares of the Company's common stock directly from the Company in a private transaction approved by disinterested members of the Company's board of directors. Mr. Murphy paid a total purchase price of \$19,200 or \$2.40 per common share, the market price on August 1, 2012.

On August 6, 2012, Ryan S. Schram, the Company's Chief Operating Officer, purchased 8,000 shares of the Company's common stock directly from the Company in a private transaction approved by the Company's board of directors. Mr. Schram paid a total purchase price of \$19,200 or \$2.40 per common share, the market price on August 6, 2012.

On August 6, 2012, Brian W. Brady, a private investor who became a director of the Company on August 7, 2012, made a private investment of \$100,000 for the purchase of 41,667 shares of the Company's common stock at \$2.40 per share. In accordance with the terms of the stock subscription agreement, if the Company's future public offering as discussed below was priced and sold below \$2.40 per share within 120 days following the closing of his investment, the Company would issue additional shares to him, effectively adjusting the purchase price per share to 10% below the public offering price, with a floor of \$0.50 per share. Mr. Brady also received 35,000 shares of the Company's restricted common stock and received a \$10,000 cash finance fee upon the closing of the public offering. On September 11, 2012, the Company issued an additional 69,445 shares of common stock to Mr. Brady, so that he received a total of 111,112 shares at an effective price of \$0.90 per share.

On September 11, 2012, the Company closed on a public offering of 2,200,000 shares of its common stock at an offering price of \$1.00 per share, receiving gross proceeds of \$2,200,000. In connection with the September 2012 offering, the Company incurred expenses of \$502,858 for underwriter fees, legal and other expenses. Accordingly, net cash proceeds from the September 2012 offering amounted to \$1,697,142. Additionally, the Company issued warrants to the underwriter to purchase 110,000 shares of common stock, which had a fair value of \$49,170 that was recorded as an additional cost of the offering. The warrants are fully exercisable after August 23, 2013 at an exercise price of \$1.25 per share and expire on August 23, 2017.

### **Convertible Securities**

From October 2012 through December 2012, the noteholders on the Company's \$550,000 senior secured promissory note converted \$437,850 of note value into 2,069,439 shares of common stock at an average conversion rate of \$.21 per share. The Company recorded the related \$83,663 value of the compound embedded derivative on the converted portion as a charge to additional paid-in capital.

### **Stock Issued for Services**

On May 24, 2011, the Company entered into an investor relations agreement, as amended, with a consulting company to provide investor relations services, including an investor marketing campaign, during 2011. In accordance with the agreement, the Company paid \$1,190,000 in cash with proceeds from the May 2011 Offering and issued 12,500 shares of common stock valued at \$165,000 based on \$13.20 per common share in August 2011. The Company subsequently received a refund of \$175,000 so that the net expense for these services recorded in general and administrative expense in the accompanying statements of operations in 2011 was \$1,180,000.

### **Stock Options**

In February 2007, the board of directors adopted the 2007 Equity Incentive Plan (the "2007 Plan"). The 2007 Plan allowed the Company to provide options as an incentive for employees and consultants. On May 11, 2011, the 2007 Plan was amended to increase the number available for issuance under the 2007 Plan from 2,313,317 to 4,889,829 shares of Series A common stock. In connection with a share exchange on May 12, 2011, all of the outstanding stock options to purchase 3,712,365 shares of Series A common stock under the 2007 Plan were canceled, effectively terminating the 2007 Plan. The Company simultaneously issued new stock options for 92,823 shares of common stock to the same employees under a new 2011 Equity Incentive Plan of IZEA, Inc. adopted on May 12, 2011 (the "May 2011 Plan"). The cancellation and replacement of the stock options under the 2007 Plan were accounted for as a modification of the terms of the canceled awards. There was a minimal incremental difference required to be recorded on 2,743 shares where the fair value of the replacement options exceeded the fair value of the canceled options at the date of cancellation and replacement. On May 25, 2012, upon consent from holders of a majority of the Company's outstanding voting capital stock, the Company increased the number of common shares available for issuance under the May 2011 Plan from 177,500 to 613,715 shares. On May 25, 2012, the Board approved a cancellation of stock options for 82,542 shares of common stock granted to its three executive officers with an average exercise price of \$20.00 per share, expiring in May 2016. These

options were subsequently reissued with an exercise price of \$6.00 per share (110% of the closing stock price on such date) expiring on May 25, 2017. The modification of these options did not result in any incremental compensation cost. As of December 31, 2012, 354,477 option shares have been granted and are outstanding and 1,234 have been exercised, leaving an aggregate of 258,004 shares of common stock available for future grants under the May 2011 Plan.

On August 22, 2011, the Company adopted the 2011 B Equity Incentive Plan of IZEA, Inc. (the "August 2011 Plan") reserving for issuance an aggregate of 87,500 shares of common stock under the August 2011 Plan. As of December 31, 2012, 37,500 option shares have been granted and are outstanding, leaving 50,000 shares of common stock available for future grants under the August 2011 Plan.

Under both the May 2011 Plan and the August 2011 Plan, the board of directors determines the exercise price to be paid for the shares, the period within which each option may be exercised, and the terms and conditions of each option. The exercise price of the incentive and non-qualified stock options may not be less than 100% of the fair market value per share of the Company's common stock on the grant date. If an individual owns stock representing more than 10% of the outstanding shares, the price of each share of an incentive stock option must be equal to or exceed 110% of fair market value. Unless otherwise determined by the board of directors at the time of grant, the right to purchase shares covered by any options under the May and August 2011 Plans typically vest over the requisite service period as follows: 25% of options shall vest one year from the date of grant and the remaining options shall vest monthly, in equal increments over the following 3 years. The term of the options is up to 10 years. The Company issues new shares to the optionee for any stock awards or options exercised pursuant to its equity incentive plans.

A summary of option activity under the 2007 Plan for Series A common stock from January 1, 2011 through May 12, 2011, the date the 2007 Plan was canceled, is presented below:

<b>2007 Plan</b>			
<i>Options</i>	Series A Common Shares	Weighted Average Exercise Price	Weighted Average Remaining Life (Years)
Outstanding at December 31, 2010	69,970	\$ 1.08	2.00

Canceled	(3,712,365)	0.05	
<b>Outstanding at May 12, 2011 (date Plan was canceled)</b>	<b>—</b>	<b>\$ —</b>	<b>—</b>

During the year ended December 31, 2011, there were options exercised into 13,497 shares of the Company's Series A common stock for cash proceeds of \$404 respectively. There was no intrinsic value on the options exercised during the year ended December 31, 2011.

A summary of option activity under the May and August 2011 Plans for the years ended December 31, 2012 and 2011 is presented below:

<i>Options Outstanding</i>	Common Shares	Weighted Average Exercise Price	Weighted Average Remaining Life (Years)
Outstanding at December 31, 2010	—	\$ —	
Granted	119,707	17.09	
Exercised	(683)	2.00	
Forfeited	(4,579)	6.18	
Outstanding at December 31, 2011	114,445	\$ 17.61	4.4

Exercisable at December 31, 2012	83,350	\$ 6.04	4.3

During the twelve months ended December 31, 2011, options were exercised into 683 shares of the Company's common stock for cash proceeds of \$1,362. The intrinsic value of these options was \$7,568. During the twelve months ended December 31, 2012, options were exercised into 551 shares of the Company's common stock for cash proceeds of \$1,099. The intrinsic value of these options was \$5,769. There is no aggregate intrinsic value on the outstanding or exercisable options as of December 31, 2012 since the weighted average exercise price exceeded the fair value on such date. In March 2012, the Company modified one employee option agreement whereby it accelerated the vesting on all the remaining 2,329 unvested shares to current day and it extended the exercise period post termination from 90 days to 180 days. The modification resulted in an incremental difference of \$11,744 that was recorded and included in stock-based compensation expense during the twelve months ended December 31, 2012.

The following table contains summarized information related to nonvested stock options during the years ended December 31, 2012 and 2011 under the May and August 2011 Plans:

<i><b>Nonvested Options</b></i>	Common Shares	Weighted Average Grant Date Fair Value	Weighted Average Remaining Years to Vest
Nonvested at December 31, 2010	—	\$ —	
Granted	119,707	2.13

Forfeited	(43,753)	2.78	
Nonvested at December 31, 2012	308,627	\$ 2.17	2.9

Total stock-based compensation expense recognized on awards outstanding during the twelve months ended December 31, 2012 and 2011 was \$181,610 and \$75,950, respectively. Future compensation related to nonvested awards expected to vest of \$278,654 is estimated to be recognized over the weighted-average vesting period of 3 years.

#### **Restricted Stock Issued for Services**

In May 2012 and July 2012, the Company entered into seven agreements for celebrity endorsements of the Company's products and services whereby the Company paid cash of \$100,000 and issued a total of 135,521 shares of restricted common stock. In the majority of the agreements, the restricted stock vested 25% immediately upon the signing of the agreements and then vests 6.25% per month over the following twelve months during the term of the agreements.

On June 12, 2012, the Company issued 1,200 shares of restricted common stock to its investors' counsel in order to pay for legal services totaling \$6,000 related to the issuance of the \$75,000 convertible promissory note.

On July 2, 2012, the Company issued 71,221 shares of restricted common stock to its former legal counsel in order to pay for general legal services totaling \$356,103.

In August and September 2012, the Company issued 35,000 and 69,445 shares of restricted common stock as a result of a stock subscription agreement with its director, Brian Brady, as detailed above.

The following tables contain summarized information about nonvested restricted stock outstanding at December 31, 2012:

<i><b>Restricted Stock</b></i>	Common Shares
Nonvested at December 31, 2011	—
Granted	312,387
Vested	(263,805)
Forfeited	—
Nonvested at December 31, 2012	48,582

Total stock-based compensation expense recognized for restricted awards issued for services during the twelve months ended December 31, 2012 was \$675,538 of which \$313,435 is included in sales and marketing expense, \$356,103 is included in general

and administrative expense and \$6,000 is included in interest expense on the consolidated statements of operations. The fair value of the services are based on the value of the Company's common stock over the term of service. Future compensation related to nonvested restricted awards expected to vest and amortization of deferred finance costs of \$10,688 is estimated to be recognized over the remaining individual vesting periods of up to six months.

**NOTE 8. INCOME TAXES**

The components of the Company's net deferred income taxes are as follows (rounded):

	Twelve Months Ended December 31,	
	2012	2011
<b>Deferred tax assets:</b>		
Net operating loss carry forwards	\$ 8,457,000	\$ 6,836,000
Accrued expenses	32,000	37,000

The Company has incurred net losses since inception. At December 31, 2012, the Company had approximately \$22,526,000 in net operating loss carryforwards for U.S. federal and state income tax purposes that expire in various amounts between the years of 2026 and 2032. The Company's ability to deduct its historical net operating losses may be limited in the future due to IRC Section 382 limitations as a result of the substantial issuances of common stock in 2012. The change in valuation allowance for the years ended December 31, 2012 and 2011 was an increase of \$1,677,000 and \$1,583,000, respectively, resulting primarily from net operating losses generated during the periods.

**NOTE 9. LOSS PER COMMON SHARE**

Net losses were reported during the twelve months ended December 31, 2012 and 2011. As such, the Company excluded the following items from the computation of diluted loss per common share as their effect would be anti-dilutive:

## **NOTE 10. RELATED PARTY TRANSACTIONS**

As part of the Company's May 2011 Offering, as more fully discussed in Note 7, the Company sold an aggregate of \$50,000 worth of Units to Edward H. (Ted) Murphy, the Company's President and Chief Executive Officer and an entity under his control.

On August 1, 2012, Mr. Murphy purchased 8,000 shares of the Company's common stock directly from the Company in a private transaction approved by disinterested members of the Company's board of directors. Mr. Murphy paid a total purchase price of \$19,200 or \$2.40 per common share, the market price on August 1, 2012.

On August 6, 2012, Ryan S. Schram, the Company's Chief Operating Officer, purchased 8,000 shares of the Company's common stock directly from the Company in a private transaction approved by the Company's board of directors. Mr. Schram paid a total purchase price of \$19,200 or \$2.40 per common share, the market price on August 6, 2012.

On August 6, 2012, Brian W. Brady, a private investor who became a director of the Company on August 7, 2012, made a private investment of \$100,000 for the purchase of 41,667 shares of the Company's common stock at \$2.40 per share. In accordance with the terms of the stock subscription agreement, if the Company's future public offering as discussed below was priced and sold below \$2.40 per share within 120 days following the closing of his investment, the Company would issue additional shares to him, effectively adjusting the purchase price per share to 10% below the public offering price, with a floor of \$0.50 per share. Mr. Brady also received 35,000 shares of the Company's restricted common stock and received a \$10,000 cash finance fee upon the closing of the public offering. On September 11, 2012, the Company issued an additional 69,445 shares of common stock to Mr. Brady, so that he received a total of 111,112 shares at an effective price of \$0.90 per share.

On December 26, 2012, Mitchel Laskey was elected to the Company's Board of Directors. He was then appointed as the Chairman of the Board and Chairman of the Audit Committee. Upon his appointment, the Board approved a twelve month compensation arrangement whereby Mr. Laskey will receive \$10,000 cash per month, 60,000 restricted stock units in January 2013, 60,000 restricted stock units on June 27, 2013 and up to 120,000 additional restricted stock units to be issued at the discretion of the disinterested members of the compensation committee for Mr. Laskey's service as Chairman of the Board.

## **NOTE 11. SUBSEQUENT EVENTS**

No material events have occurred since December 31, 2012 that require recognition or disclosure in the financial statements, except as follows:

The Company entered into an agreement with a firm who will provide investor relations services for the Company for twelve months beginning January 3, 2013. In accordance with the agreement, the Company will pay the firm \$4,000 per month for twelve months beginning January 2013 and will issue 100,000 shares of common stock on or before January 15, 2013 and another 100,000 shares of common stock on or before July 15, 2013.

On February 4, 2013, the Company satisfied all of its remaining obligations under its \$550,000 senior secured promissory note when the noteholders converted the final balance owed of \$112,150 into 773,983 shares of common stock at an average conversion rate of \$.145 per share.

On February 6, 2013, the Company's Board of Directors and holders of a majority of the outstanding shares of common stock of the Company approved an increase in the number of authorized shares of common stock of the Company from 12,500,000 shares to 100,000,000 shares (the "Share Increase"). The Company amended its Articles of Incorporation to effect the Share Increase by filing a Certificate of Amendment with the Nevada Secretary of State on February 11, 2013. Additionally, on February 6, 2013, the Board amended its May 2011 Plan to increase the number of common shares available for issuance thereunder from 613,715 shares to 11,613,715 shares.

On March 1, 2013, the Company entered into a secured credit facility agreement with Bridge Bank, N.A. of San Jose, California. Pursuant to this agreement, the Company may submit requests for funding up to 80% of its eligible accounts receivable up to a maximum advance of \$1.5 million. The agreement requires the Company to pay an annual facility fee of \$7,500 (0.5% of the credit facility) and an annual due diligence fee of \$1,000. Interest accrues on the advances at the prime rate plus 2% per annum. The default rate of interest is prime plus 7%. If the agreement is terminated prior to March 1, 2014, then the Company will be required to pay a termination fee of \$18,750 (1% of the credit limit divided by 80%). As of March 22, 2013, the Company had \$185,470 outstanding under this agreement.

On March 18, 2013, the Company entered into an agreement with a consultant to provide business advisory and support services. In exchange for the services, the Company granted the consultant a stock option to purchase 1,000,000 shares of common stock at an exercise price of \$0.25 per share. The option vests in equal quarterly installments of 62,500 over 4 years beginning on March 18, 2013 and expires 10 years after the date of grant. Additionally, the Company will accrue a fee of \$10,000 per month that will become due and payable after the Company raises gross proceeds of at least \$1,000,000 through new debt or equity financing. This agreement may be terminated at any time by either party without penalty and all accrued but unpaid fees will be immediately due and payable. Upon a termination of the consulting agreement, the option agreement will be canceled as to any unvested options and all accrued and vested options will be deemed as earned and owed.

## **ITEM 9 – CHANGES IN DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE**

NONE

## **ITEM 9A – CONTROLS AND PROCEDURES**

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by us in the reports that we file under the Exchange Act is accumulated and communicated to our management, including our principal executive and financial officers, as appropriate to allow timely decisions regarding required disclosures.

In designing and evaluating the disclosure controls and procedures, our management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and our management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Furthermore, controls and procedures could be circumvented by the individual acts of some persons, by collusion or two or more people or by management override of the control. Misstatements due to error or fraud may occur and not be detected on a timely basis.

### **Evaluation of Disclosure Controls and Procedures**

In connection with the preparation of this annual report on Form 10-K as of December 31, 2012, an evaluation was performed under the supervision and with the participation of the Company's management including our Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), to determine the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of December 31, 2012. Based on this evaluation, our management concluded that our disclosure controls and procedures were effective as of December 31, 2012 to provide reasonable assurance that the information required to be disclosed by us in reports or submitted under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the rules and forms of the SEC and that such information is accumulated and communicated to management, including the Company's CEO and CFO, as appropriate, to allow timely decisions regarding required disclosure.

### **Management's Report on Internal Control over Financial Reporting**

Our management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act). Internal control over financial reporting is a process designed by, or under the supervision of, our principal executive officer and principal financial officer and effected by our Board of Directors, management and other personnel, to provide reasonable assurance regarding the reliability of our financial reporting and the preparation of financial statements for external purposes in accordance with accounting principles generally accepted in the United States of America. Internal control over financial reporting includes policies and procedures that:

- (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the Company’s transactions;
- (ii) provide reasonable assurance that transactions are recorded as necessary for the preparation of our financial statements in accordance with accounting principles generally accepted in the United States of America, and that receipts and expenditures are made only in accordance with authorizations of our management and directors; and
- (iii) provide reasonable assurance regarding prevention or timely detection of any unauthorized acquisition, use or disposition of our assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect financial statement misstatements. Also, projections of any evaluation of internal control effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Our management has assessed the effectiveness of our internal control over financial reporting as of December 31, 2012. In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the

Treadway Commission ("COSO") in Internal Control—Integrated Framework. Based on this evaluation, our management has concluded that our internal control over financial reporting was effective as of December 31, 2012.

**Changes in Internal Control over Financial Reporting**

There were no changes in our internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) that occurred during the quarter ended December 31, 2012 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

**PART III****ITEM 10 - DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE****Executive Officers, Directors and Key Employees**

The names and ages of our executive officers, directors and key employees, and their positions with us, are as follows:

Name	Age	Position
Mitchel J. Laskey	63	Director, Chairman of the Board
Edward H. (Ted) Murphy	36	Founder, President, Chief Executive Officer and Director
Donna L. Mackenzie	52	Chief Financial Officer, Secretary and Treasurer
Ryan S. Schram	32	Chief Operating Officer and Director
Brian W. Brady	54	Director
Daniel R. Rua	44	Director
Tom Geraghty	49	Senior Vice President of Products and Partnerships

The principal occupations for the past five years (and, in some instances, for prior years) of each of our executive officers, directors and key employees are as follows:

**Executive Officers**

**Edward H. (Ted) Murphy, Founder, President, Chief Executive Officer and Director**, founded IZEA in February 2006 as part of MindComet Corp., an interactive advertising agency that he started in 1999 and served as Chief Executive Officer. IZEA was later spun out of MindComet in September 2006. Mr. Murphy is a serial entrepreneur who is recognized as a pioneer in paid blogging and a catalyst behind the SMS industry. As the Founder, President and Chief Executive Officer, Mr. Murphy leads our company, both with his day-to-day operational leadership and with his strategic vision for the company and its products. His efforts have received recognition from media outlets including The Wall Street Journal, CNBC, Wired, USA Today, Forbes, The New York Times, Business Week, PC World, CNN Money, Fortune, Fortune Small Business and Business 2.0. In addition to media coverage, Mr. Murphy has spoken and keynoted panels at a variety of events including Blog World Expo, Always On, Florida Venture Forum, SMX and Dow Jones Venture One Summit. Mr. Murphy attended Florida State University before starting MindComet and several other earlier Internet-related businesses. Mr. Murphy was appointed as a director based on his extensive SMS industry knowledge and a deep background in social media, mobile technology and e-commerce, as well as significant experience in financing technology growth companies.

**Donna L. Mackenzie, Chief Financial Officer, Secretary and Treasurer**, joined us in September 2007, as a senior executive leading our financial, operational and customer service areas. Ms. Mackenzie was previously the Senior Vice President and Chief Financial Officer of Channel Intelligence, Inc. from 2003 to June 2007. Ms. Mackenzie currently serves as the President of the Central Florida Chapter of Financial Executives Institute (FEI), and also serves as a member at large of Council for the American Institute of Certified Public Accountants (AICPA). She is a licensed Certified Public Accountant in the State of Florida. Ms. Mackenzie holds a B.B.A. degree in accounting from the University of Alaska, Anchorage. Ms. Mackenzie brings transactional expertise in mergers and acquisitions, equity offerings and bank financings.

**Ryan S. Schram, Chief Operating Officer and Director**, joined us in September 2011 as a senior executive leading our client development, account management, brand marketing, public relations and publisher alliance organizations. Prior to joining us, from 2005 to 2011, Mr. Schram served in various leadership roles, most recently as Group Vice President, at ePrize, the industry leader in integrated engagement marketing. Prior to that, Mr. Schram held roles of increasing responsibility at CBS/Westwood One and Clear Channel Interactive. Mr. Schram holds a B.A. degree in management from the Eli Broad College of Business at Michigan State University.

**Directors**

**Mitchel J. Laskey, Director and Chairman of the Board**, was appointed to our Board of Directors and named as our Chairman of the Board on December 26, 2012. For more than 30 years, Mr. Laskey has held executive leadership positions for public and private companies in a variety of industries, including healthcare, electronics manufacturing, physical security and transportation, and he is currently an independent business adviser. From October 2006 to December 2012, Mr. Laskey was the President, CEO and Chairman of Brijot Imaging Systems, Inc., a leader in passive millimeter wave technology for the physical

security screening and detection market. A graduate of the University of South Florida (B.A. degree in accounting and marketing), Mr. Laskey is a Certified Public Accountant and currently serves or has served on the boards of numerous nonprofit, private and public companies, including CNL Bank (a Florida community bank with \$1.4 billion in assets) and Dynamic Healthcare Technologies, Inc. (Nasdaq: DHTI). Mr. Laskey is well qualified to serve as our Chairman due to his substantial knowledge and more than 30 years of working experience in operational leadership and corporate controls and governance.

**Brian W. Brady, Director**, joined our board of directors on August 7, 2012. Mr. Brady is the Founder and Chief Executive Officer of Northwest Broadcasting, Inc., which owns and operates seven television stations including FOX affiliates in four U.S. markets, since 1995. Mr. Brady has also been the President of Eagle Creek Broadcasting, which owns and operates a CBS affiliate in Laredo, Texas, since 2002. Mr. Brady served on the FOX Affiliate Board for nine years, serving as Chairman for four of those years. The FOX Affiliate Board is a representative body of independent stations affiliated with the FOX Network, part of News Corporation. He currently serves on the Boards of the National Association of Broadcasters (NAB) and Syncbak, Inc. Mr. Brady previously served on the board of directors of The Ferris Foundation and Saga Communications, a publicly-traded media company. Mr. Brady holds a B.S. degree in advertising from Ferris State University. Mr. Brady was selected to serve as a member of our board of directors due to his more than 25 years of experience in the multi-media industry making his input invaluable to us as we expand our portfolio of clients and platform offerings.

**Daniel R. Rua, Director**, rejoined our board of directors on July 31, 2012. Mr. Rua was previously our executive Chairman from September 2006 to May 2011 and an early investor in our predecessor entity IZEA Innovations, Inc. Mr. Rua has been a Managing Partner of Inflexion Partners, an early-stage venture capital fund, since January 2002. Prior to Inflexion, Mr. Rua was a Partner with Draper Atlantic, the east coast fund of Silicon Valley's early-stage venture firm Draper Fisher Jurvetson, from 1999 to 2002. Prior to Draper Atlantic, Mr. Rua led internet protocol development at IBM's Networking Labs in Research Triangle, from 1991 to 1999. Mr. Rua is a former director of InphoMatch (acquired by Sybase) and AuctionRover (acquired by Overture/Yahoo), and serves other board and operating roles as part of his technology investing. Mr. Rua holds a B.S. degree in computer engineering from the University of Florida. He also earned a J.D. from the University of North Carolina School of Law and an M.B.A. from the Kenan-Flagler Business School of the University of North Carolina. Mr. Rua was selected to serve as a member of our board of directors due to his extensive knowledge of our products and services as a former director, as well as his many years of experience in venture capital investing and operational leadership of other technology growth companies.

All directors hold office until the next annual meeting of stockholders and the election and qualification of their successors. Officers are elected annually by the board of directors and serve at the discretion of the board.

## **Key Employees**

**Tom Geraghty, Senior Vice President of Products and Partnerships**, joined us in July 2012 and leads our product development, software engineering and strategic partnerships organizations. Mr. Geraghty was most recently the Chief Privacy Officer of Channel Intelligence, where he managed multiple product groups and initiatives, from February 2000 to June 2012. He also led Channel Intelligence's leading "Where-to-Buy" service that helped drive double digit year-over-year growth for two fiscal years, while also managing the integration of an acquired company. During this time he also served as Senior Vice President of Commerce for MyList, a subsidiary of Channel Intelligence. Mr. Geraghty received a B.A. degree from Penn State University and is a Certified Internet Privacy Professional (CIPP-US), recognized by the International Association of Privacy Professionals.

## **Family Relationships**

There are no family relationships among our directors and executive officers.

## **Involvement in Certain Legal Proceedings**

To our knowledge, during the past ten years, none of our directors, executive officers, promoters, control persons or nominees has been:

- the subject of any bankruptcy petition filed by or against any business of which such person was a general partner or executive officer either at the time of the bankruptcy or within two years prior to that time;
- convicted in a criminal proceeding or is subject to a pending criminal proceeding (excluding traffic violations and other minor offenses);

- subject to any order, judgment, or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, permanently or temporarily enjoining, barring, suspending or otherwise limiting his involvement in any type of business, securities or banking activities; or
- found by a court of competent jurisdiction (in a civil action), the Commission or the Commodity Futures Trading Commission to have violated a federal or state securities or commodities law.

### **Compliance with Section 16(a) of the Exchange Act**

Our directors, officers and principal stockholders are not currently required to make Section 16(a) ownership filings.

### **Code of Ethics**

We have adopted a code of business conduct and ethics that applies to all our directors, officers (including our chief executive officer, chief financial officer and any person performing similar functions) and employees. We have made our Code of Ethics available on our website at [www.izea.com](http://www.izea.com).

### **Corporate Governance**

We have established an audit committee, compensation committee and nominating committee. To date, our entire board has performed all of the duties and responsibilities which might be contemplated by that committee.

**Audit Committee.** The audit committee is comprised of Messrs. Laskey, Brady and Rua, each of whom is an independent director. Mr. Laskey is the audit committee chairman and meets the requirements of an “Audit Committee Financial Expert” due to his qualification as a Certified Public Accountant and 30 years of financial working experience. The audit committee's duties are to recommend to the board of directors the engagement of independent auditors to audit our financial statements and to review our accounting and auditing principles. The audit committee reviews the scope and fees for the annual audit and the results of audit examinations performed by the internal auditors and independent public accountants, including their recommendations to improve the system of accounting and internal controls. The audit committee will at all times be composed exclusively of directors who are, in the opinion of the board of directors, free from any relationship which would interfere with the exercise of independent judgment as a committee member and who possess an understanding of financial statements and generally accepted accounting principles.

**Compensation Committee.** The compensation committee is comprised of Messrs. Laskey, Brady and Rua, each of whom is an independent director, and Mr. Murphy. Mr. Brady is the compensation committee chairman. The compensation committee reviews and approves our compensation policies, including compensation of executive officers. The compensation committee also reviews and administers our stock option plans, and recommends and approves grants of stock options under that plan.

**Nominating Committee.** The nominating committee is comprised of Messrs. Laskey, Brady and Rua, each of whom is an independent director, and Mr. Murphy. Mr. Murphy is the nominating committee chairman. The purpose of the nominating committee is to select, or recommend for our entire board's selection, the individuals to stand for election as directors at the annual meeting of stockholders and to oversee the selection and composition of committees of our board. The nominating committee's duties also include considering the adequacy of our corporate governance and overseeing and approving management continuity planning processes.

## **ITEM 11 - EXECUTIVE COMPENSATION**

### **Summary Executive Compensation Table**

The following table sets forth the cash compensation as well as certain other compensation earned during the last two fiscal years for (i) each person who served as our principal executive officer (“PEO”) during our year ended December 31, 2012; (ii) our two other most highly compensated executive officers other than the PEO who was serving as an executive officer as of December 31, 2012; and (iii) up to two individuals for whom disclosure would have been required but for the fact that they were not serving as an executive officer as of December 31, 2012 (collectively referred to as the “Named Executive Officers”):

(1) Options to acquire 45 shares of common stock were originally issued with an exercise price of \$44.00 per share and vested equally over 4 years from the grant date of April 3, 2008. Options to acquire 62,622 shares of common stock were originally issued with an exercise price of \$1.20 per share and vested immediately as to 26,301 shares with the remaining balance vesting equally over 28 months from the grant date of February 16, 2011. These options were originally issued under the 2007 Equity Incentive Plan and in connection with the share exchange in May 12, 2011, such options were canceled and subsequently reissued to Mr. Murphy by us pursuant to our 2011 Equity Incentive Plan resulting in the issuance of options to acquire 45 and 62,622 shares of common stock at an exercise price of \$20 per share each expiring on May 12, 2016. The option to acquire 45 shares of common stock vests immediately as to 36 shares on May 12, 2011 and less than one share per month thereafter. The option to acquire 62,622 shares of common stock vests immediately as to 30,215 shares on May 12, 2011 and approximately 1,305 shares per month thereafter. On May 25, 2012, all of these options were canceled and subsequently reissued as a single non-qualified option to purchase 62,667 shares of common stock at an exercise price of \$6.00 per share (110% of the closing stock price on such date) expiring on May 25, 2017. This reissued option vests immediately on May 25, 2012 as to 47,012 shares and approximately 1,305 shares per month thereafter. The modification of these options did not result in any incremental compensation cost. On May 25, 2012, Mr. Murphy was granted a non-qualified option to purchase 125,000 shares of common stock at an exercise price of \$6.00 per share (110% of the closing stock price on such

date) expiring on May 25, 2017. This option vests as to 31,250 shares on May 25, 2013 and approximately 2,604 shares per month thereafter.

- (2) Options to acquire 1,000 shares of common stock were originally issued with an exercise price of \$44.00 per share and vested equally over 4 years from the grant date of September 14, 2007. Options to acquire 6,375 shares of common stock were originally issued with an exercise price of \$6.00 per share and vested immediately as to 2,678 shares with the remaining balance vesting equally over 28 months from the grant date of February 16, 2011. These options were originally issued under the 2007 Equity Incentive Plan and in connection with the share exchange in May 12, 2011, such options were canceled and subsequently reissued to Ms. Mackenzie by us pursuant to our 2011 Equity Incentive Plan resulting in the issuance of options to acquire 1,000 and 6,375 shares of common stock at an exercise price of \$20.00 per share each expiring on May 12, 2016. The option to acquire 1,000 shares of common stock vests immediately as to 3,667 shares on May 12, 2011 and approximately 21 shares per month thereafter. The option to acquire 6,375 shares of common stock vests immediately as to 3,076 shares on May 12, 2011 and approximately 133 shares per month thereafter. On May 25, 2012, all of these options were canceled and subsequently reissued as a single non-qualified option to purchase 7,375 shares of common stock at an exercise price of \$6.00 per share (110% of the closing stock price on such date) expiring on May 25, 2017. This option vests immediately on May 25, 2012 as to 5,782 shares and approximately 133 shares per month thereafter. The modification of these options did not result in any incremental compensation cost. On May 25, 2012, Ms. Mackenzie was granted a non-qualified option to purchase 25,000 shares of common stock at an exercise price of \$6.00 per share (110% of the closing stock price on such date) expiring on May 25, 2017. This option vests as to 6,250 shares on May 25, 2013 and approximately 521 shares per month thereafter.
- (3) On July 1, 2011, Mr. Schram was issued a five-year option to purchase 12,500 shares of common stock at an exercise price of \$20.00 per share, which will vest as to 3,125 on July 1, 2012 and the remaining balance in equal monthly installments over a period of three years beginning one year from the date of issuance. On May 25, 2012, this option was canceled and subsequently reissued at an exercise price of \$6.00 per share (110% of the closing stock price on such date) expiring on May 25, 2017. This option vests as to 3,125 shares on June 30, 2012 and approximately 260 shares per month thereafter. The modification of this option did not result in any incremental compensation cost. On May 25, 2012, Mr. Schram was granted a non-qualified option to purchase 62,500 shares of common stock at an exercise price of \$6.00 per share (110% of the closing stock price on such date) expiring on May 25, 2017. This option vests as to 15,625 shares on May 25, 2013 and approximately 1,302 shares per month thereafter.

## **Employment Agreements**

On May 14, 2011, we entered into an employment agreement with Edward H. (Ted) Murphy pursuant to which Mr. Murphy serves as our President and Chief Executive Officer, and with Donna L. Mackenzie pursuant to which Ms. Mackenzie serves as our Chief Financial Officer.

Pursuant to the employment agreement with Mr. Murphy, Mr. Murphy will serve as our President and Chief Executive Officer until December 31, 2014 in consideration for an annual salary of \$195,000 and, at the discretion of our board, a cash bonus in an amount to be determined by the board of up to 50% of his annual base salary and a bonus composed of stock options of up to 200% of his annual base salary, based on Mr. Murphy meeting and exceeding mutually agreed upon annual performance goals. For the year ended December 31, 2011, Mr. Murphy was awarded a bonus of \$40,000 that was paid in 2012. For the year ended December 31, 2012, Mr. Murphy was awarded a contingent bonus of \$30,000 to be paid in 2013 only if we raise gross proceeds of \$1,000,000 in a private placement offering in 2013.

Pursuant to the employment agreement with Ms. Mackenzie, Ms. Mackenzie will serve as our Chief Financial Officer until December 31, 2014, in consideration for an annual salary of \$195,000 and, at the discretion of our board, a cash bonus in an amount to be determined by the board of up to 50% of her annual base salary and a bonus composed of stock options of up to 200% of her annual base salary, based on Ms. Mackenzie meeting and exceeding mutually agreed upon annual performance goals. For the year ended December 31, 2011, Ms. Mackenzie was awarded a bonus of \$40,000 that was paid in 2012. For the year ended December 31, 2012, Ms. Mackenzie was awarded a contingent bonus of \$15,000 to be paid in 2013 only if we raise gross proceeds of \$1,000,000 in a private placement offering in 2013.

Both employment agreements are subject to early termination for any reason upon written notice to the executive and in the case of death, disability and cause. If terminated, for any reason other than death, disability or cause, the executive will be entitled to a severance of six months current salary and in the case of termination in the case of the executive's disability, severance of current salary until such time (but no more than 120 days after such disability) that disability insurance plan payments commence. If there is a change of control (as defined in the employment agreements) and the executive's employment terminates within six months following the change of control for reasons other than for cause, then the executive will be entitled to such amount equal to the executive's then current compensation and the time remaining between the change

of control and the six month anniversary of the change of control subject to reduction by compensation received by the executive from any other permitted employment.

On July 30, 2011, we entered into an employment agreement with Ryan S. Schram pursuant to which Mr. Schram originally served as our Chief Marketing Officer and currently serves as our Chief Operating Officer. Pursuant to the employment agreement with Mr. Schram, Mr. Schram will serve as our Chief Marketing Officer until December 31, 2014, subject to renewal, in consideration for an annual salary of \$230,000. Mr. Schram also received a signing bonus of \$12,000 and will be eligible for a bonus and override bonus based on meeting certain performance indicators set forth in his employment agreement. For the year ended December 31, 2011, Mr. Schram was awarded a bonus of \$7,213 to be paid in 2012. For the year ended December 31, 2012, Mr. Schram had a bonus of \$5,988 remaining to be paid in 2013.

If Mr. Schram is terminated for any reason other than death, disability or cause, or if he resigns for good reason (as defined in the employment agreement), Mr. Schram will be entitled to severance of six months' current salary and bonus and override bonus as in effect on the date of termination. A change of control, under which Mr. Schram fails to retain his title and responsibilities, will be deemed good reason under his employment agreement. The employment agreement also provides that Mr. Schram may be an observer to our board of directors and, under certain conditions, he may either be appointed or nominated to the board of directors. On October 31, 2012, Mr. Schram was appointed to the position of Chief Operating Officer and was elected to be a member of our Board of Directors.

- (1) Represents the aggregate grant date fair value of stock options issued during the year as calculated in accordance with FASB ASC Topic 718. See "Critical Accounting Policies and Use of Estimates" under Item 7, Management's Discussion and Analysis for additional information, including valuation assumptions used in calculating the fair value of the awards.
- (2) On December 26, 2012, Mitchel J. Laskey was appointed to our board of directors and elected to be the Chairman of the Board and Chairman of the Audit Committee.
- (3) On August 7, 2012, we appointed Brian W. Brady to our board of directors. In consideration of his service as a director, we granted Mr. Brady stock options to purchase 12,500 shares of our common stock at an exercise price of \$2.00 per share, vesting 12 months after the date of grant and expiring five years after the date of grant, under our 2011 B Equity Incentive Plan. We also agreed to reimburse Mr. Brady for all reasonable expenses in attending board and board committee meetings. Mr. Brady will be entitled to receive the same number of stock options, with an exercise price at then prevailing market prices, for each year he serves as our director.
- (4) On July 31, 2012, we appointed Daniel R. Rua to our board of directors. In consideration of his service as a director, we granted Mr. Rua stock options to purchase 12,500 shares of our common stock at an exercise price of \$2.40 per share, vesting 12 months after the date of grant and expiring five years after the date of grant, under our 2011 B Equity Incentive Plan. We also agreed to reimburse Mr. Rua for all reasonable expenses in attending board and board committee meetings. Mr. Rua will be entitled to receive the same number of stock options, with an exercise price at then prevailing market prices, for each year he serves as a director.

For the years ended December 31, 2012 and 2011, we did not compensate our directors in cash for their service. Additionally, none of our employee directors receive compensation for their service as directors.

Effective March 1, 2013, the compensation committee implemented a compensation program for the directors that entitles each serving non-employee director to receive the following compensation:

- An annual board retainer fee of \$25,000 to be paid in restricted stock on January 1st of each year. This fee would be earned in equal monthly increments over the ensuing one-year period and would be forfeited to the extent of any unearned portion in the event the director leaves the Board for any reason.
- A cash retainer fee of \$20,000 per year, payable in cash or restricted stock.
- Reimbursement of actual and necessary travel and related expenses in connection with attending in-person Board meetings.

- A \$1,000 per meeting fee for all meetings of the board of directors, subject to a \$6,000 annual cap.
- A \$1,000 per audit committee meeting fee subject to a \$4,000 annual cap.

None of the above cash payments to the directors will be made until we raise gross proceeds of at least \$1,000,000 in a private placement offering in 2013.

On December 26, 2012, in consideration of Mr. Laskey's service as a director and chairman, the Board approved a twelve month compensation arrangement whereby Mr. Laskey will receive \$10,000 cash per month, 60,000 restricted stock units in January 2013, 60,000 restricted stock units on June 27, 2013 and up to 120,000 additional restricted stock units to be issued at the discretion of the disinterested members of the compensation committee for Mr. Laskey's service as Chairman of the Board. The Mr. Laskey provided a waiver for receipt of payment pursuant to the March 1, 2013 director compensation program in light of his December 2012 agreement to receive compensation.

## **ITEM 12 - SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS**

### **Equity Compensation Plan Information**

In February 2007, the board of directors adopted the 2007 Equity Incentive Plan (the "2007 Plan"). The 2007 Plan allowed us to provide options as an incentive for employees and consultants. On May 11, 2011, the 2007 Plan was amended to increase the number available for issuance under the 2007 Plan from 2,313,317 to 4,889,829 shares of Series A common stock. In connection with a share exchange on May 12, 2011, all of the outstanding stock options to purchase (3,712,365) shares of Series A common stock under the 2007 Plan were canceled, effectively terminating the 2007 Plan. We simultaneously issued new stock options for 92,823 shares of common stock to the same employees under a new 2011 Equity Incentive Plan of IZEA, Inc. adopted on May 12, 2011 (the "May 2011 Plan"). The cancellation and replacement of the stock options under the 2007 Plan were accounted for as a modification of the terms of the canceled awards. There was a minimal incremental difference required to be recorded on 2,743 shares where the fair value of the replacement options exceeded the fair value of the canceled options at the date of cancellation and replacement. On May 25, 2012, upon consent from holders of a majority of our outstanding voting capital stock, we increased the number of common shares available for issuance under the May 2011 Plan from 177,500 to 613,715 shares and, on February 6, 2013, it was increased again to a total of 11,613,715 shares. As of December 31, 2012, 354,477 option shares have been granted and are outstanding and 1,234 have been exercised, leaving an aggregate of 258,004 shares of common stock available for future grants under the May 2011 Plan.

On August 22, 2011, we adopted the 2011 B Equity Incentive Plan of IZEA, Inc. (the "August 2011 Plan") reserving for issuance an aggregate of 87,500 shares of common stock under the August 2011 Plan. As of December 31, 2012, 37,500 option shares have been granted and are outstanding, leaving 50,000 shares of common stock available for for future grants under the August 2011 Plan.

Under both the May 2011 Plan and the August 2011 Plan, our board of directors determines the exercise price to be paid for the shares, the period within which each option may be exercised, and the terms and conditions of each option. The exercise price of the incentive and non-qualified stock options may not be less than 100% of the fair market value per share of our common stock on the grant date. If an individual owns stock representing more than 10% of the outstanding shares, the price of each share of an incentive stock option must be equal to or exceed 110% of fair market value.

The following table sets forth information regarding our equity compensation plans as of December 31, 2012:

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))

### Security Ownership of Certain Beneficial Owners

The table and accompanying footnotes set forth information as of March 22, 2013 with respect to the ownership of our common stock by:

- each person or group who beneficially owns more than 5% of our common stock,
- each of our directors,
- our executive officers, and
- all of our directors and executive officers as a group.

Applicable percentage of ownership for each holder is based on 7,145,526 shares of common stock outstanding on March 22, 2013.

A person is deemed to be the beneficial owner of securities that can be acquired within 60 days from the exercise of stock options and warrants or the conversion of convertible securities. Accordingly, common stock issuable upon exercise of stock options and warrants that are currently exercisable or exercisable within 60 days after the date of this prospectus, and common stock issuable upon conversion of convertible promissory notes have been included in the table with respect to the beneficial ownership of the person owning the stock options, warrants and convertible promissory notes, but not with respect to any other persons.

Unless otherwise indicated, we believe that all persons named in the following table have sole voting and investment power with respect to all shares of common stock beneficially owned by them and that person's address is c/o IZEA, Inc., 1000 Legion Place, Suite 1600, Orlando, FL 32801.

Name of Beneficial Owner (1)	Shares Beneficially Owned (1)	Percentage of Common Stock Beneficially Owned
Edward H. (Ted) Murphy (2)	346,591	4.8%
Donna L. Mackenzie (3)	260,840	3.7%
Ryan S. Schram (4)	16,155	0.2%
Mitchel J. Laskey	60,000	0.8%
Brian W. Brady	146,112	2.1%
Daniel R. Rua (5)	6,000	0.1%
Michael and Betsy Brauser (6)	1,287,711	17.7%
All executive officers and directors as a group (6 persons)	835,698	11.6%

- (1) We are prohibited under the respective terms of our Certificate of Designation relating to our series A convertible preferred stock and the terms of certain of our warrants from effecting the conversion of the series A preferred stock or exercise of the warrants to the extent that, as a result of the conversion or exercise, the holder of such shares beneficially owns more than 4.99% (or, if this limitation is waived by the holder upon no less than 61 days prior notice to us, 9.99%) in the aggregate of the issued and outstanding shares of our common stock calculated immediately after giving effect to the issuance of shares of common stock upon such conversion or exercise. The ownership limitation,

however, does not prevent a stockholder from selling some of their holdings and then receiving additional shares. In this way, a stockholder could sell more than the ownership limitation while never holding more than this limit. This column does not reflect any owner who may beneficially own more than 4.99% of our common stock if that owner does not already own more than 4.99% of our outstanding common stock based on 7,145,526 shares outstanding as of March 22, 2013.

- (2) Includes exercisable options to purchase 62,672 shares of common stock under our May 2011 Equity Incentive Plan.
- (3) Includes exercisable options to purchase 7,378 shares of common stock under our May 2011 Equity Incentive Plan.
- (4) Includes exercisable options to purchase 5,729 shares of common stock under our May 2011 Equity Incentive Plan.
- (5) Includes exercisable options to purchase 6,000 shares of common stock under our May 2011 Equity Incentive Plan.
- (6) Includes 3,788 shares of common stock issuable upon the conversion of 5 shares of our series A preferred stock owned by Michael and Betsy Brauser TBE at 4400 Biscayne Blvd., Suite 850, Miami, FL 33137.

### **ITEM 13 - CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE**

We review all transactions involving us in which any of our directors, director nominees, significant shareholders and executive officers and their immediate family members are participants to determine whether such person has a direct or indirect material interest in the transaction. All directors, director nominees and executive officers must notify us of any proposed transaction involving us in which such person has a direct or indirect material interest. Such proposed transaction is then reviewed by either the Board as a whole or the Audit Committee, which determines whether or not to approve the transaction. After such review, the reviewing body approves the transaction only if it determines that the transaction is in, or not inconsistent with, the best interests of our company and our shareholders.

#### **Certain Transactions**

Except as described below, during the past three years, there have been no transactions, whether directly or indirectly, between us and any of our respective officers, directors, beneficial owners of more than 5% of our outstanding common stock or their family members, that exceeded \$120,000.

As part of the May 2011 Offering, we sold an aggregate of \$50,000 worth of units to our Chief Executive Officer and an entity under the control of the Chief Executive Officer, at the same terms as the other issuances.

On February 3, 2012, we and our subsidiary, IZEA Innovations, Inc., jointly issued a senior secured promissory note in the principal amount of \$550,000 (the "Note") to two of our existing shareholders for a purchase price of \$500,000. Unless earlier converted, exchanged or prepaid, the note matured on February 2, 2013. The holders were permitted to convert the outstanding principal amount of the note at a conversion price of 90% of the closing price of our common stock on the trading day prior to the date that the note becomes convertible, subject to further adjustment in the case of stock splits, reclassifications, reorganizations, certain issuances at less than the conversion price and the like. From October 2012 through December 2012, the holders of this promissory note converted \$437,850 of note value into 2,069,439 shares of our common stock at an average conversion rate of \$.21 per share. On February 4, 2013, we satisfied all of our remaining obligations under this note when the holders converted the final balance owed of \$112,150 into 773,983 shares of our common stock at an average conversion rate of \$.145 per share.

On May 4, 2012, we issued a 30-day promissory note to two of our existing shareholders in the principal amount of \$75,000 incurring \$6,000 in expenses for legal fees which resulted in net proceeds of \$69,000. In June 2012, the note was extended until December 4, 2012 and the parties agreed that the noteholders could convert the note at any time on or before the maturity date into shares of common stock at a conversion price equal to the lower of (i) \$5.00 per share or (ii) 90% of the then market price based on a volume weighted average price per share of the Company's common stock for the ten trading days prior to the conversion date. The note bears interest at a rate of 8% per annum. The noteholders did not elect to convert this note and we were not able to pay the balance owed upon its maturity on December 4, 2012. Therefore, the conversion feature expired and the note is currently in default bearing interest at the default rate of 18% per annum. The amount owed on this note as of December 31, 2012 was \$75,000, plus \$4,007 in accrued interest.

On August 1, 2012, Edward H. (Ted) Murphy, our President and Chief Executive Officer, purchased 8,000 shares of our common stock directly from us in a private transaction approved by disinterested members of our board of directors. Mr. Murphy paid a total purchase price of \$19,200 or \$2.40 per common share, the market price on August 1, 2012.

On August 6, 2012, Ryan S. Schram, our Chief Operating Officer, purchased 8,000 shares of our common stock directly from us in a private transaction approved by our board of directors. Mr. Schram paid a total purchase price of \$19,200 or \$2.40 per common share, the market price on August 6, 2012.

On August 6, 2012, Brian W. Brady, a private investor who became a director of our company on August 7, 2012, made a private investment of \$100,000 for the purchase of 41,667 shares of our common stock at \$2.40 per share. In accordance with the terms of the stock subscription agreement, if our public offering was priced and sold below \$2.40 per share within 120 days following the closing of his investment, we would issue additional shares to him, effectively adjusting the purchase price per share to 10% below the public offering price, with a floor of \$0.50 per share. Mr. Brady also received 35,000 shares of our restricted common stock and received a \$10,000 cash finance fee upon the closing of the public offering. On September 11, 2012, we issued an additional 69,445 shares of common stock to Mr. Brady, so that he received a total of 111,112 shares at an effective price of \$0.90 per share.

### **Director Independence**

Our shares are not currently listed on a national securities exchange and, as such, are not subject to any director independence standards. However, each of our directors other than Mr. Murphy and Mr. Schram qualifies as “independent” in accordance with the published listing requirements of Nasdaq. As provided by the Nasdaq rules, the Board has made a subjective determination as to each independent director that no relationships exists which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, the directors reviewed and discussed information provided by the directors with regard to each director's business and personal activities as they may relate to us and our management.

### **ITEM 14 - PRINCIPAL ACCOUNTING FEES AND SERVICES**

On May 16, 2011, the Board selected Cross, Fernandez & Riley, LLP (“CFR”), an independent member of the BDO Seidman Alliance network of firms, as its independent accountant to audit the registrant's financial statements. Since they were retained, there have been (1) no disagreements between us and CFR on any matters of accounting principle or practices, financial statement disclosure, or auditing scope or procedures and (2) no reportable events within the meaning set forth in Item 304(a)(1)(v) of Regulation S-K. CFR has not issued any reports on our financial statements during the previous two fiscal years that contained any adverse opinion or a disclaimer of opinion or were qualified or modified as to uncertainty, audit scope or accounting principle.

#### **Audit Fees**

Audit Fees consisted of fees billed for professional services rendered for the audit of our annual financial statements and review of the interim financial statements included in quarterly reports, and review of other documents filed with the SEC within those fiscal years. Audit fees billed by CFR during the years ended December 31, 2012 and 2011 were \$122,136 and \$118,986, respectively. All of these fees were pre-approved by our Board of Directors.

#### **Audit-Related Fees**

There were no audit-related fees billed by CFR to us during the years ended December 31, 2012 and 2011.

#### **Tax Fees**

Tax fees relate to preparation of annual and state income tax returns, tax consultation and compliance services, and additional tax research. Tax fees billed by CFR during the years ended December 31, 2012 and 2011 were \$7,350 and \$3,518, respectively. All of these fees were pre-approved by the Board of Directors.

#### **All Other Fees**

There were no fees for other services billed by CFR to us during the years ended December 31, 2012 and 2011.

## **Audit Committee Pre-Approval Policies and Procedures**

Section 10A(i)(1) of the Exchange Act and related SEC rules require that all auditing and permissible non-audit services to be performed by our principal accountants be approved in advance by the Audit Committee of the Board of Directors. Pursuant to Section 10A(i)(3) of the Exchange Act and related SEC rules, the Audit Committee has established procedures by which the Chairman of the Audit Committee may pre-approve such services provided that the pre-approval is detailed as to the particular service or category of services to be rendered and the Chairman reports the details of the services to the full Audit Committee at its next regularly scheduled meeting.

The audit committee has considered the services provided by CFR as disclosed above in the captions “audit related fees” and “all other fees” and has concluded that such services are compatible with the independence of CFR as our principal accountant.

Mitchel Laskey  
MJL Advisors, Inc.

Dear Mr. Laskey:

This is to confirm the terms of your appointment as a non-employee Director, Chairman of the Board and Chairman of the Audit Committee of IZEA, Inc., a Nevada corporation (the "**Company**").

Overall, in terms of time commitment, we expect your attendance at all the Board of Directors (the "**Board**") meetings and meetings of the audit, compensation and nomination committees of the Board (as applicable). In addition, you will be expected to devote appropriate preparation time ahead of each meeting.

By accepting this appointment, you have confirmed that you are able to allocate sufficient time to meet the expectations of this position.

### **Compensation**

For and in consideration of the services to be performed by you, Company agrees to pay you as follows:

Monthly Compensation. Ten thousand dollars (\$10,000) per month payable at the beginning of each month for the services of that month.

Restricted Stock. Subject to all approvals required by law, the Company will grant you 60,000 restricted stock units of the Company as of the date of this agreement. An additional 60,000 restricted stock units of the Company will be issued six months from the date of this agreement. Finally, you will be eligible for an additional issuance of 120,000 of restricted stock units of the Company

All restricted stock units issued will be subject to Rule 144.

Certain Representations. You represent and agree that you are accepting the shares of common stock being issued to you pursuant to this Agreement for your own account and not with a view to or for sale of distribution thereof. You understand that the securities are restricted securities and you understand the meaning of the term "restricted securities." You further represent that you were not solicited by publication of any advertisement in connection with the receipt of the shares and that you have consulted tax counsel as needed regarding the shares.

Out-of-Pocket Expenses. Company agrees to reimburse you for out-of-pocket expenses incurred by you in connection with your service (including out-of-pocket expenses and transportation expenses, provided that such expenses are against original and valid receipts and pre-approved by the Company in writing (the "**Expenses**").

Payment of the Expenses, as applicable, shall be made against your itemized invoice following the receipt of the relevant invoice, which invoice shall be submitted to the Company within Seven (7) days of the end of each calendar month during the term of this letter of appointment.

For the avoidance of any doubt, the Options (subject to their terms) and the aforementioned Expenses constitute the full and final consideration for your appointment, and you shall not be entitled to any additional consideration, of any form, for your appointment and service.

## **Travel**

You will undertake such travelling as may reasonably be necessary for the performance of your duties, including travelling for Board meetings and site visits if required.

## **Duties**

You will undertake such duties and powers relating to the Company and any subsidiaries or associated companies of the Company (the “**Group**”) as the Board may from time to time reasonably request. Directors have the same general legal responsibilities to the Company as any other director. The Board as a whole is collectively responsible for promoting the success of the Company by directing and supervising the Company's affairs, inter alia, as follows:

- Providing entrepreneurial leadership of the Group within a framework of prudent and effective controls which enable risk to be assessed and managed; and
- Setting the Group's strategic aims, ensures that the necessary financial and human resources are in place for the Group to meet its objectives and reviews management performance; and
- Setting the Group's values and standards and ensures that its obligations to its shareholders and others are understood and met.

## **Confidential Information**

You undertake to the Company that you shall maintain in strict confidentiality all trade, business, technical or other information regarding the Company, the Group, its affiliated entities and their business affairs including, without limitation, all marketing, sales, technical and business know-how, intellectual property, trade secrets, identity and requirements of customers and prospective customers, the Company's methods of doing business and any and all other information relating to the operation of the Company (collectively, the “**Confidential Information**”). You shall at no time disclose any Confidential Information to any person, firm, or entity, for any purpose unless such disclosure is required in order to fulfill your responsibilities as director. You further undertake that you shall not use such Confidential Information for personal gain.

“Confidential Information” shall not include information that (i) is or becomes part of the public domain other than as a result of disclosure by you, (ii) becomes available to you on a non-confidential basis from a source other than the Company, provided that the source is not bound with respect to that information by a confidentiality agreement with the Group or is otherwise prohibited from transmitting that information by a contractual legal or other obligation, or (iii) can be proven by you to have been in your possession prior to disclosure of the information by the Company. In the event that you are requested or required (by oral questions, interrogatories, requests for information or documents, subpoena, civil investigative demand or other process) to disclose any Confidential Information, it is agreed that you, to the extent practicable under the circumstances, will provide the Company with prompt notice of any such request or requirement so that the Company may seek an appropriate protective order or waive compliance with this paragraph 6. If a protective order or the receipt of a waiver hereunder has not been obtained, you may disclose only that portion of the Confidential Information which you are legally compelled to disclose.

**Blackout Period.** You understand that we have a policy pursuant to which no officer, director or key executive may not engage in transactions in our stock during the period commencing two weeks prior to the end of a fiscal quarter and ending the day after the financial information for the quarter and year have been publicly released. As a member of the audit committee, if you have information concerning our financial results at any time, you may not engage in transactions in our securities until the information is publicly disclosed.

## **Term and Termination**

The term of your appointment as a non-employee Director, Chairman of the Board and Chairman of the Audit Committee of the Company shall be for one year or until the next Annual Meeting of Stockholders.

This appointment shall terminate immediately and without claim for compensation on the occurrence of any of the following events:

- if you resign as a director of the Company for any reason; and/or
- if this appointment is cancelled by the holder or the holders of the shares by which you were appointed; and/or
- if you were appointed by other directors in order to temporary fill vacancy on the Board and said appointment is cancelled by the Board; and/or
- if you are removed or not re-appointed as a director of the Company at a General Meeting of the Company in accordance with the requirements of the Delaware General Corporate Law and/or any other applicable law or regulation (the "**Law**") and/or the Company's Certificate of Incorporation; and/or
- if you have been declared bankrupt or made an arrangement or composition with or for the benefit of your creditors; and/or
- if you have been disqualified from acting as a director (including, but not limited to, an event in which you are declared insane or become of unsound mind or become physically incapable of performing your functions as director for a period of at least 60 days) ; and/or
  - with your death and if you are a corporation or either entity, with your liquidation.
  - if an order of a court having jurisdiction over the Company requires you to resign.

Any termination of this letter of appointment shall be without payment of damages or compensation (except that you shall be entitled to any accrued Expenses properly incurred under the terms of this letter of appointment prior to the date of such termination).

On termination of this appointment, you shall return all property belonging to a Group company, together with all documents, papers, disks and information, howsoever stored, relating to a Group company and used by you in connection with this position with the Company.

### **Other Appointments and Renewal**

Subject to the proper performance of your obligations to the Company under this letter of appointment and any applicable law, the Company agrees that you will be free to accept other appointments and directorships provided that:

- They do not in any way conflict with the interests of the Company or any member of the Group; and
- They do not restrict you from devoting the necessary time and attention properly to services to be performed under this letter of appointment; and
- In the event that you become aware of any potential conflicts of interest, these must be disclosed to the Chairman and/or the Chief Executive Officer (the "**CEO**") of the Company as soon as they become apparent.

The performance of individual directors and the Board and its committees is evaluated annually. If, in the interim, there are any matters which cause you concern about your position, you should discuss them with the Chairman and/or the CEO as soon as is appropriate.

### **Insurance**

The Company has directors' and officers' liability insurance in place and will use commercial reasonable effort to maintain such cover for the full term of your appointment.

### **Miscellaneous**

In addition to any right pursuant to applicable law, occasions may arise when you consider that you need professional advice in the furtherance of your duties as a director. Circumstances may occur when it will be appropriate for you to seek such advice from independent advisors at the Company's expense, to the extent provided under applicable law and subject to the prior written approval of the CEO.

This letter refers to your appointment as a director of the Company and your (possible) membership of the audit, nomination and the remuneration committees of the board.

You shall procure that you comply at all times with the Company's inside trading policies as in effect from time to time.

You shall discharge your general duties as a director pursuant to the Company's Certificate of Incorporation of the Company and applicable law.

This letter of appointment shall be governed by and construed in accordance with the law of the State of Florida.

Please sign the attached copy of this letter and return it to the Company to signify your acceptance of the terms set out above.

Sincerely yours,

IZEA, INC.

Dear Mr. Laskey,

We are pleased to offer you a position on the board of directors of IZEA, Inc., a Nevada corporation ("IZEA"). For the duration of your association with IZEA, you will devote such time as is reasonably required to participate in the board of directors' meetings and affairs, and provide such skill and attention to your duties as a member of any committee of the board of directors. Upon your execution of this letter agreement, you will have consented to your appointment as set forth herein, which will become effective on December 26, 2012.

You hereby also consent to the use of your name and biographical information in documentation prepared by IZEA as it relates to your becoming a member of IZEA's board of directors.

Kindly indicate your consent to the matters discussed herein by signing and returning a copy of this letter to us as soon as possible.

Sincerely,

/s/ Edward Murphy

**2011 EQUITY INCENTIVE PLAN****1. Purpose of the Plan.**

This 2011 Equity Incentive Plan (the “Plan”) is intended as an incentive, to retain in the employ of and as directors, officers, consultants, advisors and employees to Izea, Inc., a Nevada corporation (the “Company”), and any Subsidiary of the Company, within the meaning of Section 424(f) of the United States Internal Revenue Code of 1986, as amended (the “Code”), persons of training, experience and ability, to attract new directors, officers, consultants, advisors and employees whose services are considered valuable, to encourage the sense of proprietorship and to stimulate the active interest of such persons in the development and financial success of the Company and its Subsidiaries.

It is further intended that certain options granted pursuant to the Plan shall constitute incentive stock options within the meaning of Section 422 of the Code (the “Incentive Options”) while certain other options granted pursuant to the Plan shall be nonqualified stock options (the “Nonqualified Options”). Incentive Options and Nonqualified Options are hereinafter referred to collectively as “Options.”

The Company intends that the Plan meet the requirements of Rule 16b-3 (“Rule 16b-3”) promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and that transactions of the type specified in subparagraphs (c) to (f) inclusive of Rule 16b-3 by officers and directors of the Company pursuant to the Plan will be exempt from the operation of Section 16(b) of the Exchange Act. Further, the Plan is intended to satisfy the performance-based compensation exception to the limitation on the Company's tax deductions imposed by Section 162(m) of the Code with respect to those Options for which qualification for such exception is intended. In all cases, the terms, provisions, conditions and limitations of the Plan shall be construed and interpreted consistent with the Company's intent as stated in this Section 1.

**2. Administration of the Plan.**

The Board of Directors of the Company (the “Board”) shall appoint and maintain as administrator of the Plan a Committee (the “Committee”) consisting of two or more directors who are (i) “Independent Directors” (as such term is defined under the rules of the NASDAQ Stock Market), (ii) “Non-Employee Directors” (as such term is defined in Rule 16b-3) and (iii) “Outside Directors” (as such term is defined in Section 162(m) of the Code), which shall serve at the pleasure of the Board. The Committee, subject to Sections 3, 5 and 6 hereof, shall have full power and authority to designate recipients of Options and restricted stock (“Restricted Stock”) and to determine the terms and conditions of the respective Option and Restricted Stock agreements (which need not be identical) and to interpret the provisions and supervise the administration of the Plan. The Committee shall have the authority, without limitation, to designate which Options granted under the Plan shall be Incentive Options and which shall be Nonqualified Options. To the extent any Option does not qualify as an Incentive Option, it shall constitute a separate Nonqualified Option.

Subject to the provisions of the Plan, the Committee shall interpret the Plan and all Options and Restricted Stock granted under the Plan, shall make such rules as it deems necessary for the proper administration of the Plan, shall make all other determinations necessary or advisable for the administration of the Plan and shall correct any defects or supply any omission or reconcile any inconsistency in the Plan or in any Options or Restricted Stock granted under the Plan in the manner and to the extent that the Committee deems desirable to carry into effect the Plan or any Options or Restricted Stock. The act or determination of a majority of the Committee shall be the act or determination of the Committee and any decision reduced to writing and signed by all of the members of the Committee shall be fully effective as if it had been made by a majority of the Committee at a meeting duly held for such purpose. Subject to the provisions of the Plan, any action taken or determination made by the Committee pursuant to this and the other Sections of the Plan shall be conclusive on all parties.

In the event that for any reason the Committee is unable to act or if the Committee at the time of any grant, award or other acquisition under the Plan does not consist of two or more Non-Employee Directors, or if there shall be no such Committee, or if the Board otherwise determines to administer the Plan, then the Plan shall be administered by the Board, and references herein to the Committee (except in the proviso to this sentence) shall be deemed to be references to the Board, and any such grant, award or other acquisition may be approved or ratified in any other manner contemplated by subparagraph (d) of Rule 16b-3; provided, however, that grants to the Company's Chief Executive Officer or to any of the Company's other four most highly compensated officers that are intended to qualify as performance-based compensation under Section 162(m) of the Code may only be granted by the Committee.

### 3. **Designation of Optionees and Grantees.**

The persons eligible for participation in the Plan as recipients of Options (the “Optionees”) or Restricted Stock (the “Grantees” and together with Optionees, the “Participants”) shall include directors, officers and employees of, and consultants and advisors to, the Company or any Subsidiary; provided that Incentive Options may only be granted to employees of the Company and any Subsidiary. In selecting Participants, and in determining the number of shares to be covered by each Option or award of Restricted Stock granted to Participants, the Committee may consider any factors it deems relevant, including, without limitation, the office or position held by the Participant or the Participant's relationship to the Company, the Participant's degree of responsibility for and contribution to the growth and success of the Company or any Subsidiary, the Participant's length of service, promotions and potential. A Participant who has been granted an Option or Restricted Stock hereunder may be granted an additional Option or Options, or Restricted Stock if the Committee shall so determine.

### 4. **Stock Reserved for the Plan.**

Subject to adjustment as provided in Section 8 hereof, a total of 11,613,715\*\* shares of the Company's common stock, par value \$0.0001 per share (the “Stock”), shall be subject to the Plan. The shares of Stock subject to the Plan shall consist of unissued shares, treasury shares or previously issued shares held by any Subsidiary of the Company, and such number of shares of Stock shall be and is hereby reserved for such purpose. Any of such shares of Stock that may remain unissued and that are not subject to outstanding Options at the termination of the Plan shall cease to be reserved for the purposes of the Plan, but until termination of the Plan the Company shall at all times reserve a sufficient number of shares of Stock to meet the requirements of the Plan. Should any Option or award of Restricted Stock expire or be canceled prior to its exercise or vesting in full or should the number of shares of Stock to be delivered upon the exercise or vesting in full of an Option or award of Restricted Stock be reduced for any reason, the shares of Stock theretofore subject to such Option or Restricted Stock may be subject to future Options or Restricted Stock under the Plan, except where such reissuance is inconsistent with the provisions of Section 162(m) of the Code where qualification as performance-based compensation under Section 162(m) of the Code is intended.

### 5. **Terms and Conditions of Options.**

Options granted under the Plan shall be subject to the following conditions and shall contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Committee shall deem desirable:

(a) Option Price. The purchase price of each share of Stock purchasable under an Incentive Option shall be determined by the Committee at the time of grant, but shall not be less than 100% of the Fair Market Value (as defined below) of such share of Stock on the date the Option is granted; provided, however, that with respect to an Optionee who, at the time such Incentive Option is granted, owns (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company or of any Subsidiary, the purchase price per share of Stock shall be at least 110% of the Fair Market Value per share of Stock on the date of grant. The purchase price of each share of Stock purchasable under a Nonqualified Option shall not be less than 100% of the Fair Market Value of such share of Stock on the date the Option is granted. The exercise price for each Option shall be subject to adjustment as provided in Section 8 below. “Fair Market Value” means the closing price on the final trading day immediately prior to the grant date of the Stock on the principal securities exchange on which shares of Stock are listed (if the shares of Stock are so listed), or on the NASDAQ Stock Market or OTC Bulletin Board (if the shares of Stock are regularly quoted on the NASDAQ Stock Market or OTC Bulletin Board, as the case may be), or, if not so listed, the mean between the closing bid and asked prices of publicly traded shares of Stock in the over the counter market, or, if such bid and asked prices shall not be available, as reported by any nationally recognized quotation service selected by the Company, or as determined by the Committee in a manner consistent with the provisions of the Code. Anything in this Section 5(a) to the contrary notwithstanding, in no event shall the purchase price of a share of Stock be less than the minimum price permitted under the rules and policies of any national securities exchange on which the shares of Stock are listed.

(b) Option Term. The term of each Option shall be fixed by the Committee, but no Option shall be exercisable more than ten years after the date such Option is granted and in the case of an Incentive Option granted to an Optionee who, at the time such Incentive Option is granted, owns (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company or of any Subsidiary, no such Incentive Option shall be exercisable more than five years after the date such Incentive Option is granted.

(c) Exercisability. Subject to Section 5(j) hereof, Options shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee at the time of grant; provided, however, that in the absence of any Option vesting periods designated by the Committee at the time of grant, Options shall vest and become exercisable as to one-tenth of the total number of shares subject to the Option on each of the three month anniversary of the date of grant; and provided further that no Options shall be exercisable until such time as any vesting limitation required by Section 16 of the

Exchange Act, and related rules, shall be satisfied if such limitation shall be required for continued validity of the exemption provided under Rule 16b-3(d)(3).

Upon the occurrence of a “Change in Control” (as hereinafter defined), the Committee may accelerate the vesting and exercisability of outstanding Options, in whole or in part, as determined by the Committee in its sole discretion. In its sole discretion, the Committee may also determine that, upon the occurrence of a Change in Control, each outstanding Option shall terminate within a specified number of days after notice to the Optionee thereunder, and each such Optionee shall receive, with respect to each share of Company Stock subject to such Option, an amount equal to the excess of the Fair Market Value of such shares immediately prior to such Change in Control over the exercise price per share of such Option; such amount shall be payable in cash, in one or more kinds of property (including the property, if any, payable in the transaction) or a combination thereof, as the Committee shall determine in its sole discretion.

For purposes of the Plan, unless otherwise defined in an employment agreement between the Company and the relevant Optionee, a Change in Control shall be deemed to have occurred if:

(i) a tender offer (or series of related offers) shall be made and consummated for the ownership of 50% or more of the outstanding voting securities of the Company, unless as a result of such tender offer more than 50% of the outstanding voting securities of the surviving or resulting corporation shall be owned in the aggregate by the stockholders of the Company (as of the time immediately prior to the commencement of such offer), any employee benefit plan of the Company or its Subsidiaries, and their affiliates;

(ii) the Company shall be merged or consolidated with another corporation, unless as a result of such merger or consolidation more than 50% of the outstanding voting securities of the surviving or resulting corporation shall be owned in the aggregate by the stockholders of the Company (as of the time immediately prior to such transaction), any employee benefit plan of the Company or its Subsidiaries, and their affiliates;

(iii) the Company shall sell substantially all of its assets to another corporation that is not wholly owned by the Company, unless as a result of such sale more than 50% of such assets shall be owned in the aggregate by the stockholders of the Company (as of the time immediately prior to such transaction), any employee benefit plan of the Company or its Subsidiaries and their affiliates; or

(iv) a Person (as defined below) shall acquire 50% or more of the outstanding voting securities of the Company (whether directly, indirectly, beneficially or of record), unless as a result of such acquisition more than 50% of the outstanding voting securities of the surviving or resulting corporation shall be owned in the aggregate by the stockholders of the Company (as of the time immediately prior to the first acquisition of such securities by such Person), any employee benefit plan of the Company or its Subsidiaries, and their affiliates.

Notwithstanding the foregoing, if Change of Control is defined in an employment agreement between the Company and the relevant Optionee, then, with respect to such Optionee, Change of Control shall have the meaning ascribed to it in such employment agreement.

For purposes of this Section 5(c), ownership of voting securities shall take into account and shall include ownership as determined by applying the provisions of Rule 13d-3(d)(1)(i) (as in effect on the date hereof) under the Exchange Act. In addition, for such purposes, “Person” shall have the meaning given in Section 3(a)(9) of the Exchange Act, as modified and used in Sections 13(d) and 14(d) thereof; provided, however, that a Person shall not include (A) the Company or any of its Subsidiaries; (B) a trustee or other fiduciary holding securities under an employee benefit plan of the Company or any of its Subsidiaries; (C) an underwriter temporarily holding securities pursuant to an offering of such securities; or (D) a corporation owned, directly or indirectly, by the stockholders of the Company in substantially the same proportion as their ownership of stock of the Company.

(d) Method of Exercise. Options to the extent then exercisable may be exercised in whole or in part at any time during the option period, by giving written notice to the Company specifying the number of shares of Stock to be purchased, accompanied by payment in full of the purchase price, in cash, or by check or such other instrument as may be acceptable to the Committee. As determined by the Committee, in its sole discretion, at or after grant, payment in full or in part may be made at the election of the Optionee (i) in the form of Stock owned by the Optionee (based on the Fair Market Value of the Stock which is not the subject of any pledge or security interest, (ii) in the form of shares of Stock withheld by the Company from the shares of Stock otherwise to be received with such withheld shares of Stock having a Fair Market Value equal to the exercise price of the Option, or (iii) by a combination of the foregoing, such Fair Market Value determined by applying the principles set forth in Section 5(a), provided that the combined value of all cash and cash equivalents and the Fair Market Value of any shares surrendered

to the Company is at least equal to such exercise price and except with respect to (ii) above, such method of payment will not cause a disqualifying disposition of all or a portion of the Stock received upon exercise of an Incentive Option. An Optionee shall have the right to dividends and other rights of a stockholder with respect to shares of Stock purchased upon exercise of an Option at such time as the Optionee (i) has given written notice of exercise and has paid in full for such shares, and (ii) has satisfied such conditions that may be imposed by the Company with respect to the withholding of taxes.

(e) Non-transferability of Options. Options are not transferable and may be exercised solely by the Optionee during his lifetime or after his death by the person or persons entitled thereto under his will or the laws of descent and distribution. The Committee, in its sole discretion, may permit a transfer of a Nonqualified Option to (i) a trust for the benefit of the Optionee, (ii) a member of the Optionee's immediate family (or a trust for his or her benefit) or (iii) pursuant to a domestic relations order. Any attempt to transfer, assign, pledge or otherwise dispose of, or to subject to execution, attachment or similar process, any Option contrary to the provisions hereof shall be void and ineffective and shall give no right to the purported transferee.

(f) Termination by Death. Unless otherwise determined by the Committee, if any Optionee's employment with or service to the Company or any Subsidiary terminates by reason of death, the Option may thereafter be exercised, to the extent then exercisable (or on such accelerated basis as the Committee shall determine at or after grant), by the legal representative of the estate or by the legatee of the Optionee under the will of the Optionee, for a period of one (1) year after the date of such death (or, if later, such time as the Option may be exercised pursuant to Section 14(d) hereof) or until the expiration of the stated term of such Option as provided under the Plan, whichever period is shorter.

(g) Termination by Reason of Disability. Unless otherwise determined by the Committee, if any Optionee's employment with or service to the Company or any Subsidiary terminates by reason of Disability (as defined below), then any Option held by such Optionee may thereafter be exercised, to the extent it was exercisable at the time of termination due to Disability (or on such accelerated basis as the Committee shall determine at or after grant), but may not be exercised after one (1) year after the date of such termination of employment or service (or, if later, such time as the Option may be exercised pursuant to Section 14(d) hereof) or the expiration of the stated term of such Option, whichever period is shorter; provided, however, that, if the Optionee dies within such ninety (90) day period, any unexercised Option held by such Optionee shall thereafter be exercisable to the extent to which it was exercisable at the time of death for a period of one (1) year after the date of such death (or, if later, such time as the Option may be exercised pursuant to Section 14(d) hereof) or for the stated term of such Option, whichever period is shorter. "Disability" shall mean an Optionee's total and permanent disability; *provided*, that if Disability is defined in an employment agreement between the Company and the relevant Optionee, then, with respect to such Optionee, Disability shall have the meaning ascribed to it in such employment agreement

(h) Termination by Reason of Retirement. Unless otherwise determined by the Committee, if any Optionee's employment with or service to the Company or any Subsidiary terminates by reason of Normal or Early Retirement (as such terms are defined below), any Option held by such Optionee may thereafter be exercised to the extent it was exercisable at the time of such Retirement (or on such accelerated basis as the Committee shall determine at or after grant), but may not be exercised after ninety (90) days after the date of such termination of employment or service (or, if later, such time as the Option may be exercised pursuant to Section 14(d) hereof) or the expiration of the stated term of such Option, whichever date is earlier; provided, however, that, if the Optionee dies within such ninety (90) day period, any unexercised Option held by such Optionee shall thereafter be exercisable, to the extent to which it was exercisable at the time of death, for a period of one (1) year after the date of such death (or, if later, such time as the Option may be exercised pursuant to Section 14(d) hereof) or for the stated term of such Option, whichever period is shorter.

For purposes of this paragraph (h), "Normal Retirement" shall mean retirement from active employment with the Company or any Subsidiary on or after the normal retirement date specified in the applicable Company or Subsidiary pension plan or if no such pension plan, age 65, and "Early Retirement" shall mean retirement from active employment with the Company or any Subsidiary pursuant to the early retirement provisions of the applicable Company or Subsidiary pension plan or if no such pension plan, age 55.

(i) Other Terminations. Unless otherwise determined by the Committee upon grant, if any Optionee's employment with or service to the Company or any Subsidiary is terminated by such Optionee for any reason other than death, Disability, Normal or Early Retirement or Good Reason (as defined below), the Option shall thereupon terminate, except that the portion of any Option that was exercisable on the date of such termination of employment or service may be exercised for the lesser of ninety (90) days after the date of termination (or, if later, such time as the Option may be exercised pursuant to Section 14(d) hereof) or the balance of such Option's term, whichever period is shorter. The transfer of an Optionee from the employ of or service to the Company to the employ of or service to a Subsidiary, or vice versa, or from one Subsidiary to another, shall not be deemed to constitute a termination of employment or service for purposes of the Plan.

(i) In the event that the Optionee's employment or service with the Company or any Subsidiary is terminated by the Company or such Subsidiary for "cause" any unexercised portion of any Option shall immediately terminate in its entirety. For purposes hereof, unless otherwise defined in an employment agreement between the Company and the relevant Optionee, "Cause" shall exist upon a good-faith determination by the Board, following a hearing before the Board at which an Optionee was represented by counsel and given an opportunity to be heard, that such Optionee has been accused of fraud, dishonesty or act detrimental to the interests of the Company or any Subsidiary of Company or that such Optionee has been accused of or convicted of an act of willful and material embezzlement or fraud against the Company or of a felony under any state or federal statute; provided, however, that it is specifically understood that "Cause" shall not include any act of commission or omission in the good-faith exercise of such Optionee's business judgment as a director, officer or employee of the Company, as the case may be, or upon the advice of counsel to the Company. Notwithstanding the foregoing, if Cause is defined in an employment agreement between the Company and the relevant Optionee, then, with respect to such Optionee, Cause shall have the meaning ascribed to it in such employment agreement.

(ii) In the event that an Optionee is removed as a director, officer or employee by the Company at any time other than for "Cause" or resigns as a director, officer or employee for "Good Reason" the Option granted to such Optionee may be exercised by the Optionee, to the extent the Option was exercisable on the date such Optionee ceases to be a director, officer or employee. Such Option may be exercised at any time within one (1) year after the date the Optionee ceases to be a director, officer or employee (or, if later, such time as the Option may be exercised pursuant to Section 14(d) hereof), or the date on which the Option otherwise expires by its terms; which ever period is shorter, at which time the Option shall terminate; provided, however, if the Optionee dies before the Options terminate and are no longer exercisable, the terms and provisions of Section 5(f) shall control. For purposes of this Section 5(i), and unless otherwise defined in an employment agreement between the Company and the relevant Optionee, Good Reason shall exist upon the occurrence of the following:

- (A) the assignment to Optionee of any duties inconsistent with the position in the Company that Optionee held immediately prior to the assignment;
- (B) a Change of Control resulting in a significant adverse alteration in the status or conditions of Optionee's participation with the Company or other nature of Optionee's responsibilities from those in effect prior to such Change of Control, including any significant alteration in Optionee's responsibilities immediately prior to such Change in Control; and
- (C) the failure by the Company to continue to provide Optionee with benefits substantially similar to those enjoyed by Optionee prior to such failure.

Notwithstanding the foregoing, if Good Reason is defined in an employment agreement between the Company and the relevant Optionee, then, with respect to such Optionee, Good Reason shall have the meaning ascribed to it in such employment agreement.

(j) Limit on Value of Incentive Option. The aggregate Fair Market Value, determined as of the date the Incentive Option is granted, of Stock for which Incentive Options are exercisable for the first time by any Optionee during any calendar year under the Plan (and/or any other stock option plans of the Company or any Subsidiary) shall not exceed \$100,000.

## 6. **Terms and Conditions of Restricted Stock.**

Restricted Stock may be granted under this Plan aside from, or in association with, any other award and shall be subject to the following conditions and shall contain such additional terms and conditions (including provisions relating to the acceleration of vesting of Restricted Stock upon a Change of Control), not inconsistent with the terms of the Plan, as the Committee shall deem desirable:

(a) Grantee rights. A Grantee shall have no rights to an award of Restricted Stock unless and until Grantee accepts the award within the period prescribed by the Committee and, if the Committee shall deem desirable, makes payment to the Company in cash, or by check or such other instrument as may be acceptable to the Committee. After acceptance and issuance of a certificate or certificates, as provided for below, the Grantee shall have the rights of a stockholder with respect to Restricted Stock subject to the non-transferability and forfeiture restrictions described in Section 6(d) below.

(b) Issuance of Certificates. The Company shall issue in the Grantee's name a certificate or certificates for the shares of Common Stock associated with the award promptly after the Grantee accepts such award.

(c) Delivery of Certificates. Unless otherwise provided, any certificate or certificates issued evidencing shares of Restricted Stock shall not be delivered to the Grantee until such shares are free of any restrictions specified by the Committee at the time of grant.

(d) Forfeitability, Non-transferability of Restricted Stock. Shares of Restricted Stock are forfeitable until the terms of the Restricted Stock grant have been satisfied. Shares of Restricted Stock are not transferable until the date on which the Committee has specified such restrictions have lapsed. Unless otherwise provided by the Committee at or after grant, distributions in the form of dividends or otherwise of additional shares or property in respect of shares of Restricted Stock shall be subject to the same restrictions as such shares of Restricted Stock.

(e) Change of Control. Upon the occurrence of a Change in Control as defined in Section 5(c), the Committee may accelerate the vesting of outstanding Restricted Stock, in whole or in part, as determined by the Committee, in its sole discretion.

(f) Termination of Employment. Unless otherwise determined by the Committee at or after grant, in the event the Grantee ceases to be an employee or otherwise associated with the Company for any other reason, all shares of Restricted Stock theretofore awarded to him which are still subject to restrictions shall be forfeited and the Company shall have the right to complete the blank stock power. The Committee may provide (on or after grant) that restrictions or forfeiture conditions relating to shares of Restricted Stock will be waived in whole or in part in the event of termination resulting from specified causes, and the Committee may in other cases waive in whole or in part restrictions or forfeiture conditions relating to Restricted Stock.

#### **7. Term of Plan.**

No Option or award of Restricted Stock shall be granted pursuant to the Plan on or after the date which is ten years from the effective date of the Plan, but Options and awards of Restricted Stock theretofore granted may extend beyond that date.

#### **8. Capital Change of the Company.**

In the event of any merger, reorganization, consolidation, recapitalization, stock dividend, or other change in corporate structure affecting the Stock, the Committee shall make an appropriate and equitable adjustment in the number and kind of shares reserved for issuance under the Plan and in the number and option price of shares subject to outstanding Options granted under the Plan, to the end that after such event each Optionee's proportionate interest shall be maintained (to the extent possible) as immediately before the occurrence of such event. The Committee shall, to the extent feasible, make such other adjustments as may be required under the tax laws so that any Incentive Options previously granted shall not be deemed modified within the meaning of Section 424(h) of the Code. Appropriate adjustments shall also be made in the case of outstanding Restricted Stock granted under the Plan.

The adjustments described above will be made only to the extent consistent with continued qualification of the Option under Section 422 of the Code (in the case of an Incentive Option) and Section 409A of the Code.

#### **9. Purchase for Investment/Conditions.**

Unless the Options and shares covered by the Plan have been registered under the Securities Act of 1933, as amended (the "Securities Act"), or the Company has determined that such registration is unnecessary, each person exercising or receiving Options or Restricted Stock under the Plan may be required by the Company to give a representation in writing that he is acquiring the securities for his own account for investment and not with a view to, or for sale in connection with, the distribution of any part thereof. The Committee may impose any additional or further restrictions on awards of Options or Restricted Stock as shall be determined by the Committee at the time of award.

#### **10. Taxes.**

(a) The Company may make such provisions as it may deem appropriate, consistent with applicable law, in connection with any Options or Restricted Stock granted under the Plan with respect to the withholding of any taxes (including income or employment taxes) or any other tax matters.

(b) If any Grantee, in connection with the acquisition of Restricted Stock, makes the election permitted under Section 83(b) of the Code (that is, an election to include in gross income in the year of transfer the amounts specified in Section 83(b)), such Grantee shall notify the Company of the election with the Internal Revenue Service pursuant to regulations issued under the authority of Code Section 83(b).

(c) If any Grantee shall make any disposition of shares of Stock issued pursuant to the exercise of an Incentive Option under the circumstances described in Section 421(b) of the Code (relating to certain disqualifying dispositions), such Grantee shall notify the Company of such disposition within ten (10) days hereof.

#### 11. **Effective Date of Plan.**

The Plan shall be effective on May 12, 2011; provided, however, that if, and only if, certain options are intended to qualify as Incentive Stock Options, the Plan must subsequently be approved by majority vote of the Company's stockholders no later than May 12, 2012, and further, that in the event certain Option grants hereunder are intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, the requirements as to stockholder approval set forth in Section 162(m) of the Code are satisfied.

#### 12. **Amendment and Termination.**

The Board may amend, suspend, or terminate the Plan, except that no amendment shall be made that would impair the rights of any Participant under any Option or Restricted Stock theretofore granted without the Participant's consent, and except that no amendment shall be made which, without the approval of the stockholders of the Company would:

- (a) materially increase the number of shares that may be issued under the Plan, except as is provided in Section 8;
- (b) materially increase the benefits accruing to the Participants under the Plan;
- (c) materially modify the requirements as to eligibility for participation in the Plan;
- (d) decrease the exercise price of an Incentive Option to less than 100% of the Fair Market Value per share of Stock on the date of grant thereof or the exercise price of a Nonqualified Option to less than 100% of the Fair Market Value per share of Stock on the date of grant thereof; or
- (e) extend the term of any Option beyond that provided for in Section 5(b).
- (f) except as otherwise provided in Sections 5(d) and 8 hereof, reduce the exercise price of outstanding Options or effect repricing through cancellations and re-grants of new Options.

Subject to the forgoing, the Committee may amend the terms of any Option theretofore granted, prospectively or retrospectively, but no such amendment shall impair the rights of any Optionee without the Optionee's consent.

It is the intention of the Board that the Plan comply strictly with the provisions of Section 409A of the Code and Treasury Regulations and other Internal Revenue Service guidance promulgated thereunder (the "Section 409A Rules") and the Committee shall exercise its discretion in granting awards hereunder (and the terms of such awards), accordingly. The Plan and any grant of an award hereunder may be amended from time to time (without, in the case of an award, the consent of the Participant) as may be necessary or appropriate to comply with the Section 409A Rules.

#### 13. **Government Regulations.**

The Plan, and the grant and exercise of Options or Restricted Stock hereunder, and the obligation of the Company to sell and deliver shares under such Options and Restricted Stock shall be subject to all applicable laws, rules and regulations, and to such approvals by any governmental agencies, national securities exchanges and interdealer quotation systems as may be required.

#### 14. **General Provisions.**

(a) Certificates. All certificates for shares of Stock delivered under the Plan shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations and other requirements

of the Securities and Exchange Commission, or other securities commission having jurisdiction, any applicable Federal or state securities law, any stock exchange or interdealer quotation system upon which the Stock is then listed or traded and the Committee may cause a legend or legends to be placed on any such certificates to make appropriate reference to such restrictions.

(b) Employment Matters. Neither the adoption of the Plan nor any grant or award under the Plan shall confer upon any Participant who is an employee of the Company or any Subsidiary any right to continued employment or, in the case of a Participant who is a director, continued service as a director, with the Company or a Subsidiary, as the case may be, nor shall it interfere in any way with the right of the Company or any Subsidiary to terminate the employment of any of its employees, the service of any of its directors or the retention of any of its consultants or advisors at any time.

(c) Limitation of Liability. No member of the Committee, or any officer or employee of the Company acting on behalf of the Committee, shall be personally liable for any action, determination or interpretation taken or made in good faith with respect to the Plan, and all members of the Committee and each and any officer or employee of the Company acting on their behalf shall, to the extent permitted by law, be fully indemnified and protected by the Company in respect of any such action, determination or interpretation.

(d) Registration of Stock. Notwithstanding any other provision in the Plan, no Option may be exercised unless and until the Stock to be issued upon the exercise thereof has been registered under the Securities Act and applicable state securities laws, or are, in the opinion of counsel to the Company, exempt from such registration in the United States. The Company shall not be under any obligation to register under applicable federal or state securities laws any Stock to be issued upon the exercise of an Option granted hereunder in order to permit the exercise of an Option and the issuance and sale of the Stock subject to such Option, although the Company may in its sole discretion register such Stock at such time as the Company shall determine. If the Company chooses to comply with such an exemption from registration, the Stock issued under the Plan may, at the direction of the Committee, bear an appropriate restrictive legend restricting the transfer or pledge of the Stock represented thereby, and the Committee may also give appropriate stop transfer instructions with respect to such Stock to the Company's transfer agent.

#### 15. **Non-Uniform Determinations.**

The Committee's determinations under the Plan, including, without limitation, (i) the determination of the Participants to receive awards, (ii) the form, amount and timing of such awards, (iii) the terms and provisions of such awards and (iv) the agreements evidencing the same, need not be uniform and may be made by it selectively among Participants who receive, or who are eligible to receive, awards under the Plan, whether or not such Participants are similarly situated.

#### 16. **Governing Law.**

The validity, construction, and effect of the Plan and any rules and regulations relating to the Plan shall be determined in accordance with the internal laws of the State of Nevada, without giving effect to principles of conflicts of laws, and applicable federal law.

## BUSINESS FINANCING AGREEMENT

Borrower: IZEA, Inc.  
150 North Orange Avenue, Suite 412  
Orlando, FL 32801

Lender: BRIDGE BANK, National Association  
55 Almaden Boulevard, Suite 100  
San Jose, CA 95113

This BUSINESS FINANCING AGREEMENT, dated as of March 1, 2013, is made and entered into between BRIDGE BANK, NATIONAL ASSOCIATION ("**Lender**") and IZEA, Inc., a Nevada corporation ("**Borrower**") on the following terms and conditions:

1. **Financed Receivables.**
  1. **Funding Requests.** Borrower may request that Lender finance Receivables by delivering to Lender a Funding Request for the Receivables for which a request for financing is made. Lender shall be entitled to rely on all the information provided by Borrower to Lender on or with the Funding Request. The Lender may honor Funding Requests, instructions or repayments given by the Borrower (if an individual) or by an Authorized Person.
  2. **Acceptance of Receivables.** Upon acceptance by Lender of any Receivable described in a Funding Request, Lender shall make an Advance to Borrower in an amount up to the Advance Rate multiplied by the Receivable Amount of such Receivable. Upon Lender's acceptance of the Receivable and payment to Borrower of the Advance, the Receivable shall become a "Financed Receivable." It shall be a condition to each Advance that (a) all of the representations and warranties set forth in Section 5 are true and correct on the date of such Advance as though made at and as of each such date and (b) no Default has occurred and is continuing, or would result from such Advance. Lender has no obligation to finance any Receivable and may exercise its sole discretion in determining whether any Receivable is an Eligible Receivable before financing such Receivable. In no event shall the Lender be obligated to make any Advance that results in an Overadvance or while any Overadvance is outstanding.
  3. **Rights in Respect of Financed Receivables.** Effective upon Lender's payment of an Advance, Lender shall have the exclusive right to receive all Collections on the Financed Receivable. Lender shall have, with respect to any goods related to the Financed Receivable, all the rights and remedies of an unpaid seller under the California Uniform Commercial Code and other applicable law, including the rights of replevin, claim and delivery, reclamation and stoppage in transit.
  4. **Reserve.** The Reserve is a book balance maintained on the records of Lender and shall not be a segregated fund and is not the property of Borrower.
  5. **Due Diligence.** Lender may audit Borrower's Receivables and any and all records pertaining to the Collateral, at Lender's sole discretion and at Borrower's expense. Lender may at any time and from time to time contact Account Debtors and other persons obligated or knowledgeable in respect of Receivables to confirm the Receivable Amount of such Receivables, to determine whether Receivables constitute Eligible Receivables, and for any other purpose in connection with this Agreement. If any of the Collateral or Borrower's books or records pertaining to the Collateral are in the possession of a third party, Borrower authorizes that third party to permit Lender or its agents to have access to perform inspections or audits thereof and to respond to Lender's requests for information concerning such Collateral and records.
2. **Collections, Charges and Remittances.**
  1. **Collections.** Subject to the Lender's timely receipt of accurate application instructions from the Borrower with respect to the source and application of Collections, Lender shall credit to Collections with respect to Financed Receivables received by Lender to Borrower's Account Balance within three business days of the date good funds are received. If no Default has occurred and is continuing, Lender agrees to credit the Refundable Reserve with the amount of Collections it receives with respect to Receivables other than Financed Receivables; provided that upon the occurrence and during the continuance of any Default, Lender may apply all Collections to the Obligations in such order and manner as Lender may determine. Lender has no duty to do any act other than to turnover such amounts as required above. If an item of Collections is not honored or Lender does not receive good funds for any reason, the amount shall be included in the Account Balance as if the Collections had not been received and Finance Charges shall accrue thereon.
  2. **Financed Receivables Activity Report.** Within 15 days after the end of each Monthly Period, Lender shall send to Borrower a report covering the transactions for that Monthly Period, including the amount of all Financed Receivables, all Collections, Adjustments, Finance Charges, and other fees and charges. The accounting shall be deemed correct and conclusive unless Borrower makes written objection to Lender within 30 days after the Lender sends the accounting to Borrower.
  3. **Reconciliations.** Unless a Default has occurred and is continuing, Lender shall refund to Borrower after each Month End, the Refundable Reserve, if positive, calculated for such Month End, subject to Lender's rights under Section 3.3 and Lender's rights of offset and recoupment. If the Refundable Reserve is negative, Borrower shall immediately pay such amount in the same manner as set forth in Section 3.3 for Overadvances.

4. **Adjustments.** In the event of a breach of Sections 5 or 6, or in the event any Adjustment or dispute is asserted by any Account Debtor, Borrower shall promptly advise Lender and shall, subject to the Lender's approval, resolve such disputes and advise Lender of any Adjustments; provided that in no case will the aggregate Adjustments made with respect to any Financed Receivable exceed 2% of its original Receivable Amount unless Borrower has obtained the prior written consent of Lender. Unless the Advance for the disputed Financed Receivable is repaid in full, Lender shall have the right, at any time, to take possession of any rejected, returned, or recovered personal property. If such possession is not taken by Lender, Borrower is to resell it for Lender's account at Borrower's expense with the proceeds made payable to Lender. While Borrower retains possession of any returned goods, Borrower shall segregate said goods and mark them as property of Lender.
5. **Remittances; Lockbox Account Collection Services.** Borrower shall (i) immediately notify, transfer and deliver to Lender all Collections Borrower receives, (ii) deliver to Lender a detailed cash receipts journal on Friday of each week until the lockbox is operational, and (iii) immediately enter into a collection services agreement acceptable to Lender (the "**Lockbox Agreement**"). Borrower shall use the lockbox address as the remit to and payment address for all of Borrower's Collections and it will be considered an immediate Event of Default if this does not occur or the lockbox is not operational within 60 days of the date of this Agreement. All Collections received to the lockbox or otherwise received by Lender will be deposited to a non-interest bearing cash collateral account maintained with Lender and Borrower will not have access to that account.
3. **Recourse and Overadvances.**
  1. **Recourse.** Advances and the other Obligations shall be with full recourse against Borrower. If any Advance is not repaid in full within 90 days from the earlier of (a) invoice date, or (b) the date on which such Advance is made, Borrower shall immediately pay the outstanding amount thereof to Lender.
  2. **Overadvances.** Upon any occurrence of an Overadvance, Borrower shall immediately pay down the Advances so that, after giving effect to such payments, no Overadvance exists.
  3. **Borrower's Payment.** When any Overadvance or other amount owing to Lender becomes due, Lender shall inform Borrower of the manner of payment which may be any one or more of the following in Lender's sole discretion: (a) in cash immediately upon demand therefore; (b) by delivery of substitute invoices and a Funding Request acceptable to Lender which shall thereupon become Financed Receivables; (c) by deduction from or offset against the Refundable Reserve that would otherwise be due and payable to Borrower; (d) by deduction from or offset against the amount that otherwise would be forwarded to Borrower in respect of any further Advances that may be made by Lender; or (e) by any combination of the foregoing as Lender may from time to time choose.
4. **Fees and Finance Charges.**
  1. **Finance Charges.** Lender may, but is not required to, deduct the amount of accrued Finance Charge from Collections received by Lender. On each Month End Borrower shall pay to Lender any accrued and unpaid Finance Charge as of such Month End. Lender may deduct the accrued Finance Charges in calculating the Refundable Reserve.
  2. **Fees.**
    - (a) **Processing Fee.** At the time each Advance is made, Borrower shall pay to Lender the Processing Fee with respect to such Advance.
    - (b) **Termination Fee.** In the event this Agreement is terminated by Borrower for any reason, or by Lender due to an Event of Default, prior to the first anniversary of the date of this Agreement, Borrower shall pay the Termination Fee to Lender.
    - (c) **Facility Fee.** Borrower shall pay the Facility Fee to Lender promptly upon the execution of this Agreement and annually thereafter.
    - (d) **Recovery Fee.** If Borrower fails to remit any Collections to Lender as provided in Section 2.5, Borrower shall in each case pay to Lender the Recovery Fee for such Collections.
    - (e) **Due Diligence Fee.** Borrower shall pay the Due Diligence Fee to Lender promptly upon the execution of this Agreement and annually thereafter.
5. **Representations and Warranties.** Borrower represents and warrants:
  1. With respect to each Financed Receivable:
    - (a) It is the owner with legal right to sell, transfer and assign it;
    - (b) The correct Receivable Amount is on the Funding Request and is not disputed;
    - (c) Such Financed Receivable is an Eligible Receivable;
    - (d) Lender has the right to endorse and/or require Borrower to endorse all payments received on Financed Receivables and all proceeds of Collateral; and
    - (e) No representation, warranty or other statement of Borrower in any certificate or written statement given to Lender contains any untrue statement of a material fact or omits to state a material fact necessary to make the statement contained in the certificates or statement not misleading.

2. Borrower is duly existing and in good standing in its state of formation and qualified and licensed to do business in, and in good standing in, any state in which the conduct of its business or its ownership of property requires that it be qualified.
  3. The execution, delivery and performance of this Agreement has been duly authorized, and does not conflict with Borrower's organizational documents, nor constitute an Event of Default under any material agreement by which Borrower is bound. Borrower is not in default under any agreement to which or by which it is bound.
  4. Borrower has good title to the Collateral and all inventory is in all material respects of good and marketable quality, free from material defects.
  5. Borrower's name, form of organization, chief executive office, and the place where the records concerning all Financed Receivables and Collateral are kept is set forth at the beginning of this Agreement, Borrower is located at its address for notices set forth in this Agreement.
  6. If Borrower owns, holds or has any interest in, any copyrights (whether registered, or unregistered), patents or trademarks, and licenses of any of the foregoing, such interest has been specifically disclosed and identified to Lender in writing.
6. **Miscellaneous Provisions.** Borrower will:
1. Maintain its corporate existence and good standing in its jurisdictions of incorporation and maintain its qualification to do business in each jurisdiction necessary to Borrower's business or operations.
  2. Give Lender at least 30 days prior written notice of changes to its name, organization, chief executive office or location of records.
  3. Pay all its taxes including gross payroll, withholding and sales taxes when due and will deliver satisfactory evidence of payment to Lender if requested.
  4. If requested, provide to Lender a written report within 10 days, if payment of any Financed Receivable does not occur by its due date and include the reasons for the delay.
  5. If applicable, give Lender copies of all Forms 10-K, 10-Q and 8-K (or equivalents) within 5 days of filing with the Securities and Exchange Commission, while any Financed Receivable is outstanding.
  6. Execute any further instruments and take further action as Lender requests to perfect or continue Lender's security interest in the Collateral or to affect the purposes of this Agreement.
  7. Provide Lender with a Compliance Certificate no later than 30 days following each month end or as requested by Lender.
  8. Immediately notify, transfer and deliver to Lender all Collections Borrower receives.
  9. Not create, incur, assume, or be liable for any indebtedness, other than Permitted Indebtedness.
  10. Immediately notify Lender if Borrower hereafter obtains any interest in any copyrights, patents, trademarks or licenses that are significant in value or are material to the conduct of its business or the value of any Financed Receivable.
  11. At all times when any Advances are outstanding or upon request, provide to Lender no later than 30 days after the end of each month the following with respect to Borrower's financial condition and results of operations for such month and the period then ending: balance sheet, income statement, statement of cash flows, accounts payable aging, deferred revenue report, and such other matters as Lender may request.
  12. At all times when any Advances are outstanding or upon request, provide to Lender within 5 days of the 15<sup>th</sup> and last day of each month, a report of accounts receivable aging.
  13. Within 180 days of the fiscal year end, the annual financial statements of Borrower, certified and dated by an authorized financial officer. These financial statements must be audited (with an opinion satisfactory to the Lender) by a Certified Public Accountant acceptable to Lender. The statements shall be prepared on a consolidated basis.
  14. Financial projections covering a time period acceptable to Lender and specifying the assumptions used in creating the projections. An annual operating budget shall in any case be provided to Lender no later than 30 days after the beginning of each fiscal year.
  15. Maintain its all depository and operating accounts with Lender, provided however, Borrower may maintain (i) a disbursement account with Paypal with an aggregate balance not to exceed \$100,000 at any time, and (ii) an operating account with CNL Bank with an aggregate balance not to exceed \$10,000 (together, the "Permitted Accounts"). Borrower shall provide to Lender no later than 30 days after the end of each month, the monthly statements and such other reports related to the Permitted Accounts as Lender may request in its sole discretion.
  16. Provide to Lender promptly upon the execution hereof, the following documents which shall be in form satisfactory to Lender: (i) a warrant to purchase a number of shares of Borrower's common stock, (ii) an account control agreement in favor of Lender for the operating account maintained at CNL Bank, and (iii) a subordination agreement by Michael Brauser and Barry Honig in favor of Lender.
  17. Promptly provide to Lender such additional information and documents regarding the finances, properties, business or books and records of Borrower or any guarantor or any other obligor as Lender may request.
7. **Security Interest.** To secure the prompt payment and performance to Lender of all of the Obligations, Borrower hereby grants to Lender a continuing security interest in the Collateral. Borrower is not authorized to sell, assign, transfer or otherwise convey any Collateral without Lender's prior written consent, except for the sale of finished inventory in the Borrower's usual course of business. Borrower agrees to sign any instruments and documents requested by Lender to evidence, perfect, or protect the interests of Lender in the Collateral. Borrower agrees to deliver to Lender the originals

of all instruments, chattel paper and documents evidencing or related to Financed Receivables and Collateral. Borrower shall not grant or permit any lien or security in the Collateral or any interest therein other than Permitted Liens.

8. **Power of Attorney.** Borrower irrevocably appoints Lender and its successors and as true and lawful attorney in fact, and authorizes Lender (a) to, whether or not there has been an Event of Default, (i) demand, collect, receive, sue, and give releases to any Account Debtor for the monies due or which may become due upon or with respect to the Receivables and to compromise, prosecute, or defend any action, claim, case or proceeding relating to the Receivables, including the filing of a claim or the voting of such claims in any bankruptcy case, all in Lender's name or Borrower's name, as Lender may choose; (ii) prepare, file and sign Borrower's name on any notice, claim, assignment, demand, draft, or notice of or satisfaction of lien or mechanics' lien or similar document; (iii) notify all Account Debtors with respect to the Receivables to pay Lender directly; (iv) receive and open all mail addressed to Borrower for the purpose of collecting the Receivables; (v) endorse Borrower's name on any checks or other forms of payment on the Receivables; (vi) execute on behalf of Borrower any and all instruments, documents, financing statements and the like to perfect Lender's interests in the Receivables and Collateral; (vii) debit any Borrower's deposit accounts maintained with Lender for any and all Obligations due under this Agreement; and (viii) do all acts and things necessary or expedient, in furtherance of any such purposes, and (b) to, upon the occurrence and during the continuance of an Event of Default, sell, assign, transfer, pledge, compromise, or discharge the whole or any part of the Receivables. Upon the occurrence and continuation of an Event of Default, all of the power of attorney rights granted by Borrower to Lender hereunder shall be applicable with respect to all Receivables and all Collateral.
9. **Default and Remedies.**
  1. **Events of Default.** The occurrence of any one or more of the following shall constitute an Event of Default hereunder.
    - (a) **Failure to Pay.** Borrower fails to make a payment when due under this Agreement.
    - (b) **Lien Priority.** Lender fails to have an enforceable first lien (except for any prior liens to which Lender has consented in writing) on or security interest in the Collateral.
    - (c) **False Information.** Borrower (or any guarantor) has given Lender any materially false or misleading information or representations or has failed to disclose any material fact relating to the subject matter of this Agreement.
    - (d) **Death.** Borrower or any guarantor dies or becomes legally incompetent, or if Borrower is a partnership, any general partner dies or becomes legally incompetent.
    - (e) **Bankruptcy.** Borrower (or any guarantor) files a bankruptcy petition, a bankruptcy petition is filed against Borrower (or any guarantor) or Borrower (or any guarantor) makes a general assignment for the benefit of creditors.
    - (f) **Receivers.** A receiver or similar official is appointed for a substantial portion of Borrower's (or any guarantor's) business, or the business is terminated.
    - (g) **Judgments.** Any judgments or arbitration awards are entered against Borrower (or any guarantor), or Borrower (or any guarantor) enters into any settlement agreements with respect to any litigation or arbitration and the aggregate amount of all such judgments, awards, and agreements exceeds \$50,000.
    - (h) **Material Adverse Change.** A material adverse change occurs, or is reasonably likely to occur, in Borrower's (or any guarantor's) business condition (financial or otherwise), operations, properties or prospects, or ability to repay the credit.
    - (i) **Cross-default.** Any default occurs under any agreement in connection with any credit Borrower (or any guarantor) or any of Borrower's related entities or affiliates has obtained from anyone else or which Borrower (or any guarantor) or any of Borrower's related entities or affiliates has guaranteed (other than trade amounts payable incurred in the ordinary course of business and not more than 90 days past due and specific trade amounts payable listed in Schedule A); other than (1) an unsecured Promissory Note dated May 4, 2012, in the amount of \$75,000 due to Michael Brauser and Harry Honig, and (2) trade amounts payable incurred in the ordinary course of business and not more than 90 days past due and specific trade amounts payable listed in Schedule A.
    - (j) **Default under Related Documents.** Any default occurs under any guaranty, subordination agreement, security agreement, deed of trust, mortgage, or other document required by or delivered in connection with this Agreement or any such document is no longer in effect.
    - (k) **Other Agreements.** Borrower (or any guarantor) or any of Borrower's related entities or affiliates fails to meet the conditions of, or fails to perform any obligation under any other agreement Borrower (or any guarantor) or any of Borrower's related entities or affiliates has with Lender or any affiliate of Lender.
    - (l) **Intentionally Omitted.**
    - (m) **Other Breach Under Agreement.** Borrower fails to meet the conditions of, or fails to perform any obligation under, any term of this Agreement not specifically referred to above.
  2. **Remedies.** Upon the occurrence of an Event of Default, (1) without implying any obligation to do so, Lender may cease making Advances or extending any other financial accommodations to Borrower; (2) all or a portion of the Obligations shall be, at the option of and upon demand by Lender, or with respect to an Event of Default described in Section 9.1(e), automatically and without notice or demand, due and payable in full; and (3) Lender shall have and may exercise all the rights and remedies under this Agreement and under applicable law, including the rights and remedies of a secured party under the California Uniform Commercial Code, all the power of attorney rights

described in Section 8 with respect to all Collateral, and the right to collect, dispose of, sell, lease, use, and realize upon all Financed Receivables and all Collateral in any commercial reasonable manner.

10. **Accrual of Interest.** All interest and finance charges hereunder calculated at an annual rate shall be based on a year of 360 days, which results in a higher effective rate of interest than if a year of 365 or 366 days were used. If any amount due under Section 4.2, amounts due under Section 11, and any other Obligations not otherwise bearing interest hereunder is not paid when due, such amount shall bear interest at a per annum rate equal to the Finance Charge Percentage until the earlier of (i) payment in good funds or (ii) entry of a trial judgment thereof, at which time the principal amount of any money judgment remaining unsatisfied shall accrue interest at the highest rate allowed by applicable law.
11. **Fees, Costs and Expenses; Indemnification.** The Borrower will pay to Lender upon demand all fees, costs and expenses (including fees of attorneys and professionals and their costs and expenses) that Lender incurs or may from time to time impose in connection with any of the following: (a) preparing, negotiating, administering, and enforcing this Agreement or any other agreement executed in connection herewith, including any amendments, waivers or consents in connection with any of the foregoing, (b) any litigation or dispute (whether instituted by Lender, Borrower or any other person) in any way relating to the Financed Receivables, the Collateral, this Agreement or any other agreement executed in connection herewith or therewith, (c) enforcing any rights against Borrower or any guarantor, or any Account Debtor, (d) protecting or enforcing its interest in the Financed Receivables or the Collateral, (e) collecting the Financed Receivables and the Obligations, or (f) the representation of Lender in connection with any bankruptcy case or insolvency proceeding involving Borrower, any Financed Receivable, the Collateral, any Account Debtor, or any guarantor. Borrower shall indemnify and hold Lender harmless from and against any and all claims, actions, damages, costs, expenses, and liabilities of any nature whatsoever arising in connection with any of the foregoing.
12. **Integration, Severability Waiver, and Choice of Law FORUM AND VENUE.**
  1. This Agreement and any related security or other agreements required by this Agreement, collectively: (a) represent the sum of the understandings and agreements between Lender and Borrower concerning this credit; (b) replace any prior oral or written agreements between Lender and Borrower concerning this credit; and (c) are intended by Lender and Borrower as the final, complete and exclusive statement of the terms agreed to by them. In the event of any conflict between this Agreement and any other agreements required by this Agreement, this Agreement will prevail. If any provision of this Agreement is deemed invalid by reason of law, this Agreement will be construed as not containing such provision and the remainder of the Agreement shall remain in full force and effect. Lender retains all of its rights, even if it makes an Advance after a default. If Lender waives a default, it may enforce a later default. Any consent or waiver under, or amendment of, this Agreement must be in writing, and no such consent, waiver, or amendment shall imply any obligation by Lender to make any subsequent consent, waiver, or amendment.
  2. THIS AGREEMENT SHALL BE GOVERNED BY AND INTERPRETED IN ACCORDANCE WITH THE INTERNAL LAWS OF THE STATE OF CALIFORNIA. THE PARTIES HERETO AGREE THAT ALL ACTIONS OR PROCEEDINGS ARISING IN CONNECTION WITH THIS AGREEMENT OR ANY OTHER RELATED DOCUMENTS SHALL BE TRIED AND LITIGATED ONLY IN THE STATE AND FEDERAL COURTS LOCATED IN THE COUNTY OF SANTA CLARA, CALIFORNIA, OR, AT THE SOLE OPTION OF LENDER, IN ANY OTHER COURT IN WHICH LENDER SHALL INITIATE LEGAL OR EQUITABLE PROCEEDINGS AND WHICH HAS JURISDICTION OVER THE SUBJECT MATTER AND PARTIES IN CONTROVERSY. EACH PARTY HERETO WAIVES ANY RIGHT TO ASSERT THE DOCTRINE OF FORUM NON CONVENIENS OR TO OBJECT TO VENUE TO THE EXTENT ANY PROCEEDING IS BROUGHT IN ACCORDANCE WITH THIS SECTION AND STIPULATES THAT THE STATE AND FEDERAL COURTS LOCATED IN THE COUNTY OF SANTA CLARA, CALIFORNIA SHALL HAVE IN PERSONAM JURISDICTION AND VENUE OVER EACH SUCH PARTY FOR THE PURPOSE OF LITIGATING ANY SUCH DISPUTE, CONTROVERSY, OR PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT, OR ANY OTHER RELATED DOCUMENTS. SERVICE OF PROCESS SUFFICIENT FOR PERSONAL JURISDICTION IN ANY ACTION AGAINST THE BORROWER MAY BE MADE BY REGISTERED OR CERTIFIED MAIL, RETURN RECEIPT REQUESTED, TO ITS ADDRESS SPECIFIED FOR NOTICES PURSUANT TO SECTION 13.
13. **Notices; Telephonic and Telefax Authorizations.** All notices shall be given to Lender and Borrower at the addresses or faxes (or e-mail, if applicable) set forth on the signature page of this agreement and shall be deemed to have been delivered when actually received at the designated address. Lender may honor telephone, fax, e-mail or telefax instructions for Advances or repayments given, or purported to be given, by any one of the Authorized Persons. Borrower will indemnify and hold Lender harmless from all liability, loss, and costs in connection with any act resulting from telephone or telefax instructions Lender reasonably believes are made by any Authorized Person. This paragraph will survive this Agreement's termination, and will benefit Lender and its officers, employees, and agents.
14. **Definitions and Construction.**
  1. **Definitions.** In this Agreement:

**"Account Balance"** means at any time the aggregate of the Receivable Amounts of all Financed Receivables at such time, as reflected on the records maintained by Lender.

**"Account Debtor"** has the meaning in the California Uniform Commercial Code and includes any person liable on any Receivable, including without limitation, any guarantor of any Receivable and any issuer of a letter of credit or banker's acceptance assuring payment thereof.

**Adjustments**” means all discounts, allowances, disputes, offsets, defenses, rights of recoupment, rights of return, warranty claims, or short payments, asserted by or on behalf of any Account Debtor with respect to any Financed Receivable.

**Advance**” means as to any Receivable, the advance made by Lender to Borrower in respect of such Receivable pursuant to Section 1.2.

**Advance Rate**” means 80.00% or such greater or lesser percentage as Lender may from time to time establish in its sole discretion upon notice to Borrower.

**Agreement**” means this Business Financing Agreement.

**Authorized Person**” means any of Borrower (if an individual) or any one of the individuals authorized to sign on behalf of Borrower.

**Cash Reserve**” means for any Financed Receivable which has been paid in full during a Monthly Period, the amount by which the amount(s) paid on such Financed Receivable exceeds the Advance made on such Financed Receivable.

**Collateral**” means all of Borrower’s rights and interest in any and all personal property, whether now existing or hereafter acquired or created and wherever located, and all products and proceeds thereof and accessions thereto, including but not limited to the following (collectively, the “Collateral”): (a) all accounts (including health care insurance receivables), chattel paper (including tangible and electronic chattel paper), inventory (including all goods held for sale or lease or to be furnished under a contract for service, and including returns and repossessions), equipment (including all accessions and additions thereto), instruments (including promissory notes), investment property (including securities and securities entitlements), documents (including negotiable documents), deposit accounts, letter of credit rights, money, any commercial tort claim of Borrower which is now or hereafter identified by Borrower or Lender, general intangibles (including payment intangibles and software), goods (including fixtures) and all of Borrower’s books and records with respect to any of the foregoing, and the computers and equipment containing said books and records; and (b) any and all cash proceeds and/or noncash proceeds thereof, including without limitation, insurance proceeds, and all supporting obligations and the security therefore or for any right to payment.

**Collections**” means all payments from or on behalf of an Account Debtor with respect to Receivables.

**Compliance Certificate**” means a certificate in the form attached as Exhibit A to this Agreement by an Authorized Person that, among other things, the representations and warranties set forth in this Agreement are true and correct as of the date such certificate is delivered.

**Credit Limit**” means \$1,500,000.00, which is intended to be the maximum amount of Advances at any time outstanding.

**Default**” means any Event of Default or any event that with notice, lapse of time or otherwise would constitute an Event of Default.

**Due Diligence Fee**” means a payment of an annual fee equal to \$1,000.00 due upon the date of this Agreement and upon each anniversary thereof so long as any Advance is outstanding or available hereunder.

**Eligible Receivable**” means a Receivable that satisfies all of the following:

- (a) The Receivable has been created by Borrower in the ordinary course of Borrower’s business and without any obligation on the part of Borrower to render any further performance.
- (b) There are no conditions which must be satisfied before Borrower is entitled to receive payment of the Receivable, and the Receivable does not arise from COD sales, consignments or guaranteed sales.
- (c) The Account Debtor upon the Receivable does not claim any defense to payment of the Receivable, whether well founded or otherwise.
- (d) The Receivable is not the obligation of an Account Debtor who has asserted or may be reasonably expected to assert any counterclaims or offsets against Borrower (including offsets for any “contra accounts” owed by Borrower to the Account Debtor for goods purchased by Borrower or for services performed for Borrower).
- (e) The Receivable represents a genuine obligation of the Account Debtor and to the extent any credit balances exist in favor of the Account Debtor, such credit balances shall be deducted in calculating the Receivable Amount.

- (f) Borrower has sent an invoice to the Account Debtor in the amount of the Receivable.
- (g) Borrower is not prohibited by the laws of the state where the Account Debtor is located from bringing an action in the courts of that state to enforce the Account Debtor's obligation to pay the Receivable. Borrower has taken all appropriate actions to ensure access to the courts of the state where Account Debtor is located, including, where necessary; the filing of a Notice of Business Activities Report or other similar filing with the applicable state agency or the qualification by Borrower as a foreign corporation authorized to transact business in such state.
- (h) The Receivable is owned by Borrower free of any title defects or any liens or interests of others except the security interest in favor of Lender, and Lender has a perfected, first priority security interest in such Receivable.
- (i) The Account Debtor on the Receivable is not any of the following: (i) an employee, affiliate, parent or subsidiary of Borrower, or an entity which has common officers or directors with Borrower, (ii) the U.S. government or any agency or department of the U.S. government unless Lender agrees in writing to accept the Receivable, Borrower complies with the procedures in the Federal Assignment of Claims Act of 1940 (41 U.S.C. §15) with respect to the Receivable, and the underlying contract expressly provides that neither the U.S. government nor any agency or department thereof shall have the right of set-off against Borrower; or (iii) any person or entity located in a foreign country unless (A) the Receivable is supported by an irrevocable letter of credit issued by a bank acceptable to Lender, and if requested by Lender, the original of such letter of credit and/or any usance drafts drawn under such letter of credit and accepted by the issuing or confirming bank have been delivered to Lender, and (B) the receivable is supported by foreign credit insurance on terms and conditions acceptable to Lender.
- (j) The Receivable is not in default (a Receivable will be considered in default if any of the following occur: (i) the Receivable is not paid within 90 days from its invoice date, provided, at Lender's sole discretion, Lender may consider selected invoices aged over 90 days but not more than 120 days not in default so long as the aggregate amount of invoices aged over 90 days does not represent more than 20% of the total outstanding accounts receivable of Borrower; (ii) the Account Debtor obligated upon the Receivable suspends business, makes a general assignment for the benefit of creditors, or fails to pay its debts generally as they come due; or (iii) any petition is filed by or against the Account Debtor obligated upon the Receivable under any bankruptcy law or any other law or laws for the relief of debtors).
- (k) The Receivable does not arise from the sale of goods which remain in Borrower's possession or under Borrower's control.
- (l) The Receivable is not evidenced by a promissory note or chattel paper, nor is the Account Debtor obligated to Borrower under any other obligation which is evidenced by a promissory note.
- (m) The Receivable is otherwise acceptable to Lender.  
**"Event of Default"** has the meaning set forth in Section 9.1.

**"Facility Fee"** means a payment of an annual fee equal to 0.50 percentage points of the Credit Limit due upon the date of this Agreement and each anniversary thereof until this Agreement is terminated pursuant to Section 17 hereof.

**"Finance Charge"** means for each Monthly Period an interest amount equal to the Finance Charge Percentage of the average daily Account Balance outstanding during such Monthly Period.

**"Finance Charge Percentage"** means a rate per year equal to the Prime Rate plus 2.00 percentage points plus an additional 5.00 percentage points during any period that an Event of Default has occurred and is continuing.

**"Financed Receivable"** means a Receivable for which Lender makes an Advance pursuant to a Funding Request.

**"Formula Account Balance"** means the dollar amount resulting from dividing the Credit Limit by the Advance Rate in effect at the time of calculation.

**"Funding Request"** means a writing signed by an Authorized Person which accurately identifies the Receivables which Lender, at its election, is being requested to finance, and includes for each such Receivable the correct amount owed by the Account Debtor, the name and address of the Account Debtor, the invoice number, the invoice date and the account code in the form of the invoice schedule attached as Exhibit B hereto, together with copies of invoices and such other supporting documentation as the Lender may from time to time request.

**"Lender"** means Bridge Bank, National Association, and its successors and assigns.

**"Month End"** means the last calendar day of each Monthly Period.

**"Monthly Period"** means each calendar month.

**"Obligations"** means all liabilities and obligations of Borrower to Lender of any kind or nature, present or future, arising under or in connection with this Agreement or under any other document, instrument or agreement, whether or not evidenced by any note, guarantee or other instrument, whether arising on account or by overdraft, whether direct or indirect (including those acquired by assignment) absolute or contingent, primary or secondary, due or to become due, now owing or hereafter arising, and however acquired; including, without limitation, all Advances, Finance Charges, fees, interest, expenses, professional fees and attorneys' fees.

**"Overadvance"** means at any time an amount equal to the greater of the following amounts (if any): (a) the amount by which the total amount of the Advances exceeds the Credit Limit and (b) the amount equal to the sum of (i) the total outstanding amounts of all Advances made with respect to Receivables which were not, or have ceased to be, Eligible Receivables and (ii) the amount by which the total outstanding amount of all Advances (other than those under clause (i) above) exceeds the product of (x) the Advance Rate and (y) the total outstanding Receivable Amounts of the Eligible Receivables in respect of which such Advances were made.

**"Permitted Indebtedness"** means:

- (a) Indebtedness under this Agreement or that is otherwise owed to the Lender.
- (b) Indebtedness existing on the date hereof and specifically disclosed on a schedule to this Agreement.
- (c) Purchase money indebtedness (including capital leases) incurred to acquire capital assets in ordinary course of business and not exceeding \$75,000 in total principal amount at any time outstanding.
- (d) **Other indebtedness in an aggregate amount not to exceed \$500,000 at any time outstanding subject to written consent by Lender, provided such consent shall not be unreasonably withheld; and provided that such indebtedness is junior in priority (if secured) to the Obligations and provided that the incurrence of such Indebtedness does not otherwise cause an Event of Default hereunder.**
- (e) **Indebtedness incurred in the refinancing of any indebtedness set forth in (a) through (d) above, provided that the principal amount thereof is not increased or the terms thereof are not modified to impose more burdensome terms upon the Borrower.**
- (f) **Subordinated Debt.**

**"Permitted Liens"** means:

- (a) Liens securing any of the indebtedness described in clauses (a) through (d) of the definition of Permitted Indebtedness.
- (b) Liens for taxes, fees, assessments or other governmental charges or levies, either not delinquent or being contested in good faith by appropriate proceedings, provided the same have no priority over any of Lender's security interests.
- (c) Liens incurred in connection with the extension, renewal or refinancing of the indebtedness described in clause (e) of the definition of Permitted Indebtedness, provided that any extension, renewal or replacement lien shall be limited to the property encumbered by the existing lien and the principal amount of the indebtedness being extended, renewed or refinanced does not increase.
- (d) Liens securing Subordinated Debt.

**"Prime Rate"** means the greater of 3.25% per year or the variable per annum rate of interest most recently announced by Lender as its "Prime Rate." Lender may price loans to its customers at, above, or below the Prime Rate. Any change in the Prime Rate shall take effect at the opening of business on the day specified in the public announcement of a change in Lender's Prime Rate.

**"Processing Fee"** means a fee equal to 0.25% of the Receivable Amount of each Financed Receivable.

**"Recovery Fee"** means for each item of Collections which the Borrower has failed to remit as required by the Agreement, a fee equal to the lesser of \$5,000 or 5% of the amount of such item, but in no case less than \$1,000.

**"Receivable Amount"** means as to any Receivable, the Receivable Amount due from the Account Debtor after deducting all discounts, credits, offsets, payments or other deductions of any nature whatsoever, whether or not claimed by the Account Debtor.

**"Receivables"** means Borrower's rights to payment arising in the ordinary course of Borrower's business, including accounts, chattel paper, instruments, contract rights, documents, general intangibles, letters of credit, drafts, and bankers acceptances.

**"Refundable Reserve"** means for any Month End:

- (a) The sum of (i) the total of the Cash Reserves as to all Financed Receivables as of such Month End and (ii) the amount of Collections received by Lender during the Monthly Period with respect to Receivables other than Financed Receivables and not previously remitted to Borrower,

minus

- (b) The total for that Monthly Period ending on such Month End of:
- i. Processing Fee, Facility Fee, Due Diligence Fee, and Recovery Fees;
  - ii. Finance Charges;
  - iii. Adjustments;
  - iv. Any outstanding Overadvance Amounts;
  - v. all amounts due, including professional fees and expenses, as set forth in Section 11 for which oral or written demand has been made by Lender to Borrower during that Monthly Period to the extent Lender has agreed to accept payment thereof by deduction from the Refundable Reserve; and
  - vi. all amounts collected by Borrower on Financed Receivables during the Monthly Period and not remitted to Lender.

**“Reserve”** means as to any Financed Receivable the amount by which the Receivable Amount of the Financed Receivable exceeds the Advance on that Financed Receivable.

**“Reserve Percentage”** means 100% less the Advance Rate.

**“Subordinated Debt”** means indebtedness of Borrower that is expressly subordinated to the indebtedness of Borrower owed to Lender pursuant to a subordination agreement satisfactory in form and substance to Lender.

**“Termination Fee”** means a payment equal to 1.00 % of the Credit Limit divided by 80%.

2. **Construction:**

- (a) In this Agreement: (i) references to the plural include the singular and to the singular include the plural; (ii) references to any gender include any other gender; (iii) the terms “include” and “including” are not limiting; (iv) the term “or” has the inclusive meaning represented by the phrase “and/or,” (v) unless otherwise specified, section and subsection references are to this Agreement, and (vi) any reference to any statute, law, or regulation shall include all amendments thereto and revisions thereof.
- (b) Neither this Agreement nor any uncertainty or ambiguity herein shall be construed or resolved using any presumption against either Borrower or Lender, whether under any rule of construction or otherwise. On the contrary, this Agreement has been reviewed by each party hereto and their respective counsel. In case of any ambiguity or uncertainty, this Agreement shall be construed and interpreted according to the ordinary meaning of the words used to accomplish fairly the purposes and intentions of all parties hereto.
- (c) Titles and section headings used in this Agreement are for convenience only and shall not be used in interpreting this Agreement.

15. **Jury Trial Waiver.** THE UNDERSIGNED ACKNOWLEDGE THAT THE RIGHT TO TRIAL BY JURY IS A CONSTITUTIONAL ONE, BUT THAT IT MAY BE WAIVED UNDER CERTAIN CIRCUMSTANCES. TO THE EXTENT PERMITTED BY LAW, EACH PARTY, AFTER CONSULTING (OR HAVING HAD THE OPPORTUNITY TO CONSULT) WITH COUNSEL OF ITS, HIS OR HER CHOICE, KNOWINGLY AND VOLUNTARILY, AND FOR THE MUTUAL BENEFIT OF ALL PARTIES, WAIVES ANY RIGHT TO TRIAL BY JURY IN THE EVENT OF LITIGATION ARISING OUT OF OR RELATED TO THIS AGREEMENT OR ANY OTHER DOCUMENT, INSTRUMENT OR AGREEMENT BETWEEN THE UNDERSIGNED PARTIES.

16. **JUDICIAL REFERENCE PROVISION.**

1. In the event the Jury Trial Waiver set forth above is not enforceable, the parties elect to proceed under this Judicial Reference Provision.
2. With the exception of the items specified in Section 16.3 below, any controversy, dispute or claim (each, a **“Claim”**) between the parties arising out of or relating to this Agreement or any other document, instrument or agreement between the undersigned parties (collectively in this Section, the **“Loan Documents”**), will be resolved by a reference proceeding in California in accordance with the provisions of Sections 638 et seq. of the California Code of Civil Procedure (**“CCP”**), or their successor sections, which shall constitute the exclusive remedy for the resolution of any Claim, including whether the Claim is subject to the reference proceeding. Except as otherwise provided in the Loan Documents, venue for the reference proceeding will be in the state or federal court in the county or district where the real property involved in the action, if any, is located or in the state or federal court in the county or district where venue is otherwise appropriate under applicable law (the **“Court”**).
3. The matters that shall not be subject to a reference are the following: (i) nonjudicial foreclosure of any security interests in real or personal property, (ii) exercise of self-help remedies (including, without limitation, set-off), (iii) appointment of a receiver and (iv) temporary, provisional or ancillary remedies (including, without limitation, writs of attachment, writs of possession, temporary restraining orders or preliminary injunctions). This reference

provision does not limit the right of any party to exercise or oppose any of the rights and remedies described in clauses (i) and (ii) or to seek or oppose from a court of competent jurisdiction any of the items described in clauses (iii) and (iv). The exercise of, or opposition to, any of those items does not waive the right of any party to a reference pursuant to this reference provision as provided herein.

4. The referee shall be a retired judge or justice selected by mutual written agreement of the parties. If the parties do not agree within ten (10) days of a written request to do so by any party, then, upon request of any party, the referee shall be selected by the Presiding Judge of the Court (or his or her representative). A request for appointment of a referee may be heard on an ex parte or expedited basis, and the parties agree that irreparable harm would result if ex parte relief is not granted. Pursuant to CCP § 170.6, each party shall have one peremptory challenge to the referee selected by the Presiding Judge of the Court (or his or her representative).
5. The parties agree that time is of the essence in conducting the reference proceedings. Accordingly, the referee shall be requested, subject to change in the time periods specified herein for good cause shown, to (i) set the matter for a status and trial-setting conference within fifteen (15) days after the date of selection of the referee, (ii) if practicable, try all issues of law or fact within one hundred twenty (120) days after the date of the conference and (iii) report a statement of decision within twenty (20) days after the matter has been submitted for decision.
6. The referee will have power to expand or limit the amount and duration of discovery. The referee may set or extend discovery deadlines or cutoffs for good cause, including a party's failure to provide requested discovery for any reason whatsoever. Unless otherwise ordered based upon good cause shown, no party shall be entitled to "priority" in conducting discovery, depositions may be taken by either party upon seven (7) days written notice, and all other discovery shall be responded to within fifteen (15) days after service. All disputes relating to discovery which cannot be resolved by the parties shall be submitted to the referee whose decision shall be final and binding.
7. Except as expressly set forth herein, the referee shall determine the manner in which the reference proceeding is conducted including the time and place of hearings, the order of presentation of evidence, and all other questions that arise with respect to the course of the reference proceeding. All proceedings and hearings conducted before the referee, except for trial, shall be conducted without a court reporter, except that when any party so requests, a court reporter will be used at any hearing conducted before the referee, and the referee will be provided a courtesy copy of the transcript. The party making such a request shall have the obligation to arrange for and pay the court reporter. Subject to the referee's power to award costs to the prevailing party, the parties will equally share the cost of the referee and the court reporter at trial.
8. The referee shall be required to determine all issues in accordance with existing case law and the statutory laws of the State of California. The rules of evidence applicable to proceedings at law in the State of California will be applicable to the reference proceeding. The referee shall be empowered to enter equitable as well as legal relief, enter equitable orders that will be binding on the parties and rule on any motion which would be authorized in a court proceeding, including without limitation motions for summary judgment or summary adjudication. The referee shall issue a decision at the close of the reference proceeding which disposes of all claims of the parties that are the subject of the reference. Pursuant to CCP § 644, such decision shall be entered by the Court as a judgment or an order in the same manner as if the action had been tried by the Court and any such decision will be final, binding and conclusive. The parties reserve the right to appeal from the final judgment or order or from any appealable decision or order entered by the referee. The parties reserve the right to findings of fact, conclusions of laws, a written statement of decision, and the right to move for a new trial or a different judgment, which new trial, if granted, is also to be a reference proceeding under this provision.
9. If the enabling legislation which provides for appointment of a referee is repealed (and no successor statute is enacted), any dispute between the parties that would otherwise be determined by reference procedure will be resolved and determined by arbitration. The arbitration will be conducted by a retired judge or justice, in accordance with the California Arbitration Act §1280 through §1294.2 of the CCP as amended from time to time. The limitations with respect to discovery set forth above shall apply to any such arbitration proceeding.
10. THE PARTIES RECOGNIZE AND AGREE THAT ALL CONTROVERSIES, DISPUTES AND CLAIMS RESOLVED UNDER THIS REFERENCE PROVISION WILL BE DECIDED BY A REFEREE AND NOT BY A JURY. AFTER CONSULTING (OR HAVING HAD THE OPPORTUNITY TO CONSULT) WITH COUNSEL OF ITS, HIS OR HER OWN CHOICE, EACH PARTY KNOWINGLY AND VOLUNTARILY, AND FOR THE MUTUAL BENEFIT OF ALL PARTIES, AGREES THAT THIS REFERENCE PROVISION WILL APPLY TO ANY CONTROVERSY, DISPUTE OR CLAIM BETWEEN OR AMONG THEM ARISING OUT OF OR IN ANY WAY RELATED TO, THIS AGREEMENT OR THE OTHER LOAN DOCUMENTS.
17. **Term and Termination.** Borrower and Lender each have the right to terminate the financing of Receivables under this Agreement at any time upon notice to the other: provided that no such termination shall affect Lender's security interest in the Financed Receivables and other Collateral, and this Agreement shall continue to be effective, and the obligations of Borrower to indemnify Lender with respect to the expenses, damages, losses, costs and liabilities described in Section 11 shall survive until all applicable statute of limitations periods with respect to actions that may be brought against Lender have run, and Lender's rights and remedies hereunder shall survive any such termination, until all transactions entered into and Obligations incurred hereunder or in connection herewith have been completed and satisfied in full. Upon any such termination, Borrower shall, upon demand by Lender, immediately repay all Advances then outstanding.
18. **Other Agreements.** (i) Any security agreements, liens and/or security interests securing payment of any obligations of Borrower owing to Lender or its affiliates also secure the Obligations, and are valid and subsisting and are not adversely affected by execution of this Agreement. An Event of Default under this Agreement constitutes a default under other

outstanding agreements between Borrower and Lender or its affiliates; (ii) Lender reserves the right to issue press releases, advertisements, and other promotional materials describing any successful outcome of services provided on Borrower's behalf. Borrower agrees that Lender shall have the right to identify Borrower by name in those materials.

IN WITNESS WHEREOF, Borrower and Lender have executed this Agreement on the day and year above written.

I, Edward Murphy, certify that:

1. I have reviewed this report on Form 10-K of IZEA, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

(a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

(b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

(c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

(d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

(a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

(b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

## EXHIBIT 31.2

### Certification by Chief Financial Officer pursuant to Section 302 of Sarbanes Oxley Act of 2002

I, Donna Mackenzie, certify that:

1. I have reviewed this report on Form 10-K of IZEA, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

(a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

(b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

(c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

(d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

(a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

(b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
